[57] **CLAIM**  
The ornamental design for a combined bottle, cap and overcap, as shown and described.

**DESCRIPTION**  
FIG. 1 is a perspective view of a combined bottle, cap and overcap showing our new design;  
FIG. 2 is a front elevational thereof, the rear elevation is the same;  
FIG. 3 is a side elevation thereof, the opposite side elevation is the same;  
FIG. 4 is a top plan view thereof;  
FIG. 5 is a bottom plan view thereof;  
FIG. 6 is a perspective view of the design for a second embodiment of the combined bottle cap and overcap according to the invention;  
FIG. 7 is a front elevation of the second embodiment, the rear elevation is the same;  
FIG. 8 is a side elevation of the second embodiment, the opposite side elevation is the same;  
FIG. 9 is an overhead view of the design for a second embodiment according to the invention; and,  
FIG. 10 is an underside view of the design for a second embodiment according to the invention.  
The broken lines in the drawings are for illustrative purposes only and do not form part of the claimed design.
