[57] **CLAIM**

The ornamental design for a vehicle light configuration, as shown and described.

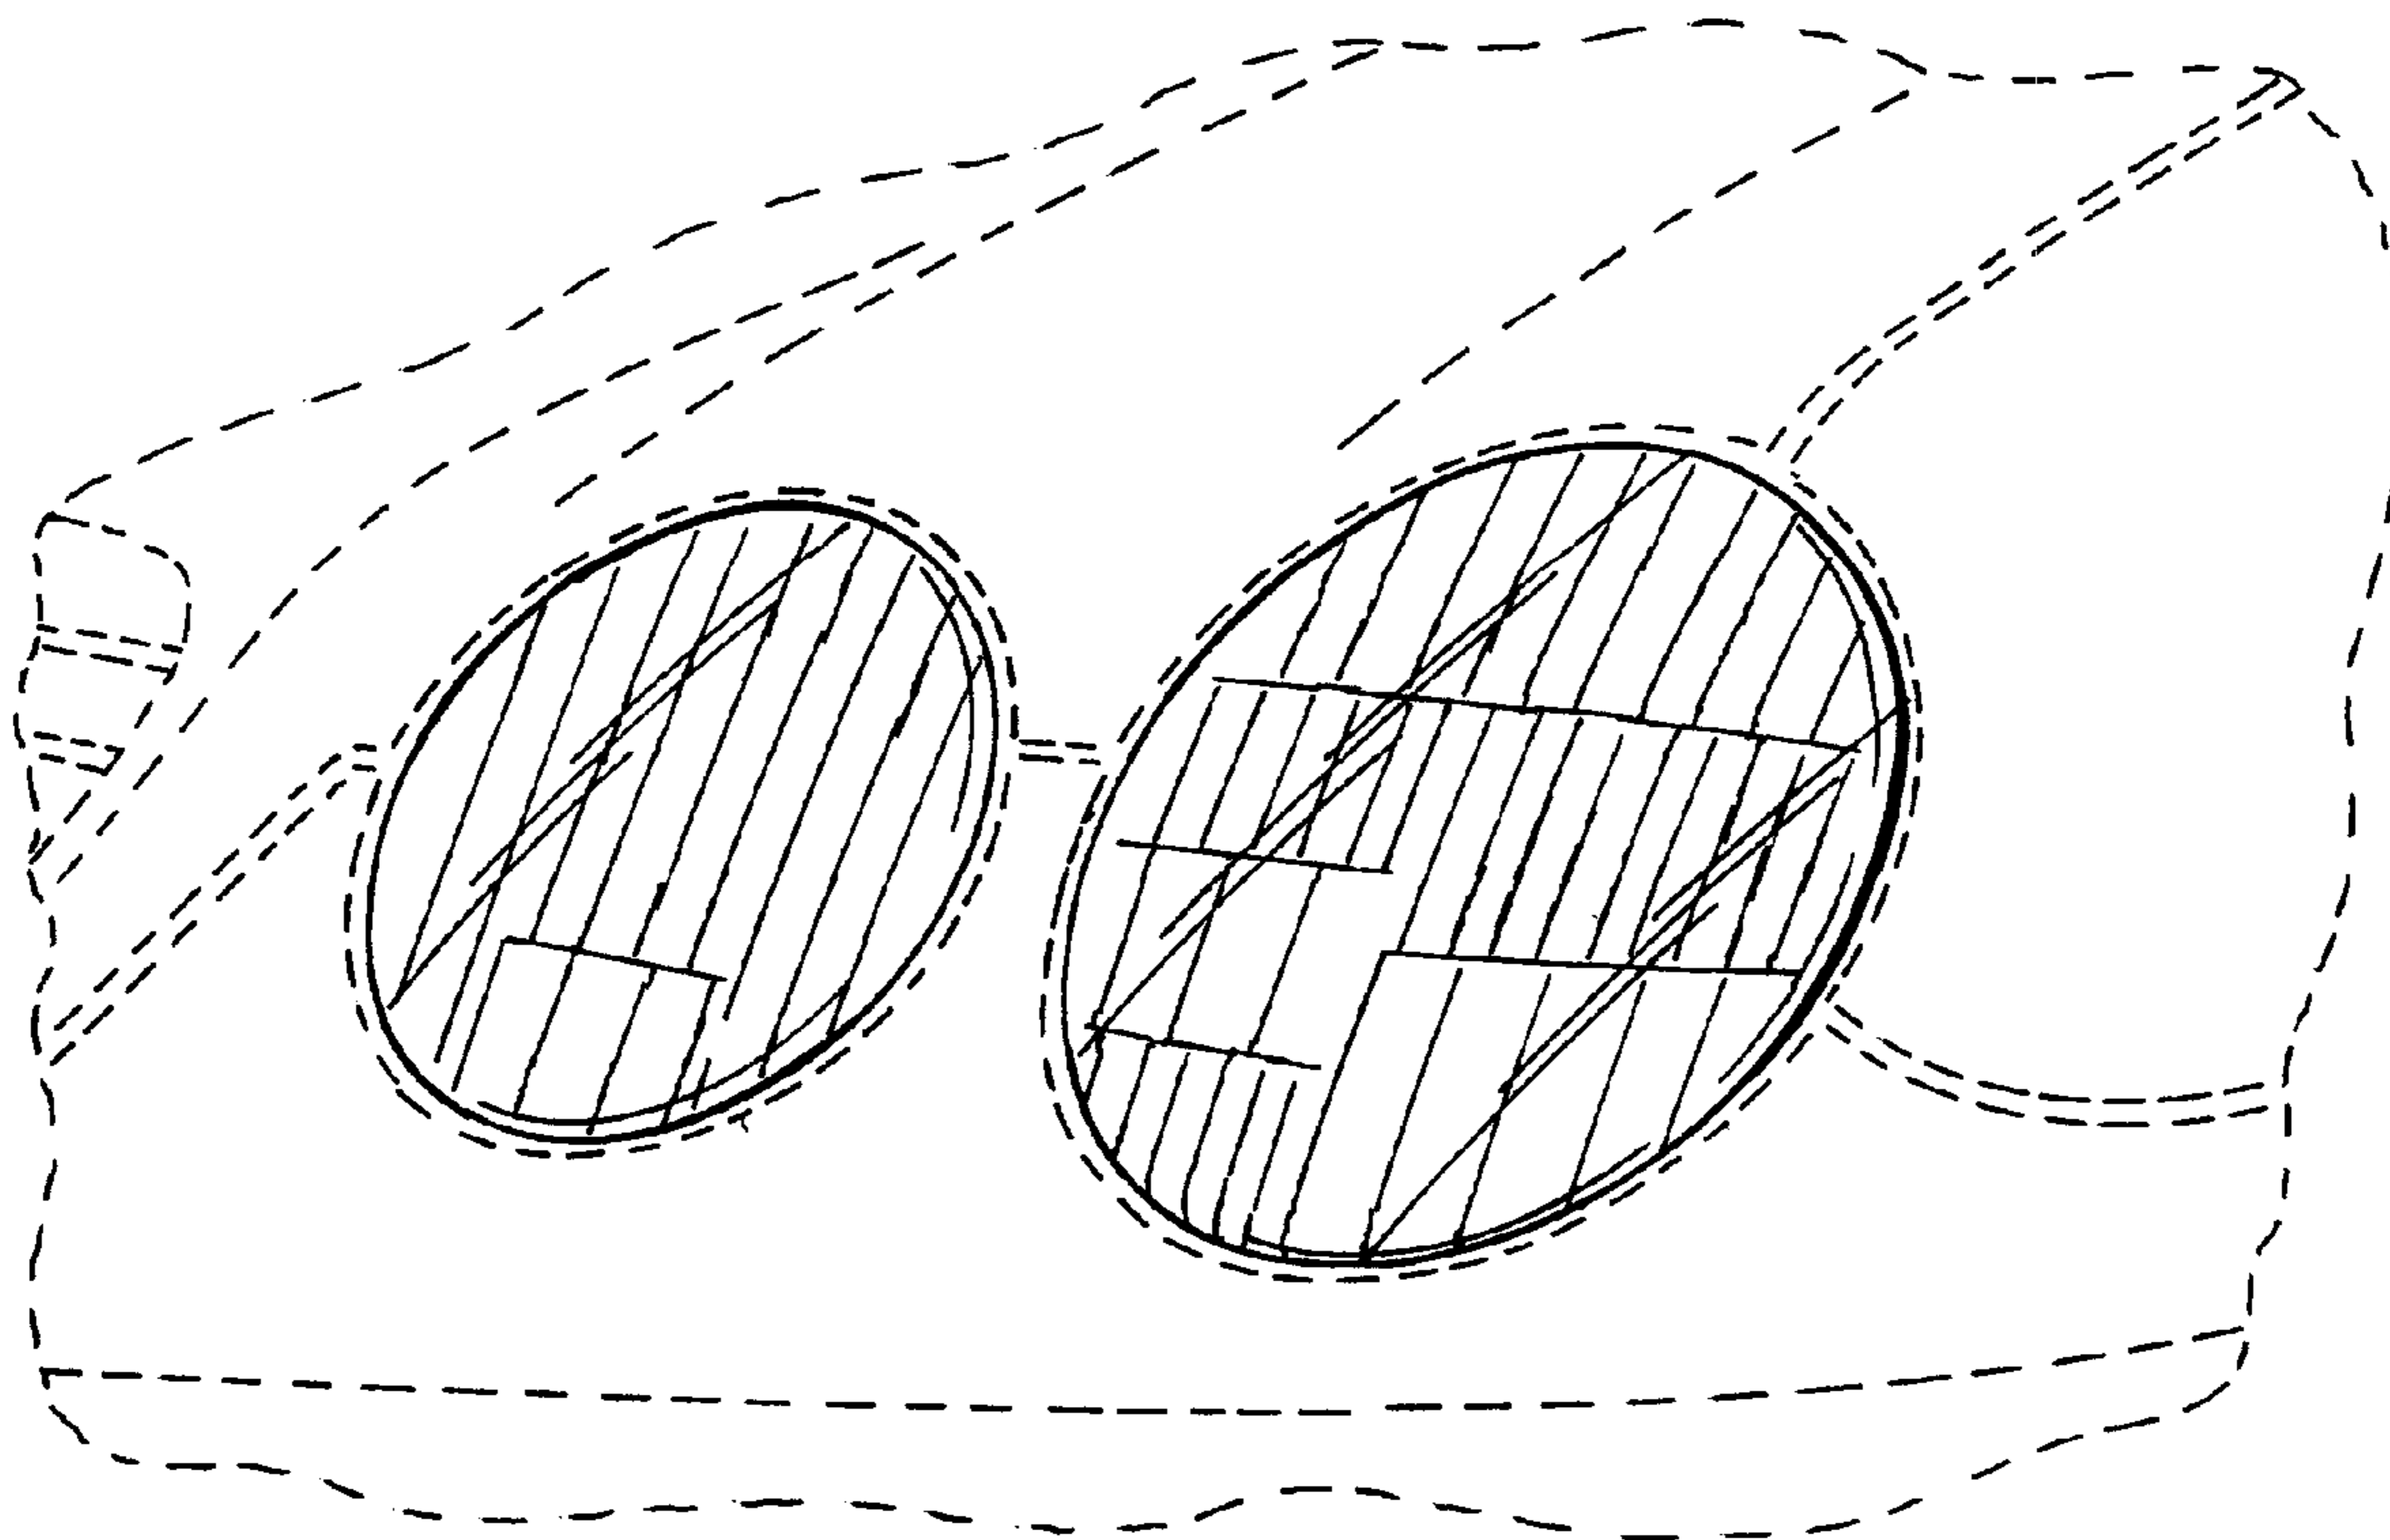

DESCRIPTION

FIG. 1 is a perspective view of a vehicle light configuration according to our novel design; and, FIG. 2 is a front view of a vehicle light configuration according to our novel design.

The dash lines shown depict environment and are not part of our claimed design.

This design represents one embodiment of a vehicle light configuration. The depicted embodiment is the left side light. The design also contemplates a right side embodiment that is mirror symmetrical to the design illustrated and is therefore not separately illustrated.
