[57] CLAIM
The shape of a bracelet-watch, as shown in the accompanying photographs.

DESCRIPTION

FIG. 1 is a front view of a bracelet-watch showing the design;
FIG. 2 is a front perspective view thereof; and,
FIG. 3 is a rear perspective view thereof.

Metal wristlet for wristlet-watch of bacelet-watch composed of B-shaped articulated links, the B-links being alternatively oriented right way and back to front and connected one to another, on one side, by a pair of narrow links connecting the front sides of the B-links and, on the other side, by a cylindrical link connecting the back sides of the B-links. The middle portion of the wristlet is occupied by a clasp having the aspect of a middle square link connecting two C-shaped links.
