[57] **CLAIM**

I claim the ornamental design for a radiator for heat generating components in electronic equipment, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of a radiator for heat generating components in electronic equipment according to the present invention.

FIG. 2 is a front view of a radiator for heat generating components in electronic equipment according to the present invention.

FIG. 3 is a rear view of a radiator for heat generating components in electronic equipment according to the present invention.

FIG. 4 is a top view of a radiator for heat generating components in electronic equipment according to the present invention.

FIG. 5 is a bottom view of a radiator for heat generating components in electronic equipment according to the present invention.

FIG. 6 is a right side view of a radiator for heat generating components in electronic equipment according to the present invention; and,

FIG. 7 is a left side view of a radiator for heat generating components in electronic equipment according to the present invention.
