[57] **CLAIM**

The ornamental design for a transfer apparatus for a refill container, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of the transfer apparatus for a refill container and shows my new design;
FIG. 2 is a top plan view of the transfer apparatus for a refill container;
FIG. 3 is a side elevational view of the transfer apparatus for a refill container, in which the front, back, left and right views are the same; and,
FIG. 4 is a bottom plan view of the transfer apparatus for a refill container.
