[57] **CLAIM**

The ornamental design for a small plate with connecting lower plate, as shown and described.

DESCRIPTION

FIG. 1 is a top, elevational view of a small plate with connecting lower plate according to the present invention; FIG. 2 is a top, elevational, exploded view of the small plate portion of the small plate with connecting lower plate shown in FIG. 1;

FIG. 3 is a right side, elevational view of the small plate with connecting lower plate shown in FIG. 1, with the left, front and rear side views being mirror images thereof;

FIG. 4 is a bottom, elevational view of the small plate portion of the small plate with connecting lower plate shown in FIG. 1;

FIG. 5 is a top, elevational view of the connecting lower plate portion of the small plate with connecting lower plate shown in FIG. 1;

FIG. 6 is a bottom, elevational view of the small plate with connecting lower plate shown in FIG. 1; and,

FIG. 7 is a right, side, elevational view of the connecting lower plate portion of the small plate with connecting lower plate shown in FIG. 1, with the left, front and rear side views being mirror images thereof.
