[57] **CLAIM**

The ornamental design for an automotive window sunshield, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of an automotive window sunshield in full lines with a window shown in broken lines representing environmental association matter being for illustrative purposes only and forming no part of the claimed invention.

FIG. 2 is a rear perspective view of the automotive window sunshield;

FIG. 3 is a front elevational view thereof;

FIG. 4 is a rear elevational view thereof; and,

FIG. 5 is a left side elevational view of the automotive window sunshield, the right side elevational view and the top and bottom plan views being mirror images of the left side view.
