[57] **CLAIM**

The ornamental design for a transport carriage, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective side elevational view of a transport carriage showing my new design, as viewed from one side; FIG. 2 is a perspective side elevational view thereof, as viewed from the other side;

FIG. 3 is a perspective side elevational view of a main part thereof, as viewed from one side in a first state in which the internal trays are horizontal;

FIG. 4 is a perspective side elevational view of the main part thereof, as viewed from said one side in a second state in which the internal trays are vertical;

FIG. 5 is a perspective side elevational view of the main part thereof, as viewed from the other side;

FIG. 6 is a perspective side elevational view of a first side part thereof, as viewed from one side;

FIG. 7 is a perspective side elevational view of the first side part thereof, as viewed from the other side;

FIG. 8 is a perspective side elevational view of a second side part thereof, as viewed from one side; and,

FIG. 9 is a perspective side elevational view of the second side part thereof, as viewed from the other side.
