[57] **CLAIM**

The ornamental design for a pattern for an embossed tissue, as shown and described.

**DESCRIPTION**

FIG. 1 is a top plan view of a pattern for an embossed tissue showing our new design; and, FIG. 2 is a top plan view of a second embodiment thereof. In the drawings, the broken lines represent the boundaries of the claimed pattern as well as the boundaries of the portion of an embossed tissue to which the pattern is applied. The broken lines form no part of the claimed design.
