[57] CLAIM

The ornamental design for a portion of a sole for a golf shoe, as shown and described.

DESCRIPTION

FIG. 1 is a rear, perspective view of the portion of a sole for a golf shoe showing a sole of our new design having a leather portion and a thermoplastic urethane portion that is molded thereto and having integrally molded outwardly extending projections;

FIG. 2 is a bottom plan view thereof, the broken circular lines at the top and on the striated portion of FIGS. 1 and 2 and the break lines at the arch throughout the views being understood to represent the boundaries of the claimed invention; and the broken lines along the peripheral edge of the claimed invention in FIGS. 1 and 2 being understood to represent stitching;

FIG. 3 is a top, plan view thereof;

FIG. 4 is a front, elevational view thereof;

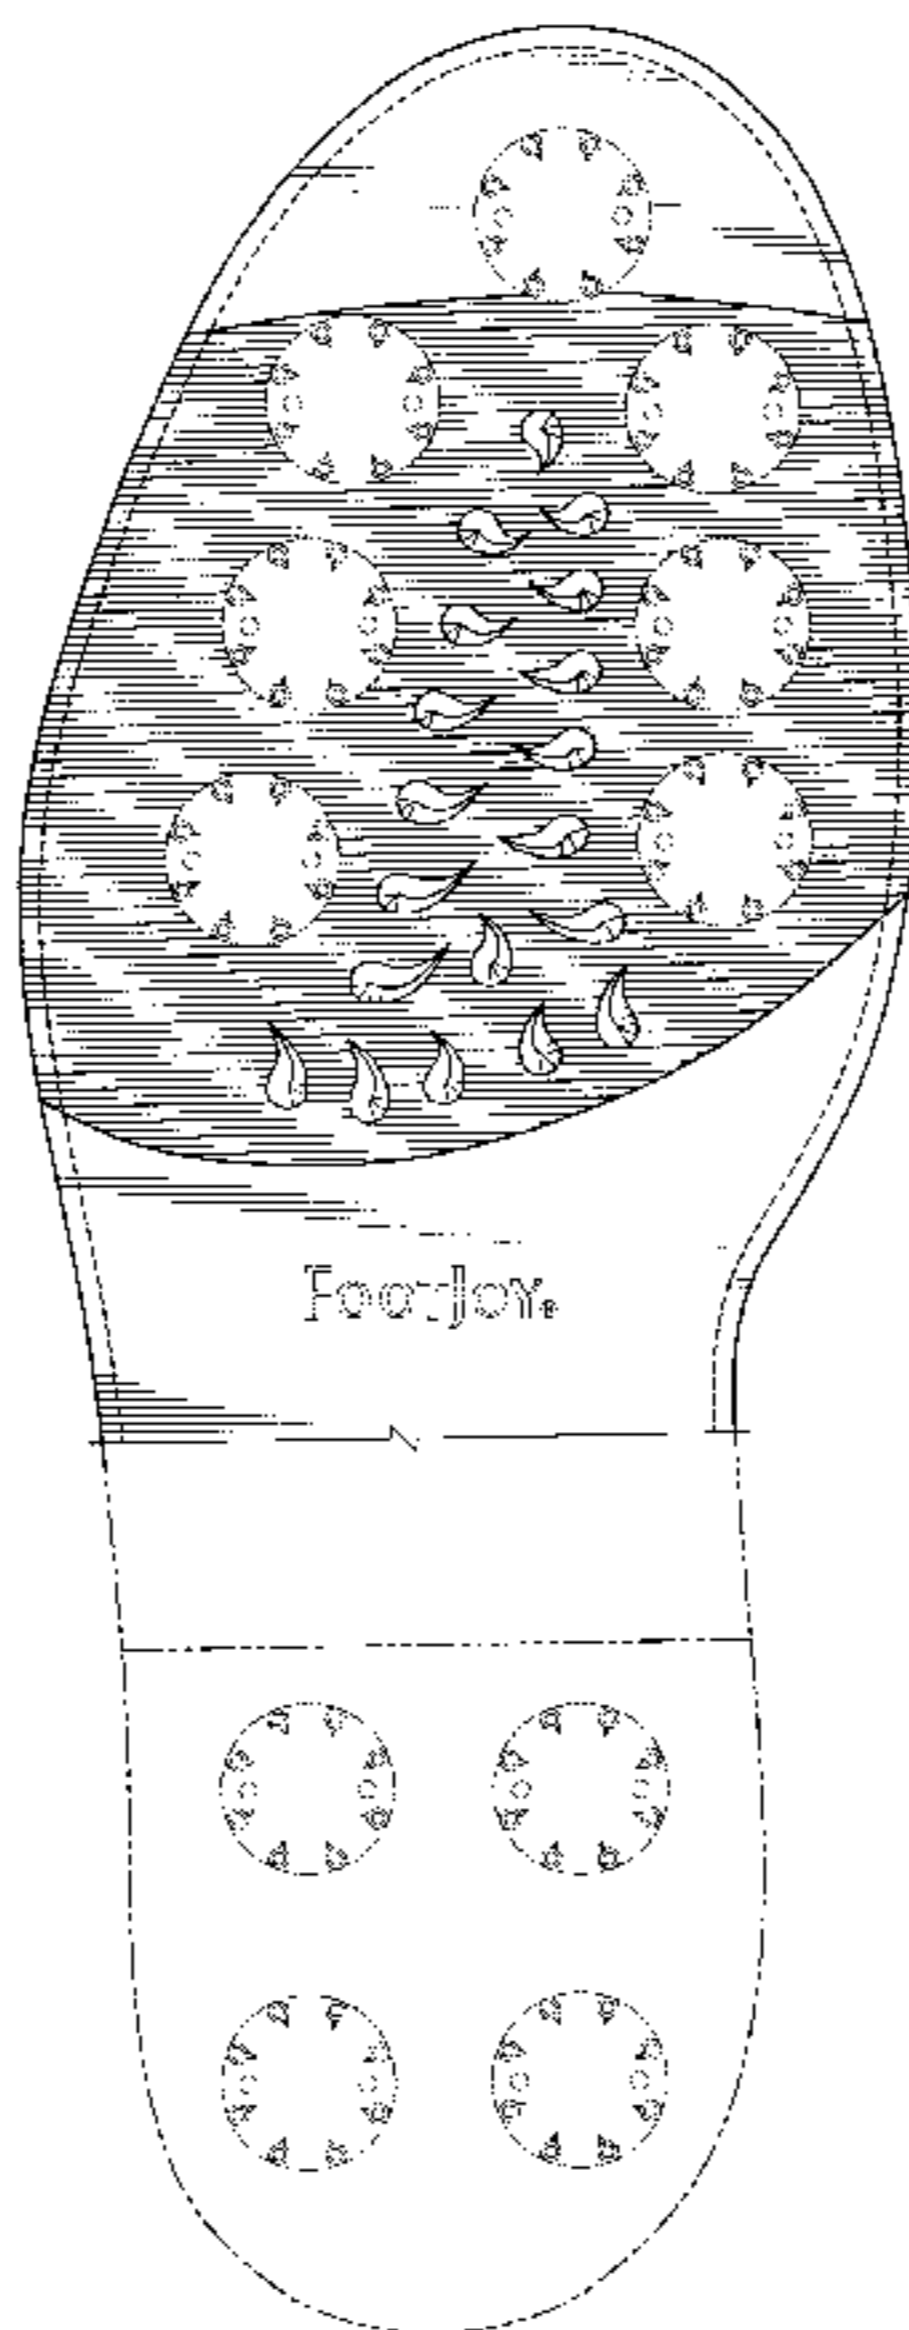

FIG. 5 is a rear, elevational view thereof;

FIG. 6 is a side, elevational view thereof; and,

FIG. 7 is an opposite side elevational view thereof.

The broken lines showing a shoe upper in FIGS. 1 and 4-7, the broken lines showing golf cleats and the bottom portion of the sole in FIGS. 1-7, and the broken lines showing legible INDICIA in FIGS. 1 and 2.
