[57] CLAIM

The ornamental design for a cap for bottle, as shown and described.

DESCRIPTION

FIG. 1 is a front elevation of a cap for bottle showing our new design, the rear and side elevations are the same; FIG. 2 is a side view of the cap for bottle of the invention; and, FIG. 3 is a top view of the cap for bottle of the invention. The bottom surface of the cap for bottle that is not shown in the drawings does not form part of the claimed design. The broken lines showing a bottle in FIG. 1 are for illustrative purposes only and do not form part of the claimed design.
