Attorney, Agent, or Firm—Karl G. Hanson

[57] CLAIM

The ornamental design for a cap, as shown and described.

DESCRIPTION

FIG. 1 is a top perspective view of a first embodiment of a cap, showing the new design.

FIG. 2 is a top plan view thereof.

FIG. 3 is a bottom plan view thereof.

FIG. 4 is a front elevational view thereof. The rear elevational view is the same as the front elevational view; and,

FIG. 5 is a perspective view of the bottom of the cap in an inverted position relative to FIGS. 1–4.

The shading shown in the figures is provided merely to illustrate the contour of the new design; it is not intended to be indicative of any particular texture. The cap may be useful for covering inlet ports on a full-face respirator.
