[57] **CLAIM**

The ornamental design for a safety guard for a hitch, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of safety guard for a hitch installed on a hitch showing the new design;

FIG. 2 is a perspective view of a safety guard for a hitch installed on a trailer hitch in an alternative manner to that shown in FIG. 1;

FIG. 3 is a rear elevational view of the invented safety guard for a hitch prior to its installation;

FIG. 4 is a left side elevational view thereof;

FIG. 5 is a top plan view thereof, the bottom plan view being a mirror image thereof;

FIG. 6 is a right side elevational view thereof, which is a mirror image of the left side view; and,

FIG. 7 is a front elevational view thereof.

The surfaces or portions of the article not shown in the drawing or described in the specification form no part of the claimed design.
