[57] **CLAIM**

The ornamental design for a stethoscope diaphragm cover, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the stethoscope diaphragm cover in full lines with a stethoscope shown in broken lines representing environmental association matter being for illustrative purposes only and forming no part of the claimed invention.

FIG. 2 is a front elevational view of the stethoscope diaphragm cover.

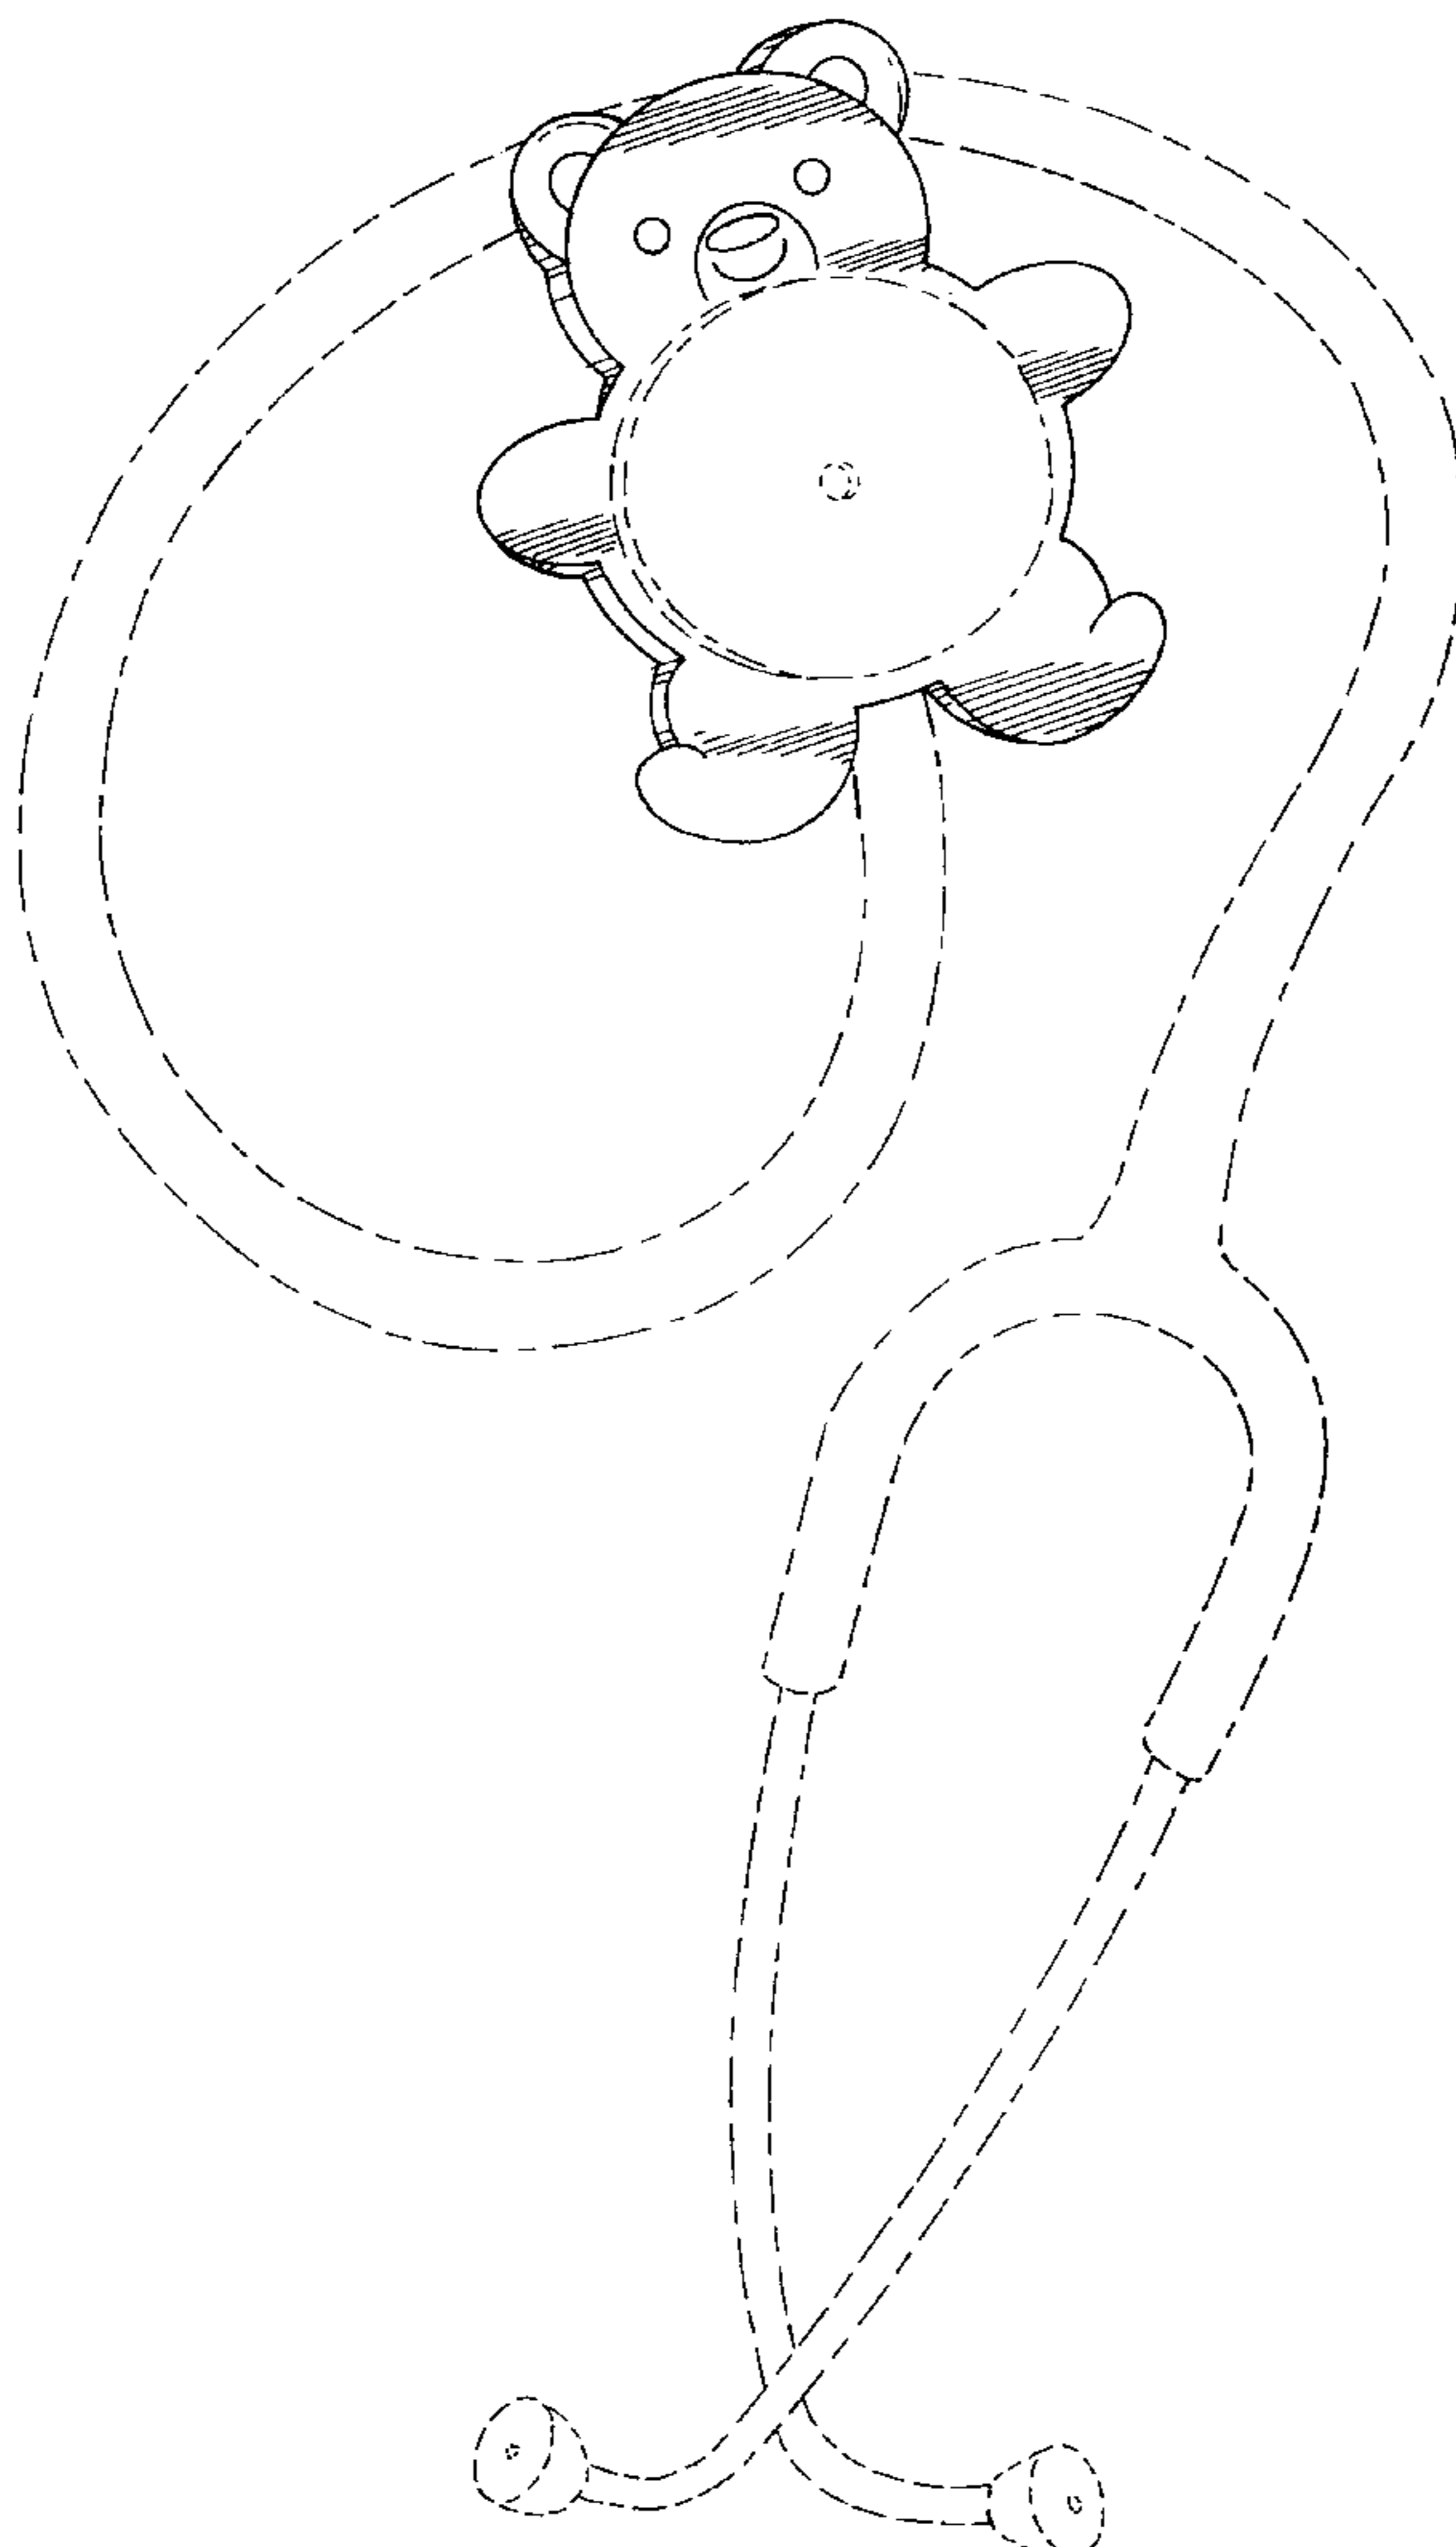

FIG. 3 is a rear elevational view thereof.

FIG. 4 is a top plan view thereof.

FIG. 5 is a bottom plan view thereof; and,

FIG. 6 is a left side elevational view thereof, the right side elevational view being a mirror image of the left side view.
