[57] CLAIM

I claim the ornamental design for the glare screen, as shown and described.

DESCRIPTION

FIG. 1 is a top plan view of a glare screen;
FIG. 2 is a front elevational view thereof;
FIG. 3 is a left-side elevational view thereof;
FIG. 4 is a right-side elevational view thereof;
FIG. 5 is a bottom plan view thereof;
FIG. 6 is a rear elevational view thereof; and,
FIG. 7 is a perspective view thereof, the broken line drawing of a monitor is for illustrative purposes only and forms no part of the claimed design.

The oblique line shading on the glare filter in FIGS. 2, 6 and 7 represents a transparent surface. The oblique line shading on the frame of the glare screen in all views represents a transparent or a translucent surface.
