[57] **CLAIM**

The ornamental design for a combined ceiling fan motor housing and guard, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a fan body in accordance with my design;

FIG. 2 is an enlarged perspective view of the fan body in accordance with my design;

FIG. 3 is a top plan view of the fan body in accordance with my design, with the front located at the lower portion of the figure;

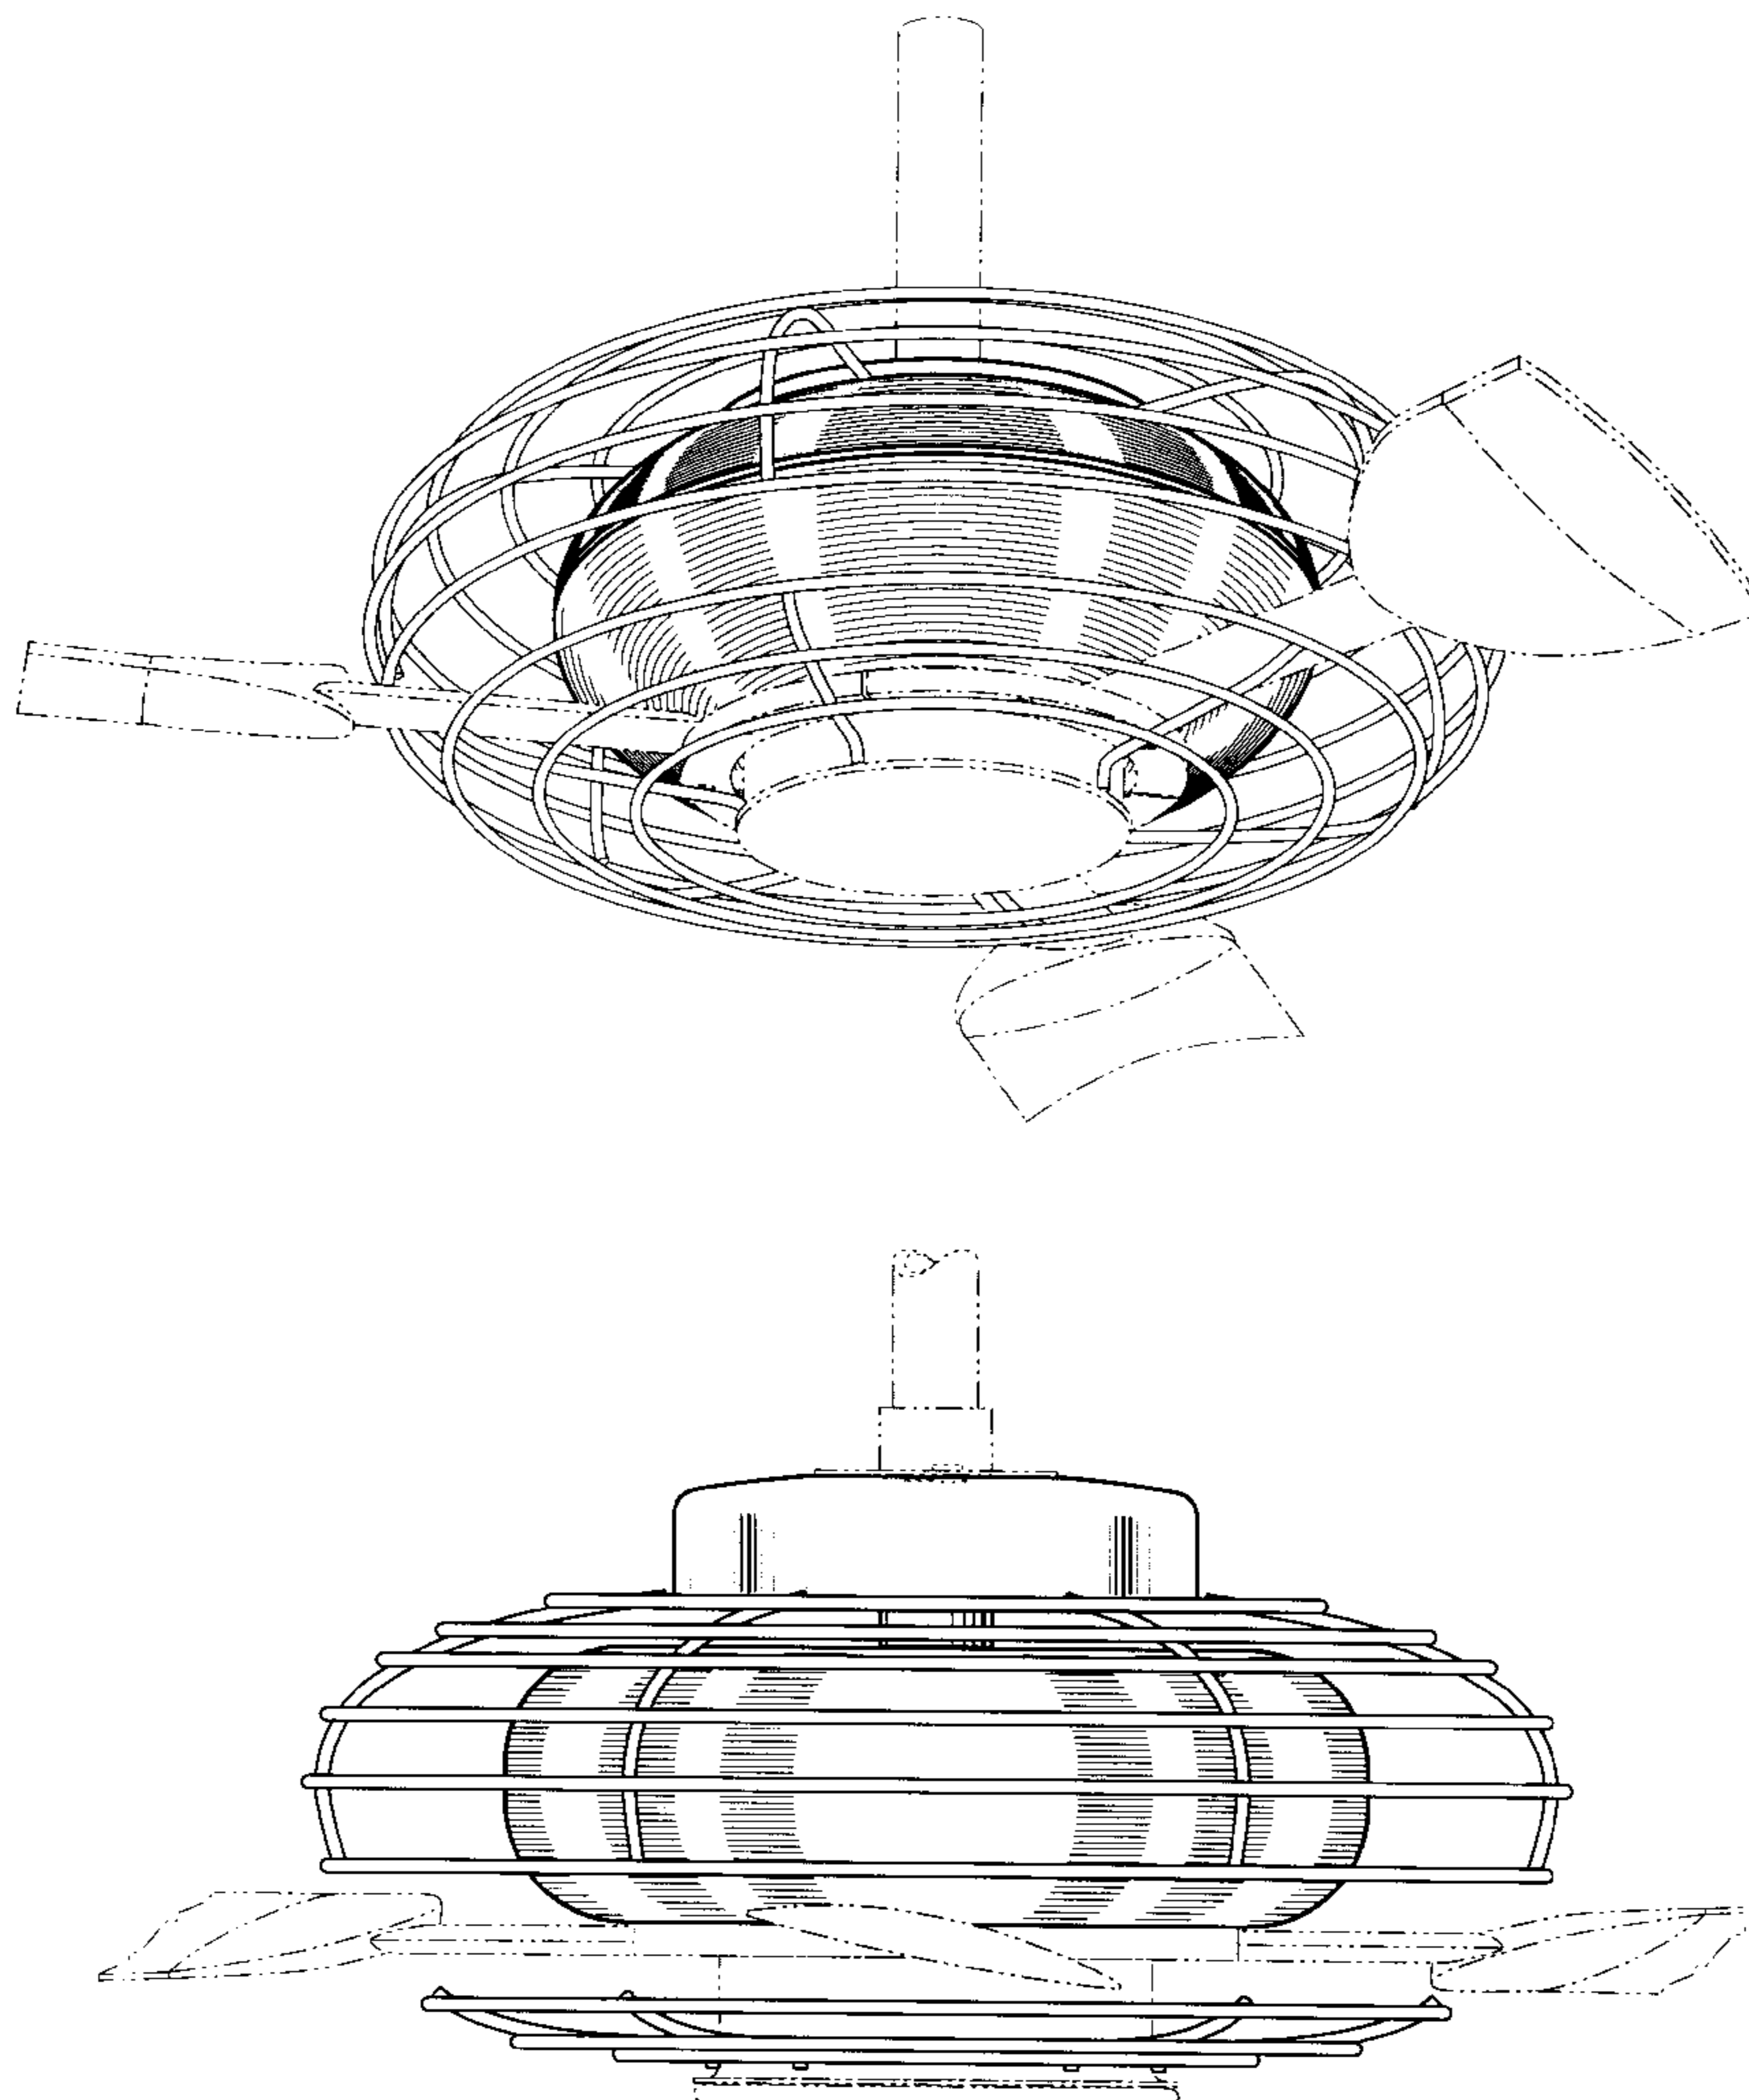

FIG. 4 is a front side elevational view of the fan body in accordance with my design;

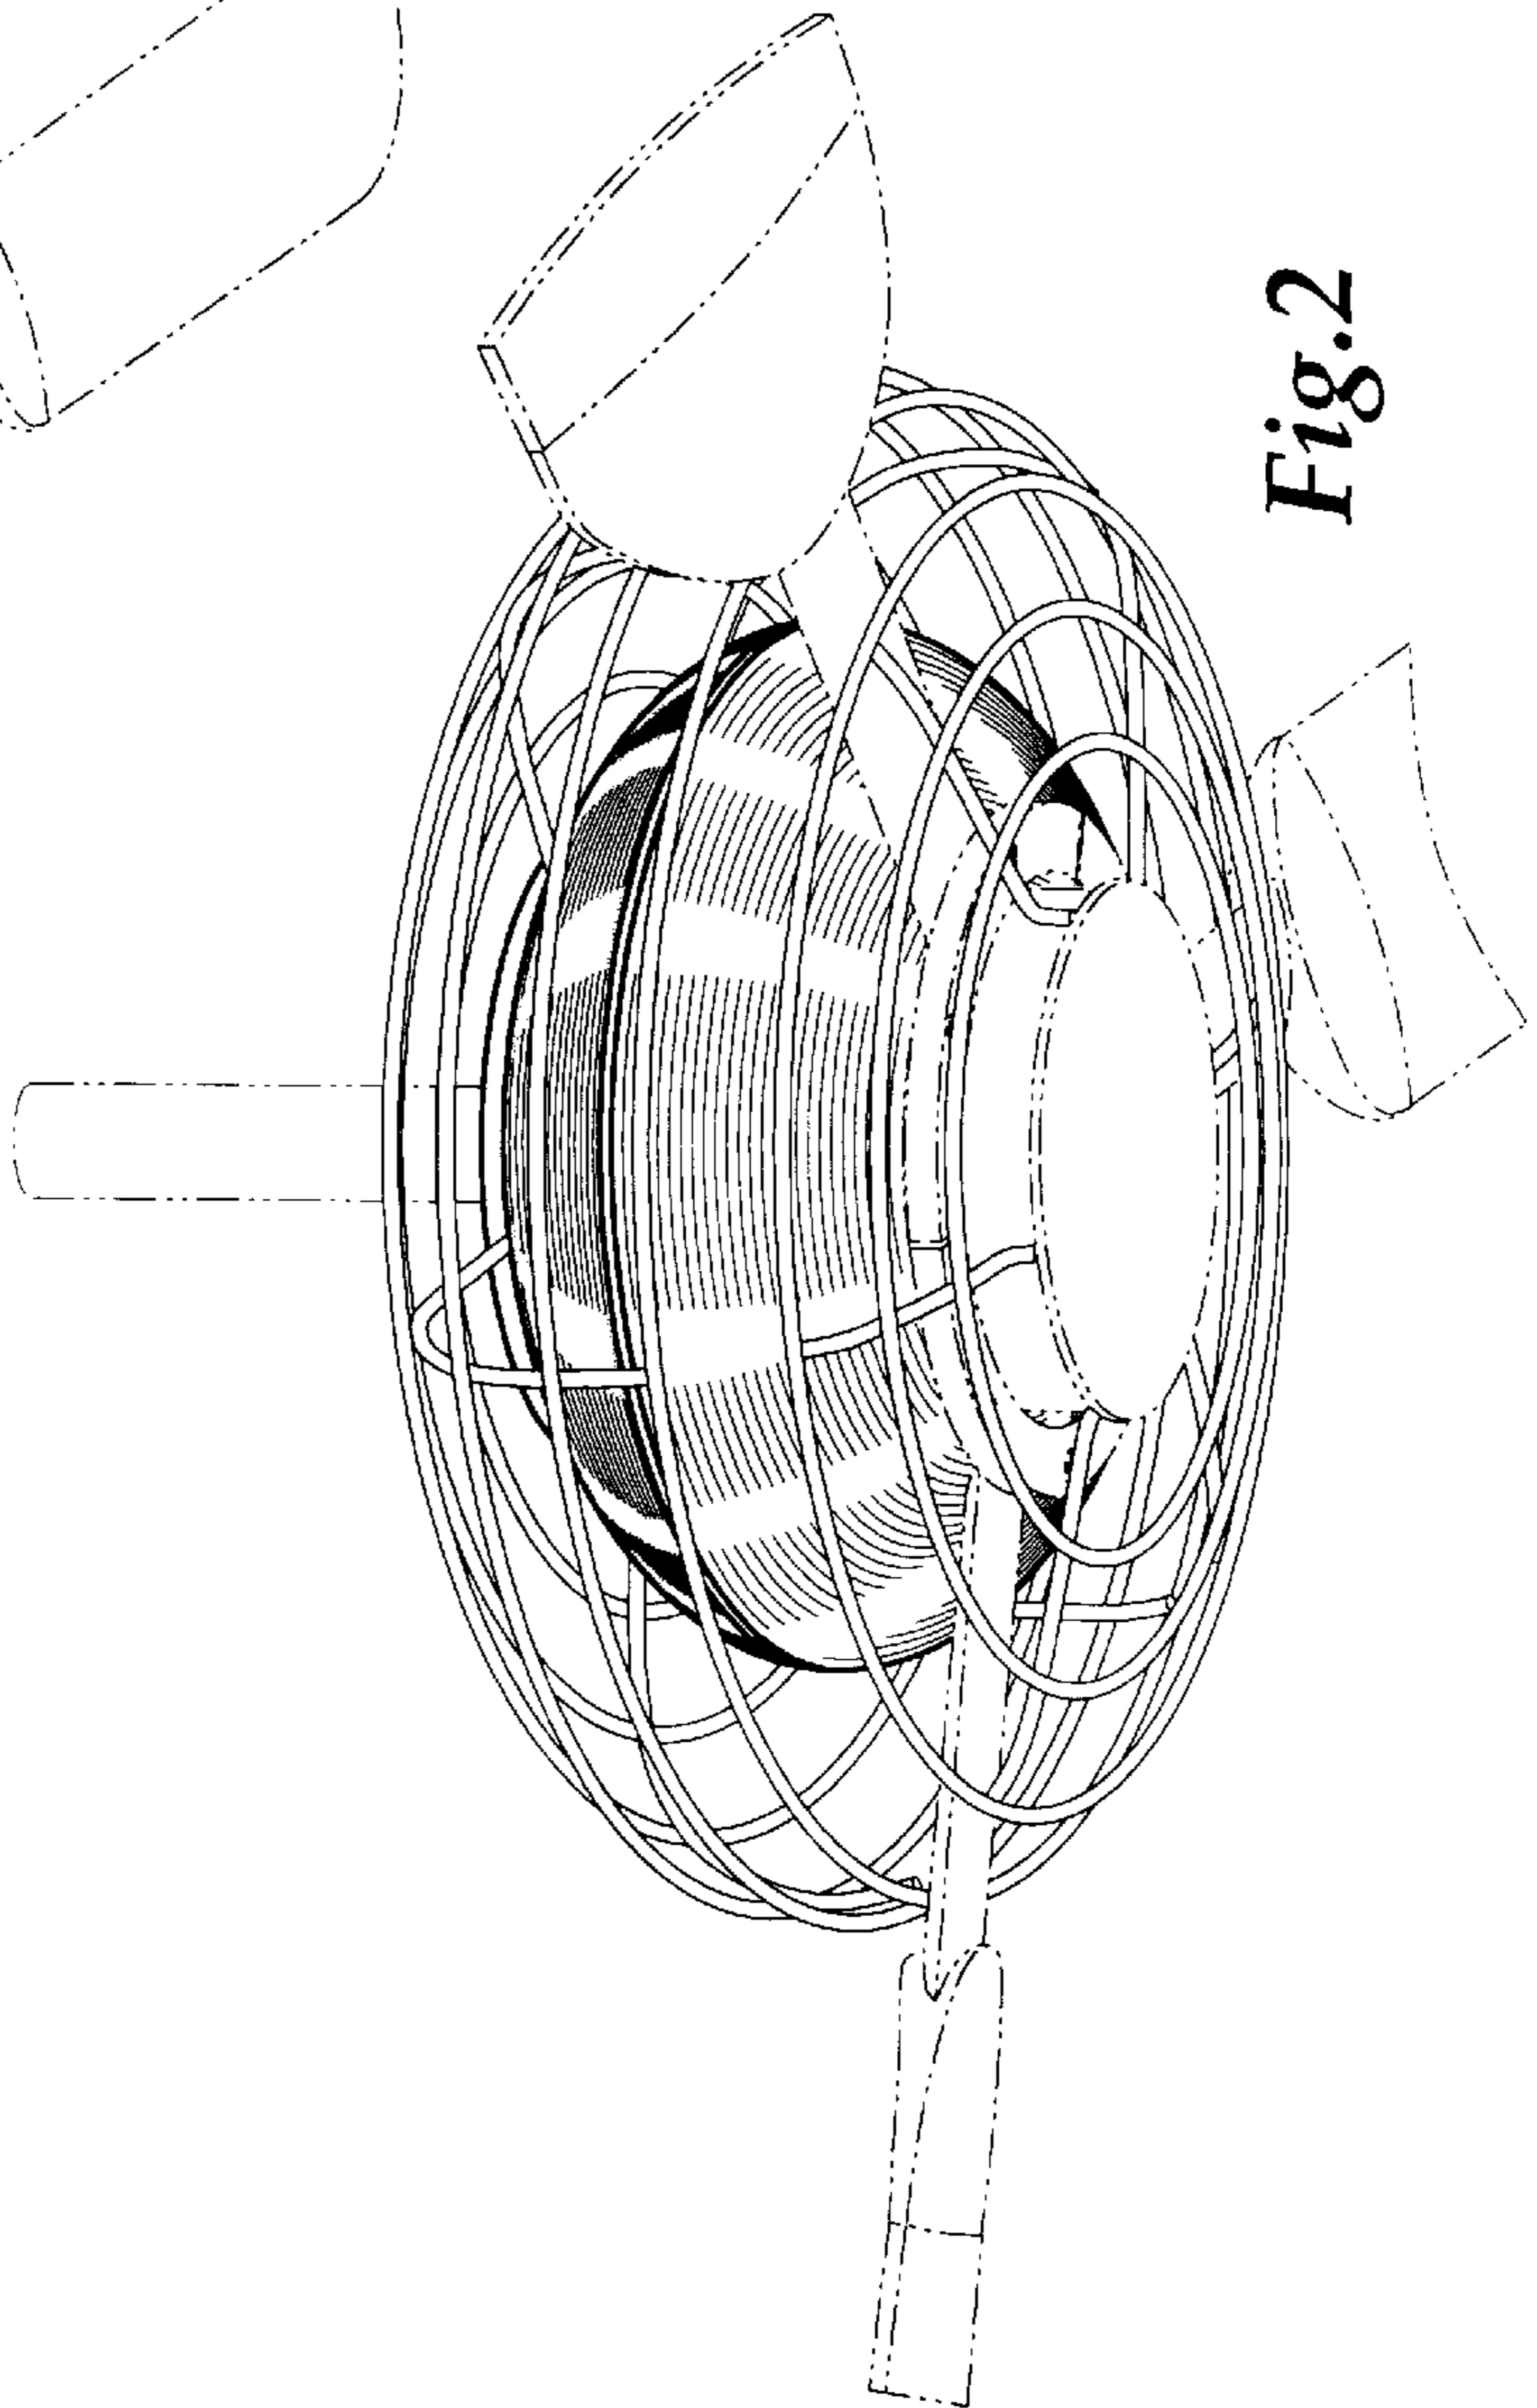

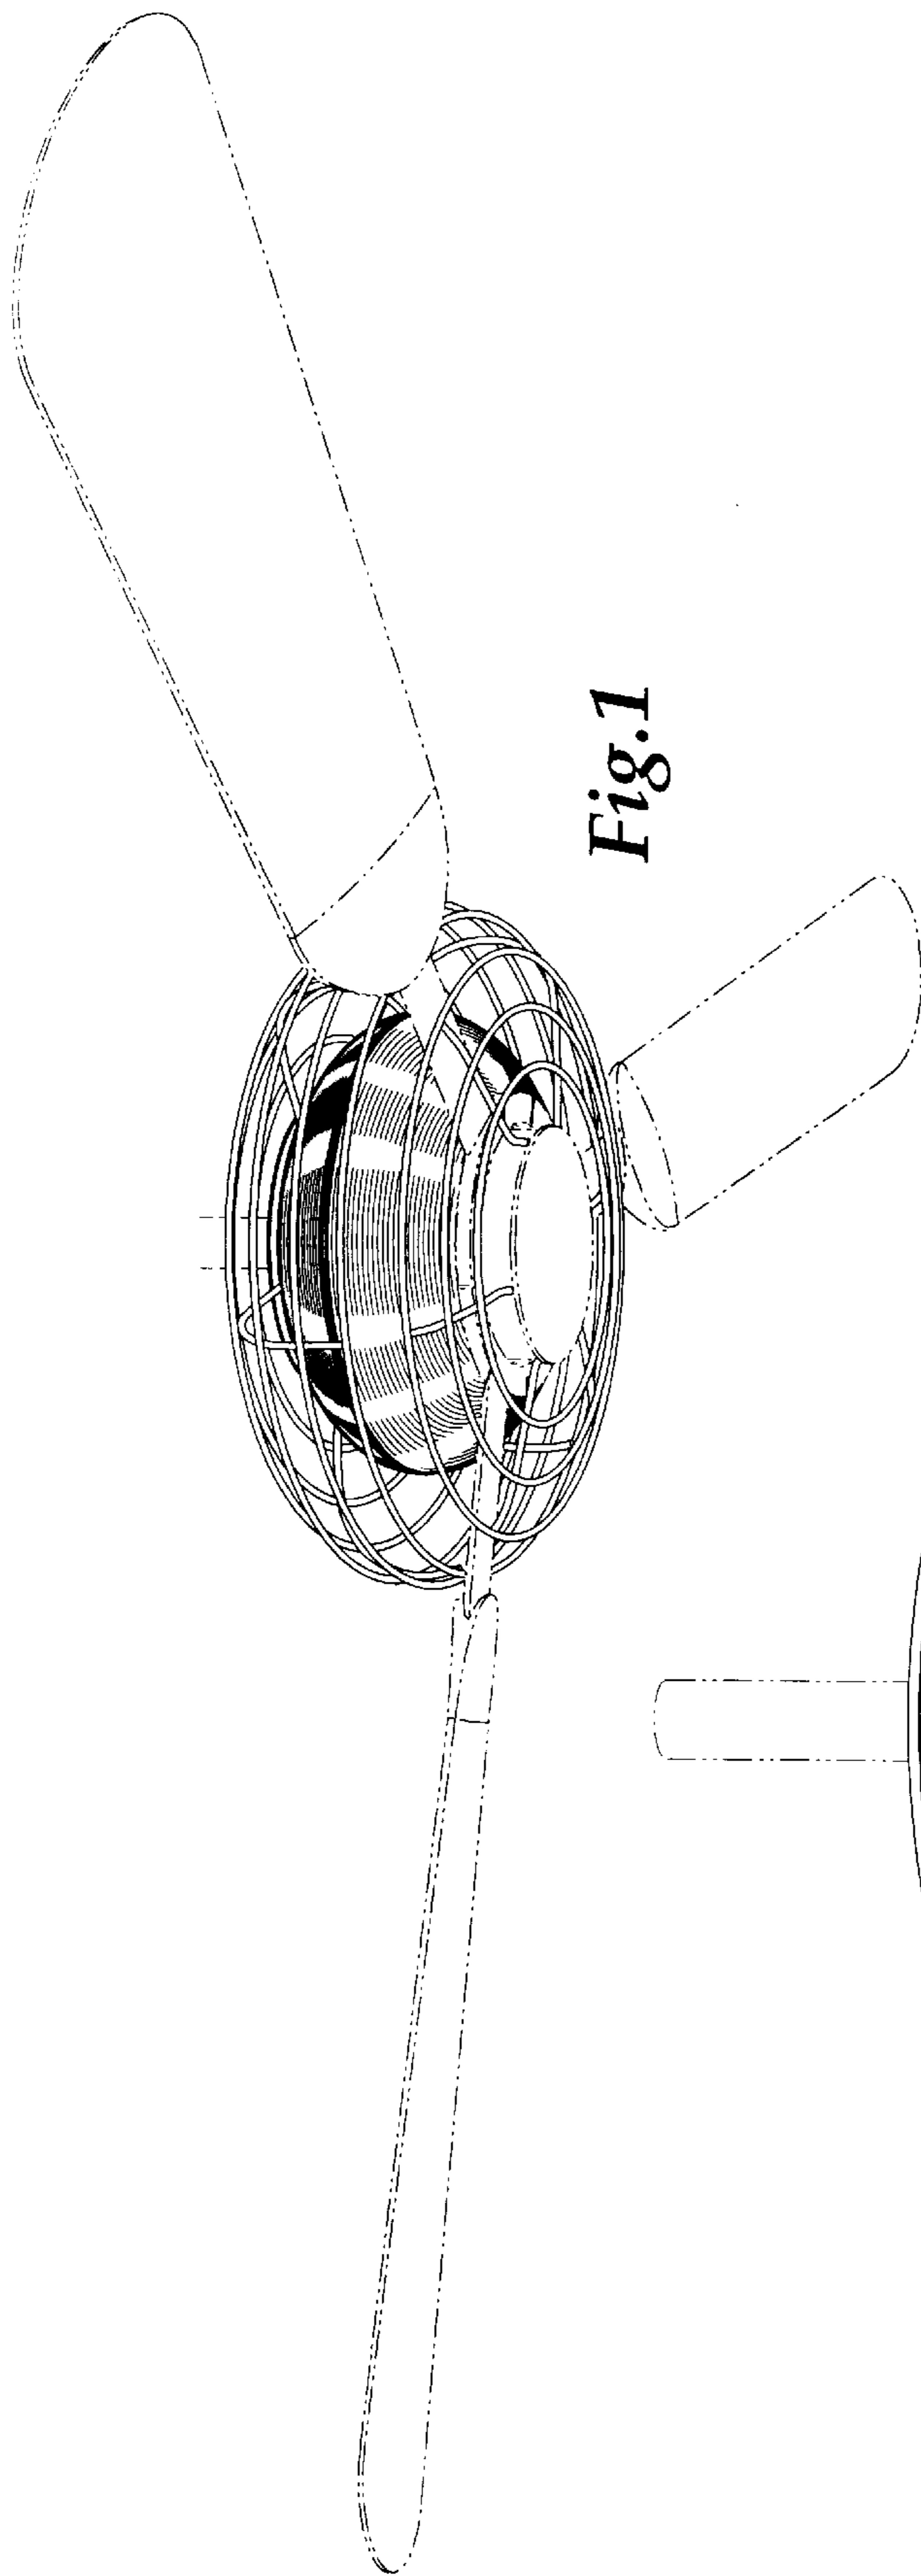

FIG. 5 is a bottom plan view of the fan body in accordance with my design, with the front located at the upper portion of the figure; and,

FIG. 6. is a right side elevational view of the fan body in accordance with my design, the left side being a mirror image thereof.

The broken lines show the environment in which the article is used and are not considered part of the design claimed.
