[57] **CLAIM**

The ornamental design for a electrical connector, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a electrical connector in accordance with a preferred embodiment of the present invention;

FIG. 2 is a right-end view of the electrical connector shown in FIG. 1;

FIG. 3 is a left-end side view of the electrical connector shown in FIG. 1; and,

FIG. 4 is a rear side view of the electrical connector shown in FIG. 1.

The electrical connector illustrated in several drawings is symmetric about a central axis. Therefore, other side views will appear similar to the rear side view of FIG. 4;

The broken line showing of the pin in FIGS. 1, 2 and 4 is included for the purpose of illustrating environmental structure only and forms no part of the claimed design.
