[57] CLAIM

The ornamental design for a conveyor roll, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a conveyor roll showing my design; and,
FIG. 2 is a top view thereof.
No other side or rear views of this invention are provided as the conveyor roll is cylindrical and views from the front, rear and sides will all be identical. No bottom plan view is provided as it would be identical to the top plan view.
