[57] **CLAIM**

The ornamental design for a mirrored compartment for a vehicle, as shown and described.

**DESCRIPTION**

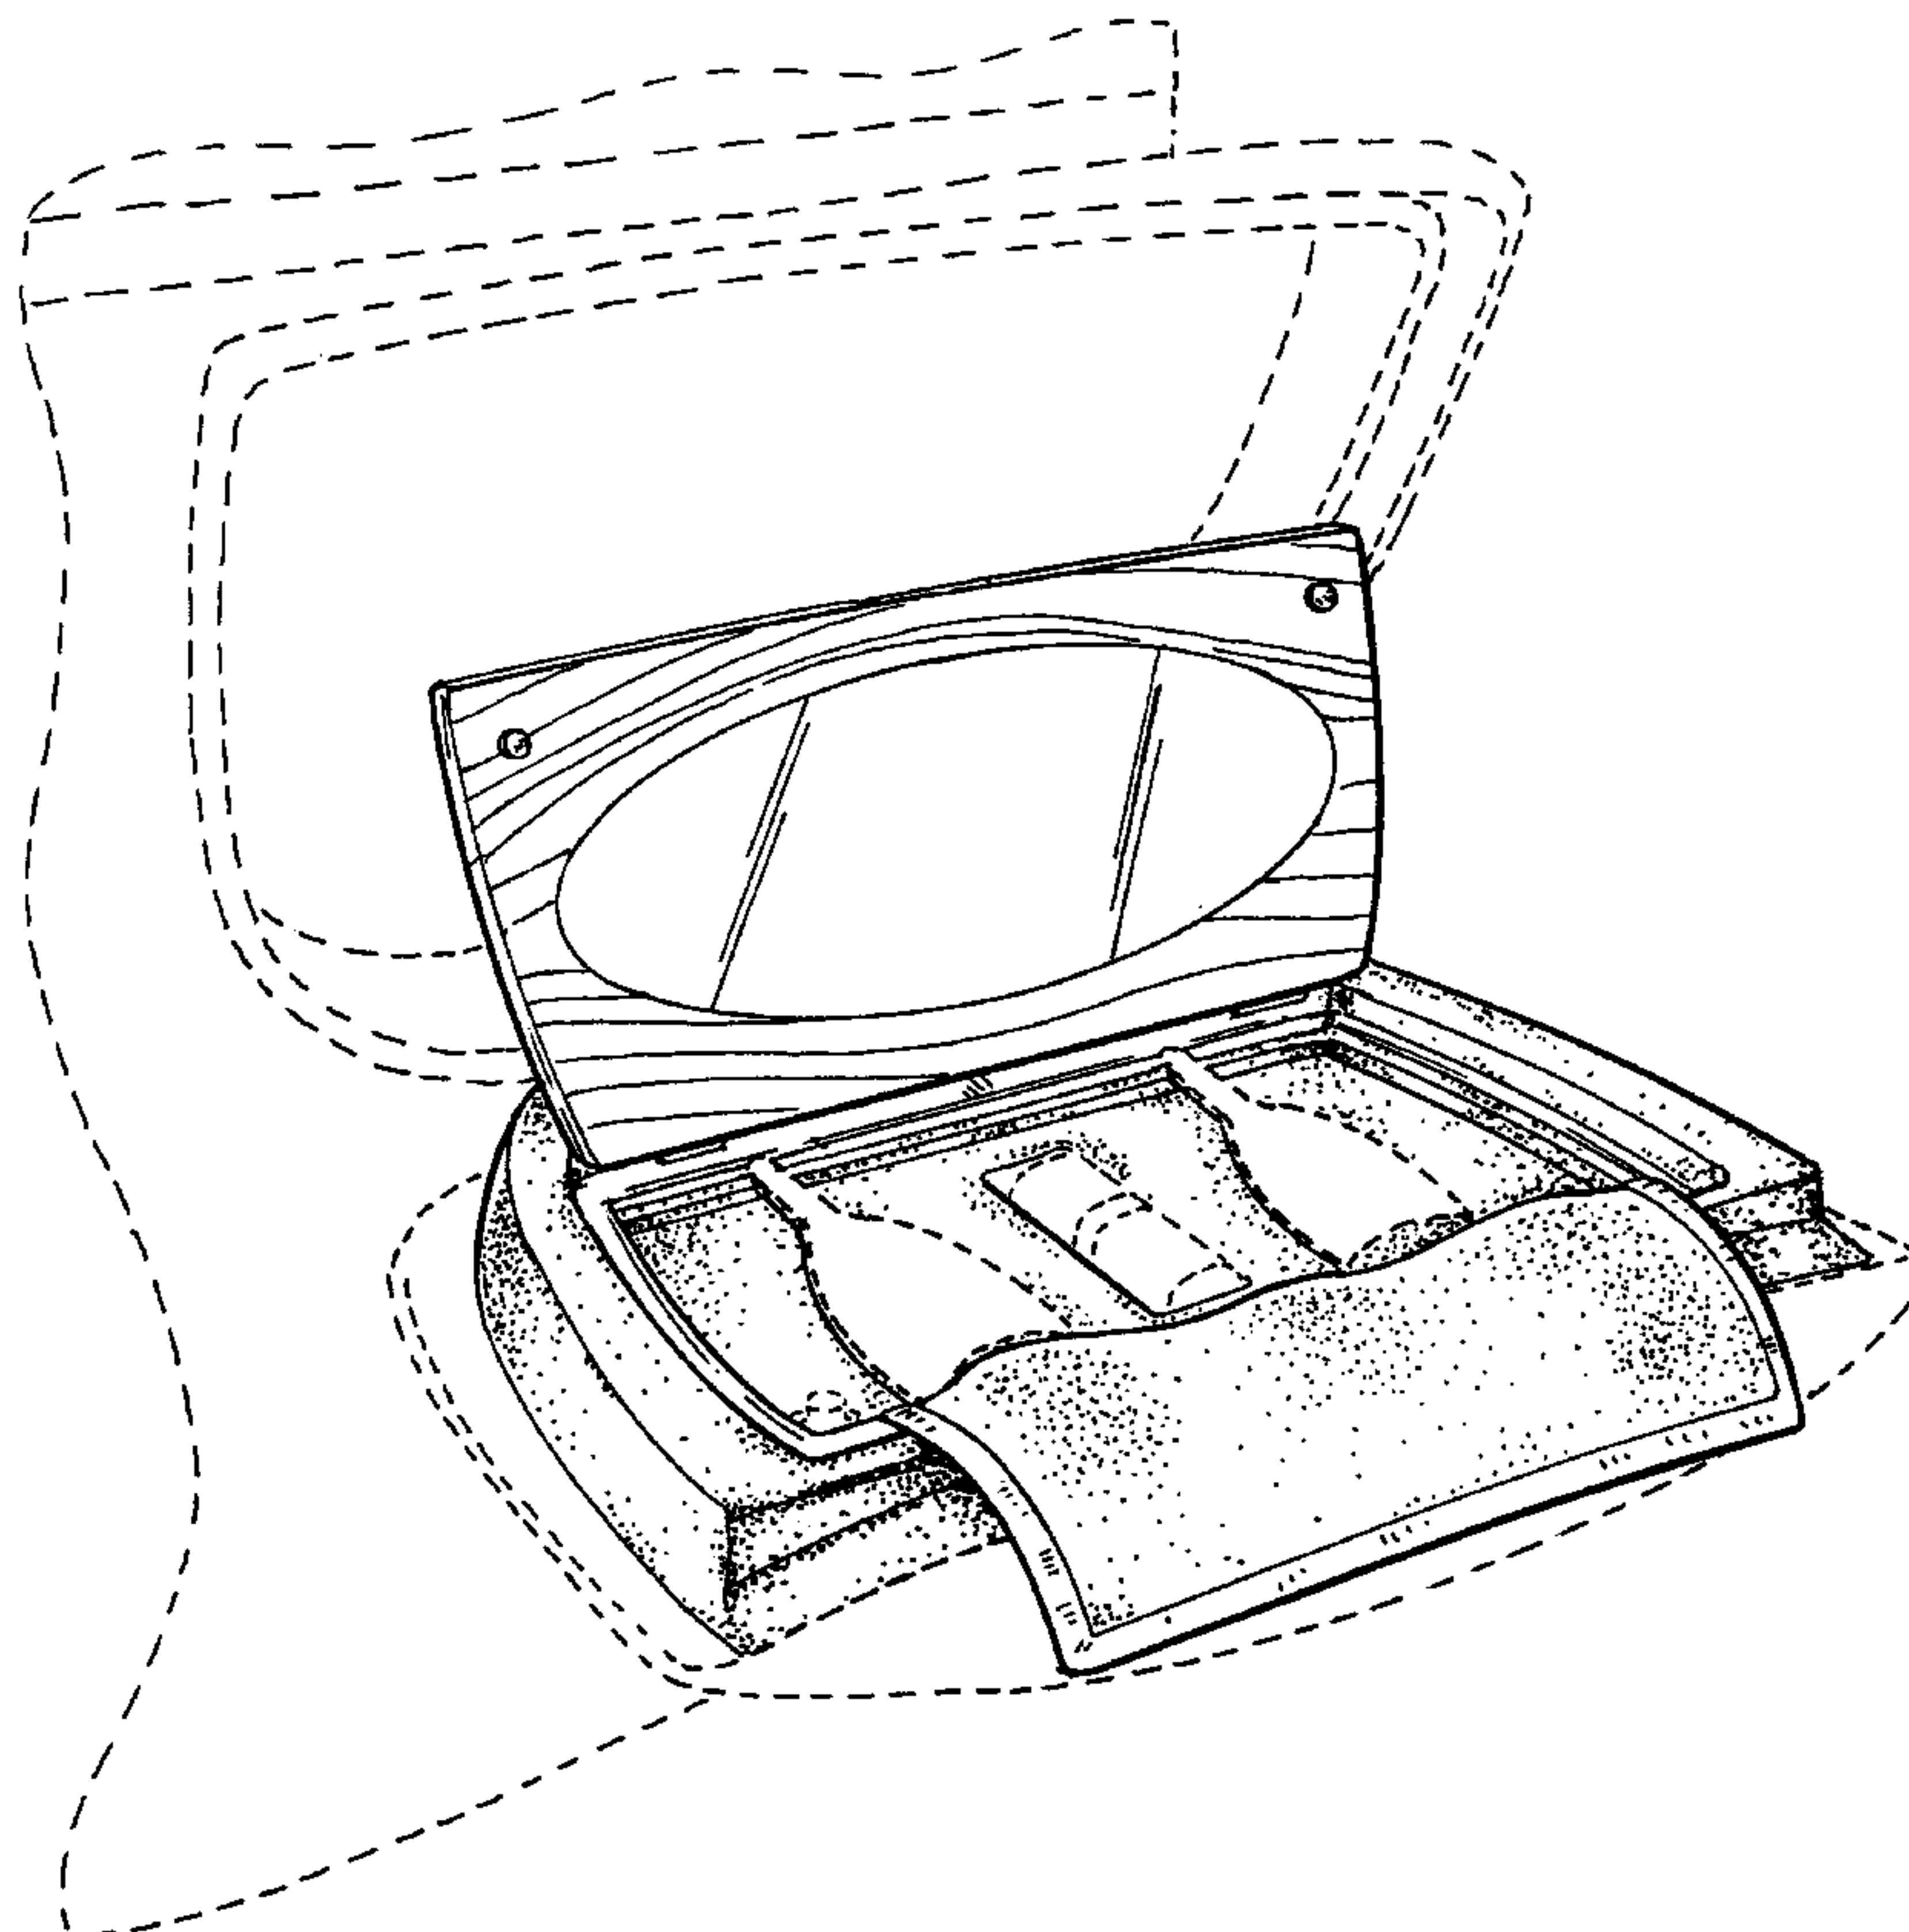

FIG. 1 is a front view of a mirrored compartment for a vehicle according to our novel design;

FIG. 2 is a perspective view from the front right of a mirrored compartment for a vehicle to our novel design, showing the first moveable internal component in an open position, the perspective view from the front left being mirror symmetrical; and,

FIG. 3 is a perspective view from the front right of a mirrored compartment for a vehicle according to our novel design, showing the first and second moveable internal components in an open position, the perspective view from the front left being mirror symmetrical.

The bottom of the compartment is attached directly to the housing and is not part of the claimed design. Also, the dash line included depicts environment and is not part of the claimed design.

**1 Claim, 3 Drawing Sheets**

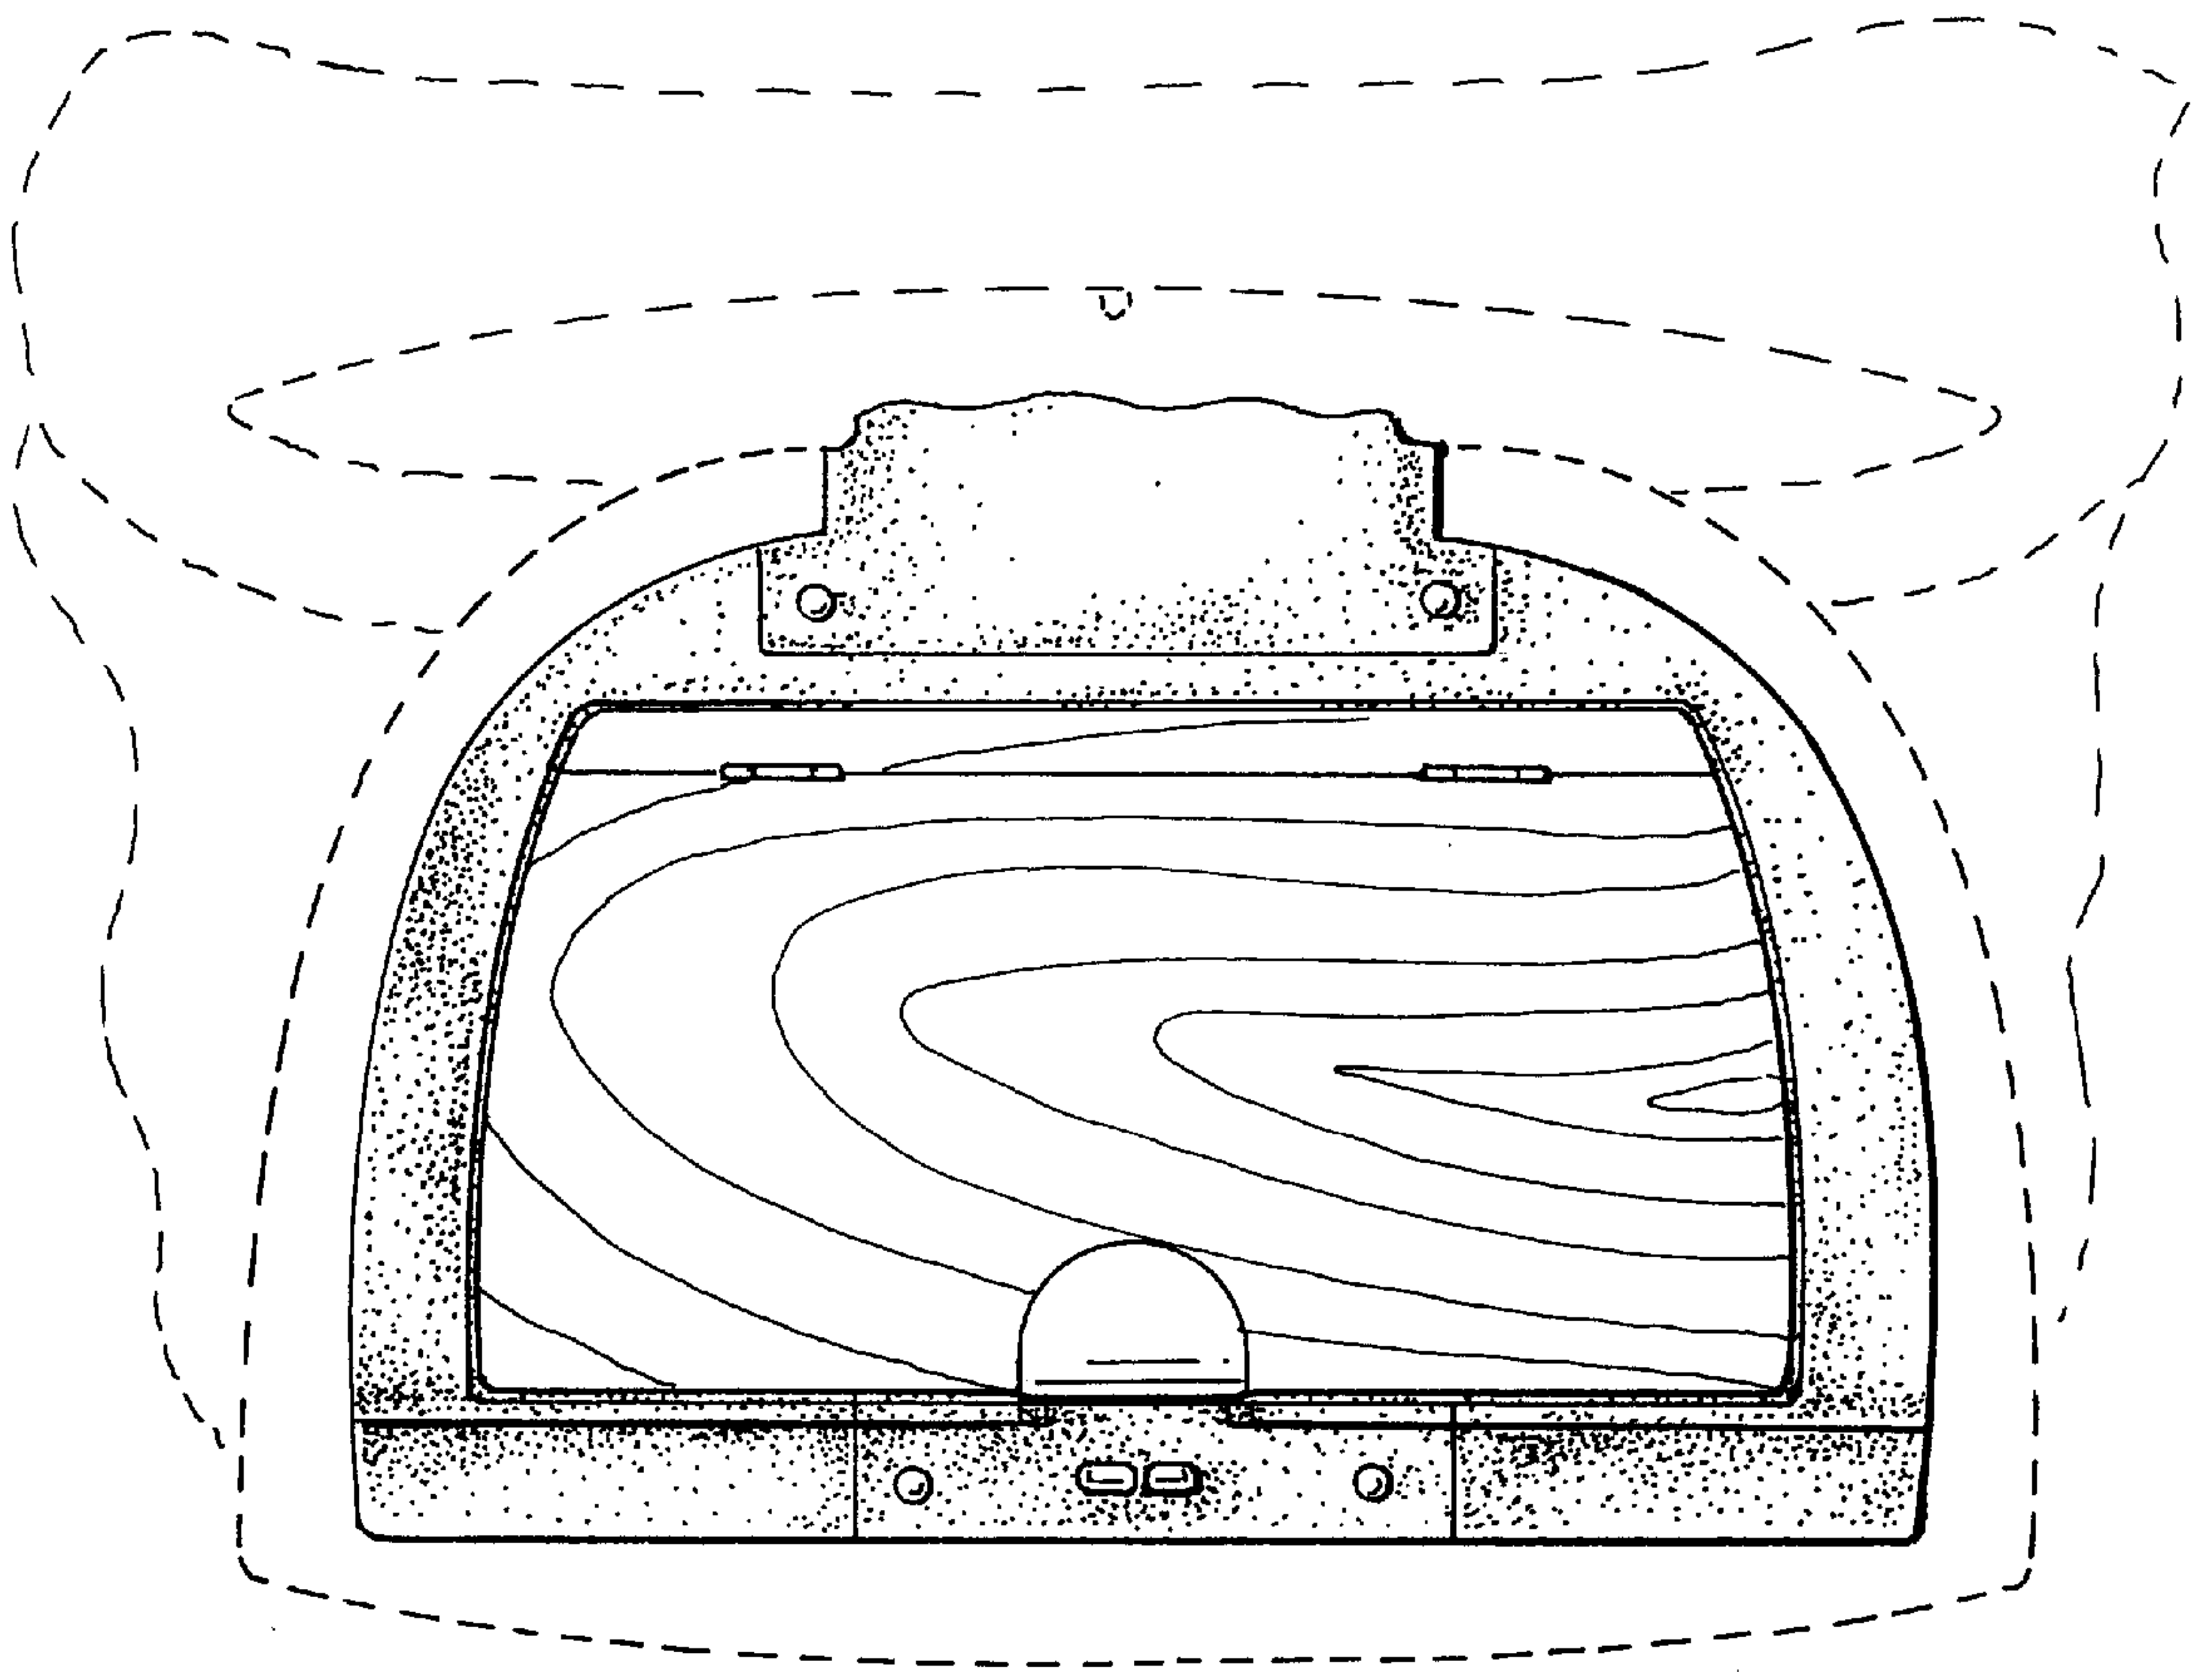

FIG. 1

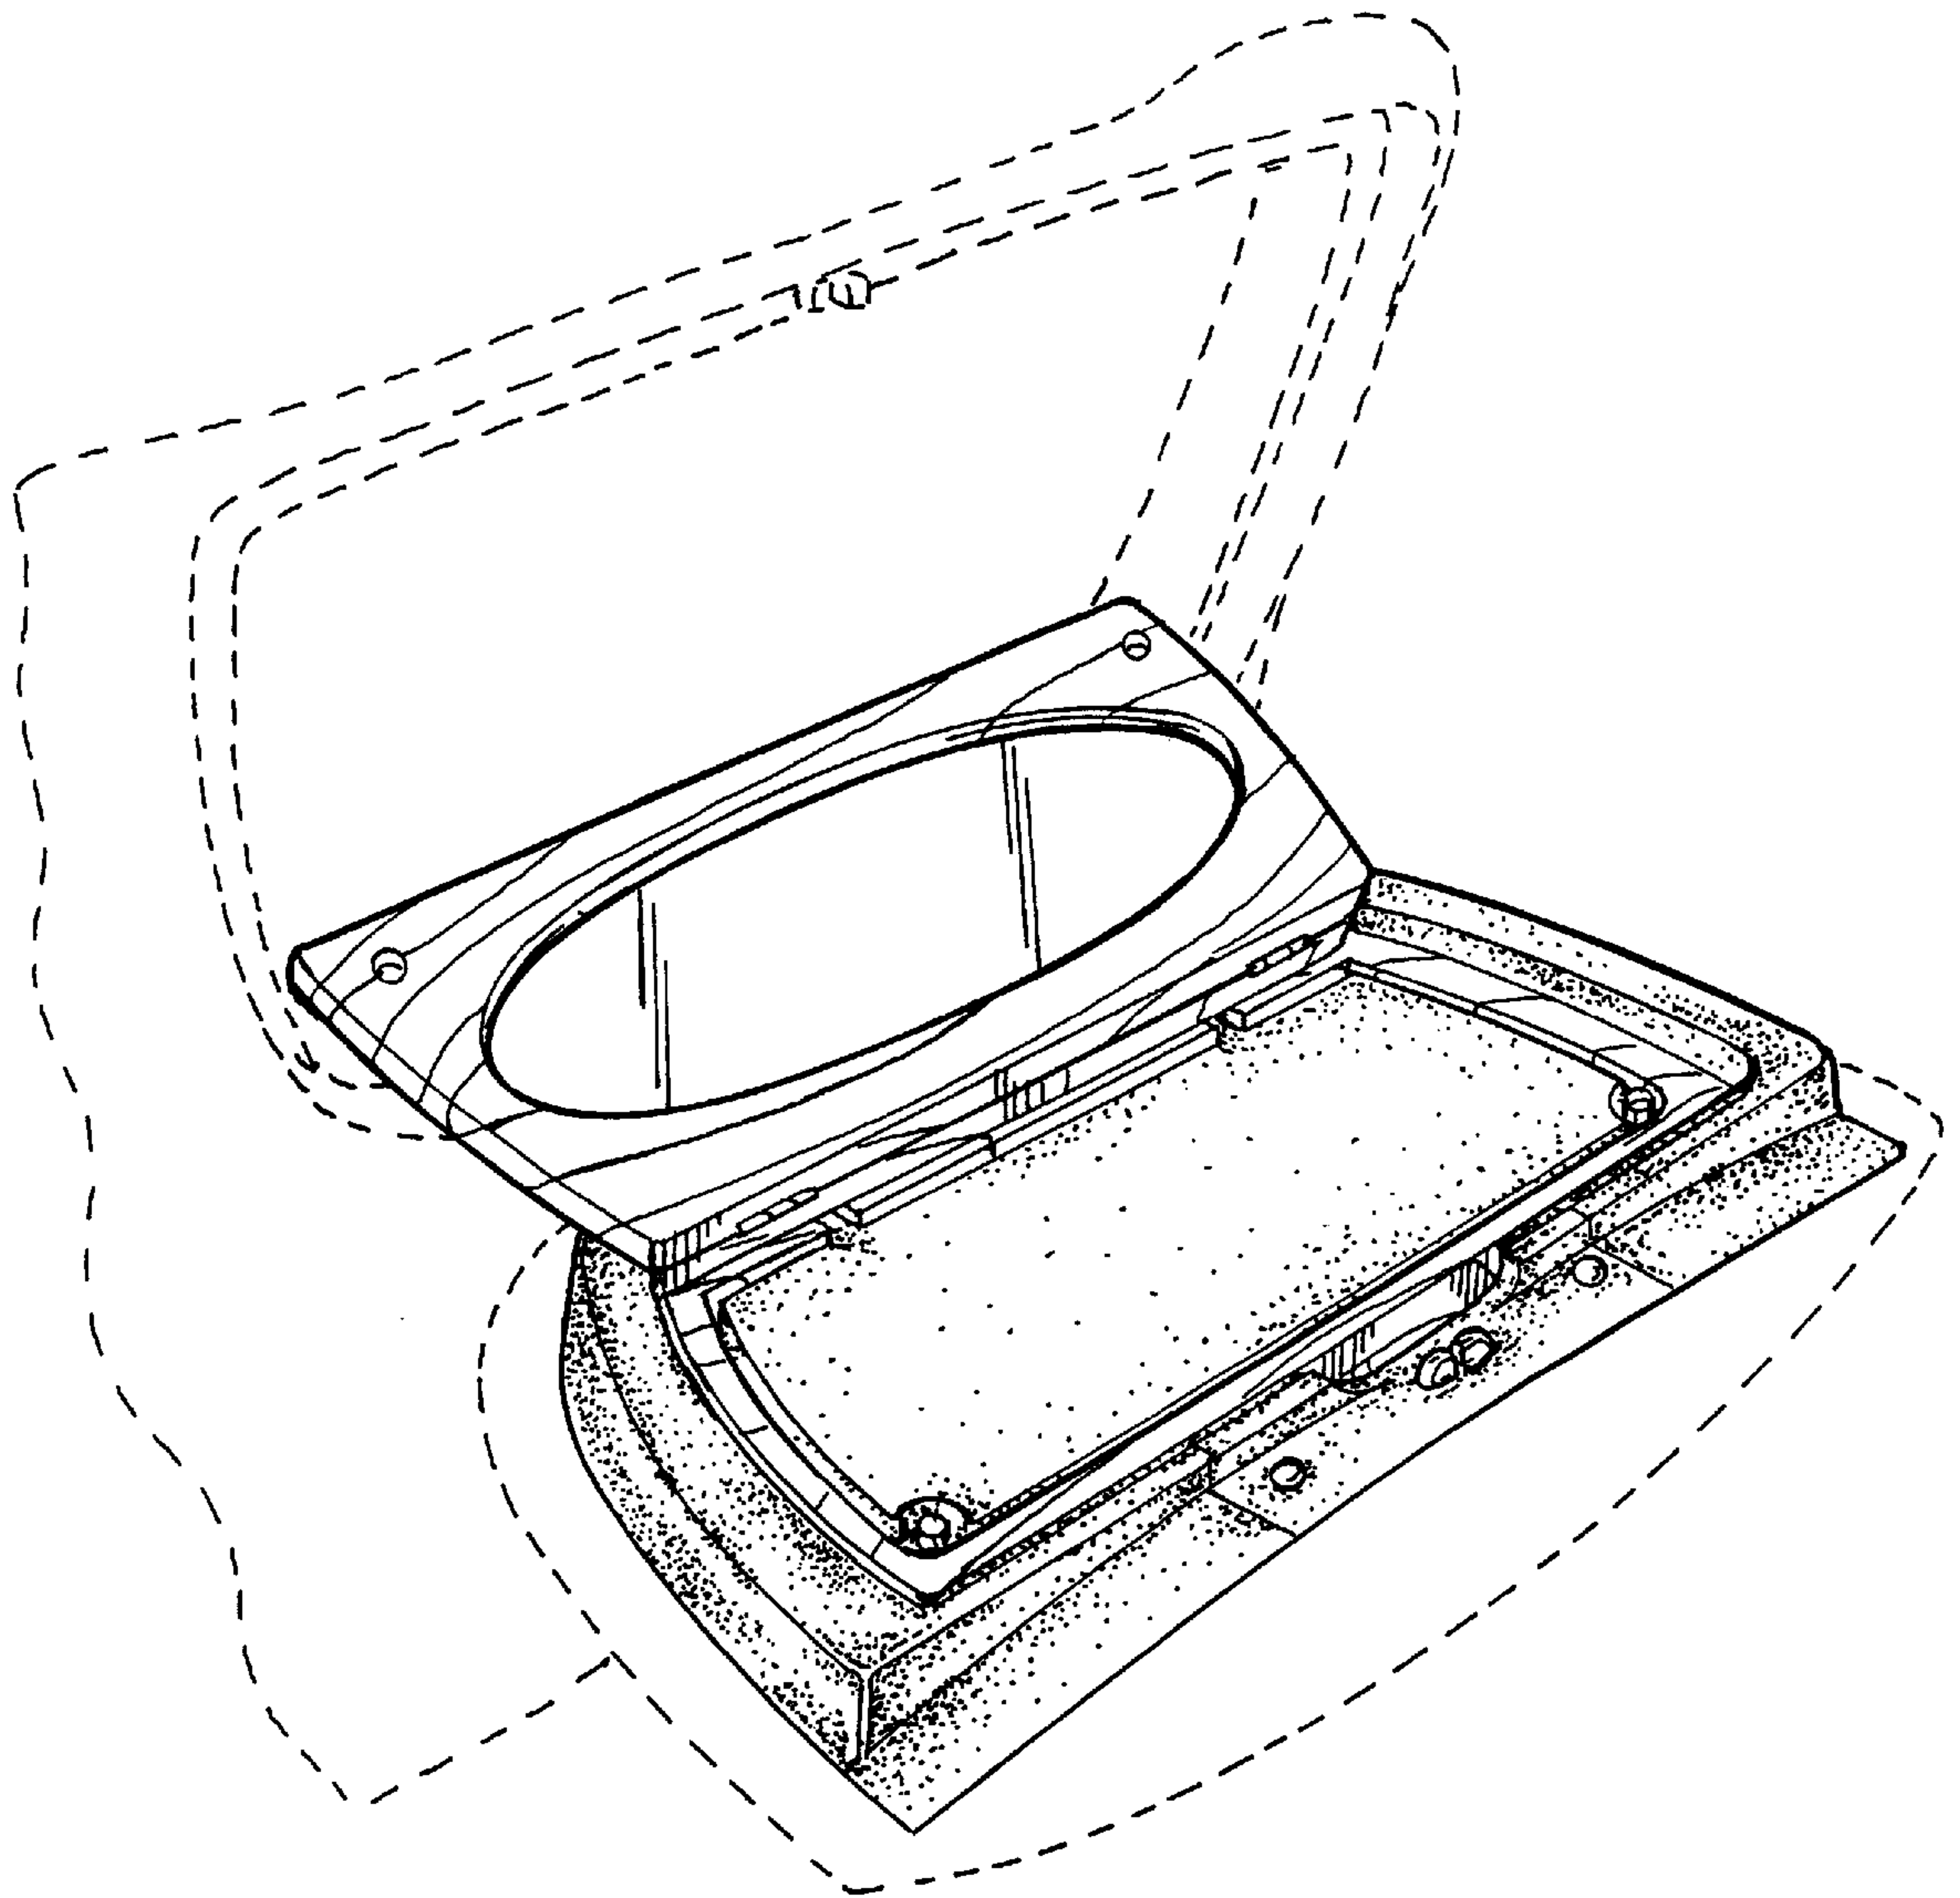

FIG. 2

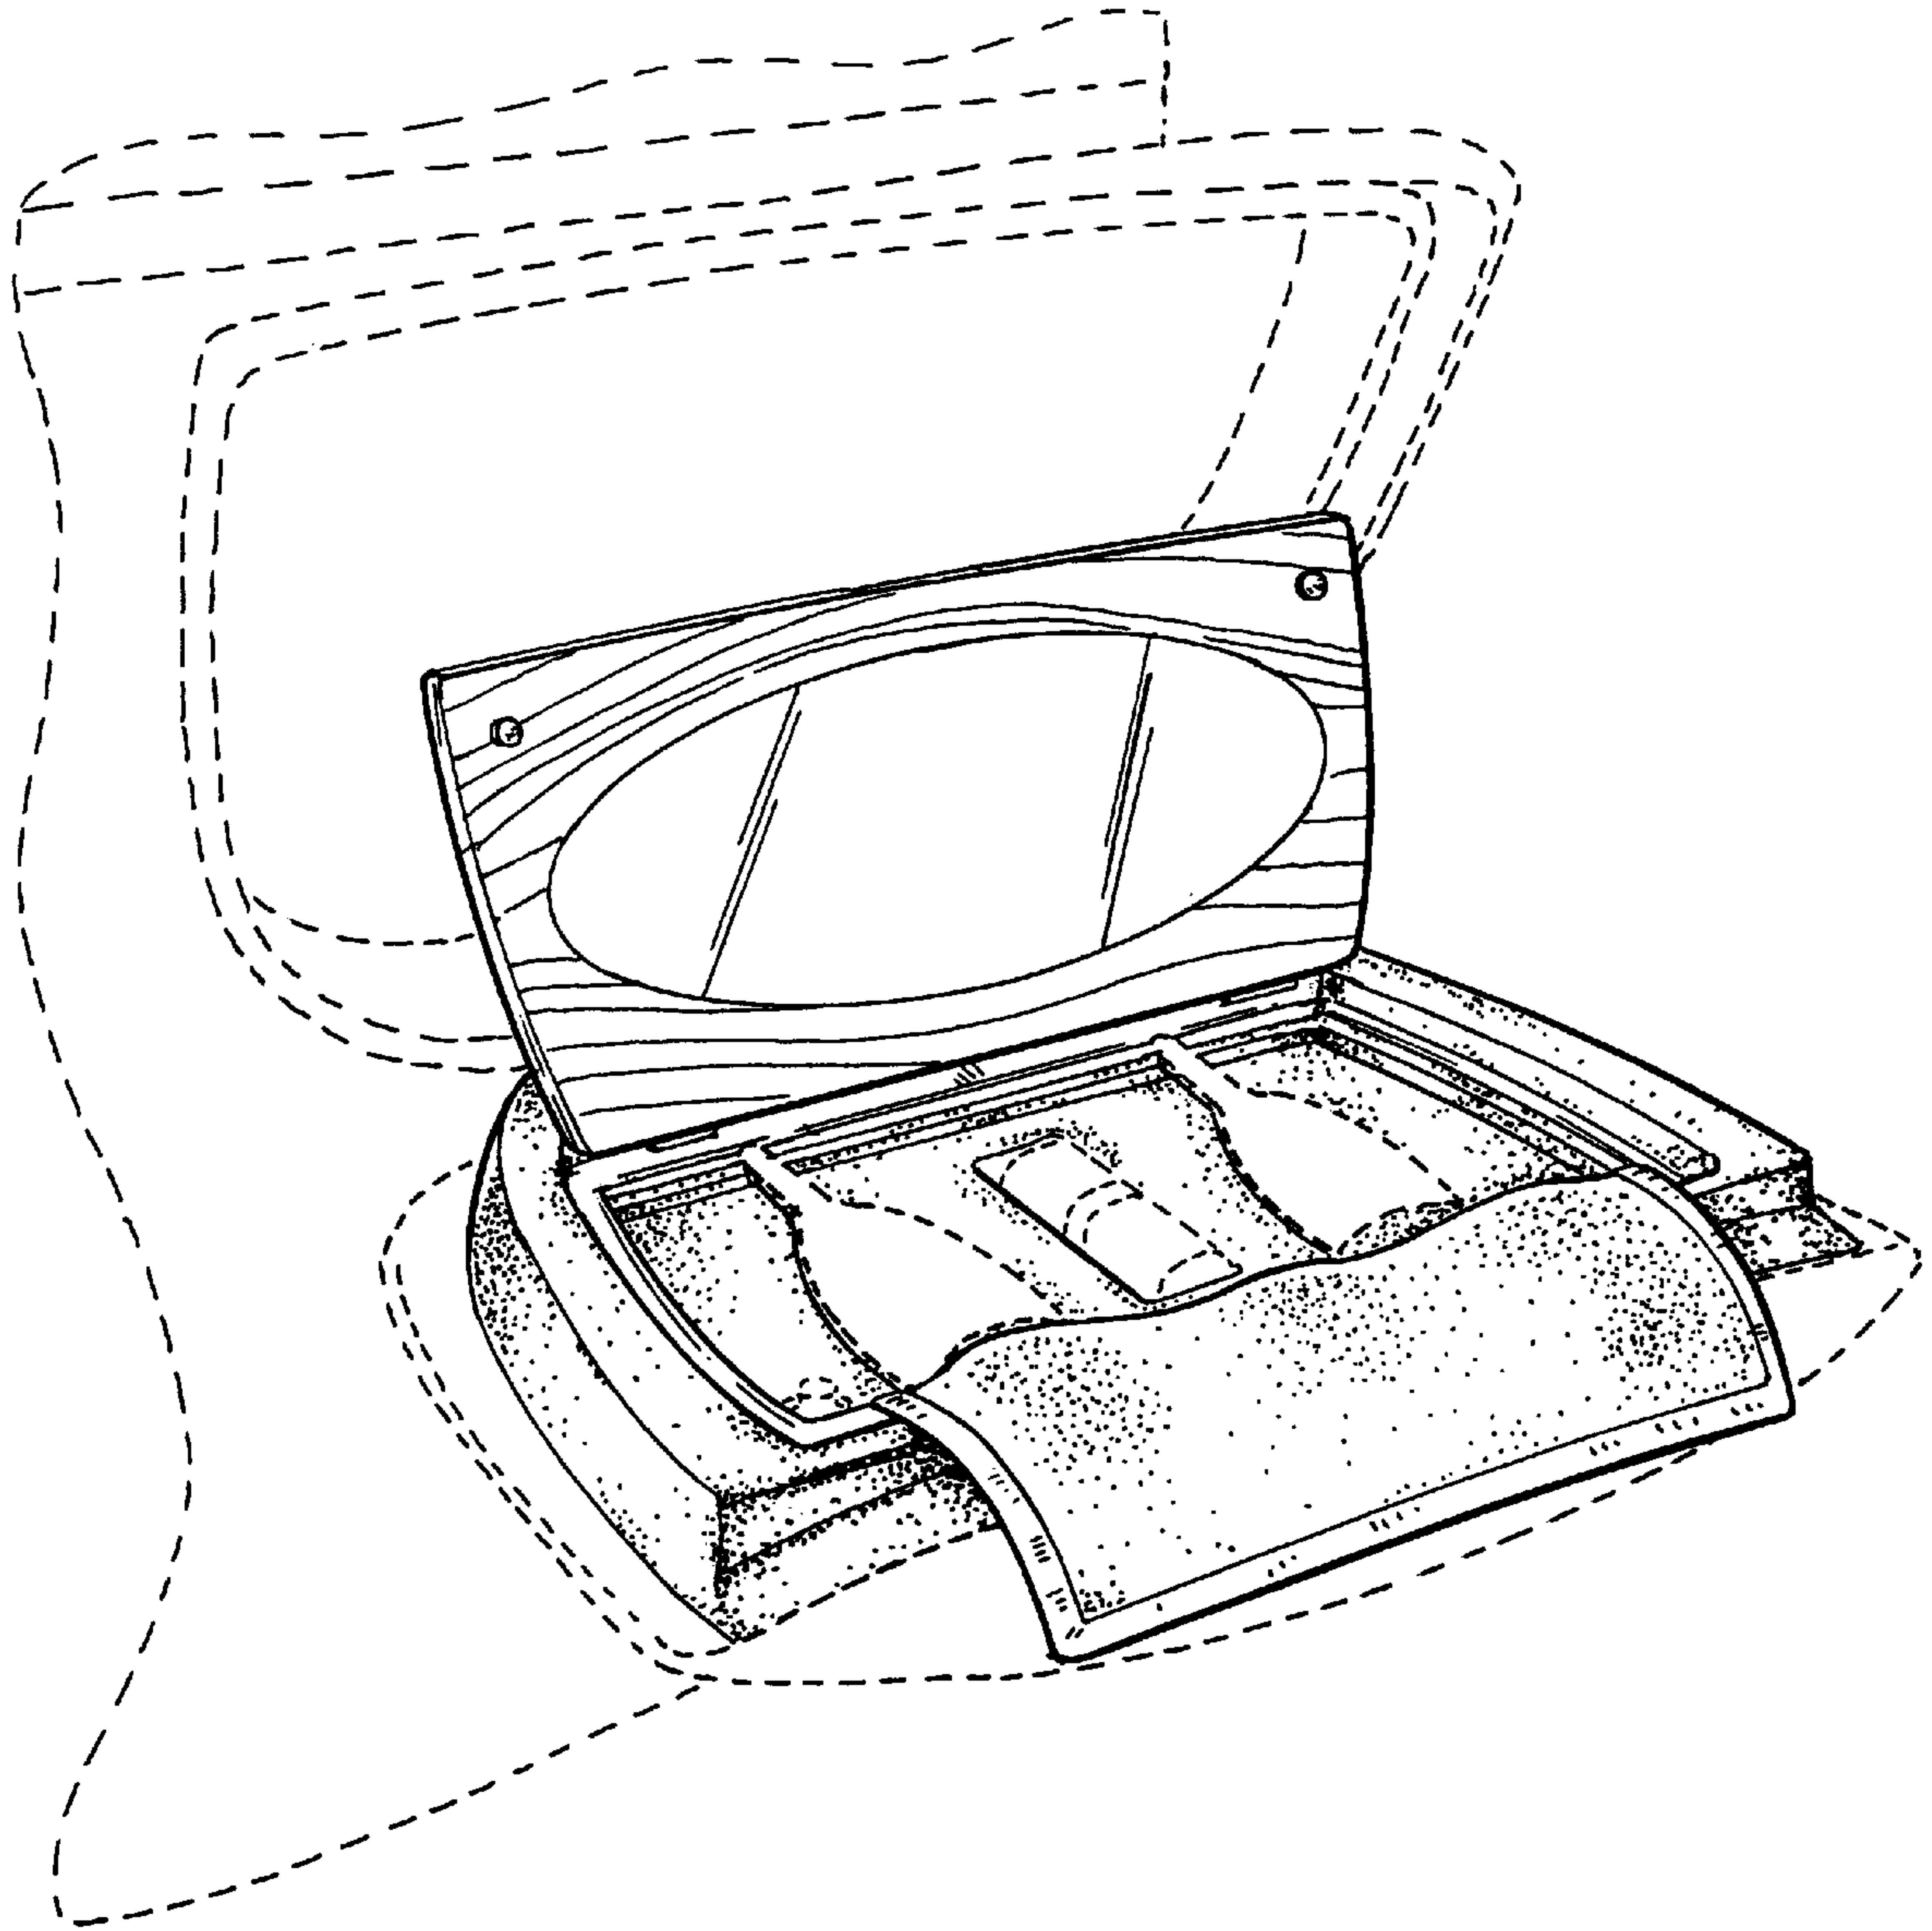

FIG. 3
