FIG. 8 is a front view showing a second embodiment of the electronics enclosure, showing colors that are associated with portions of the enclosure design.

The electronics enclosure may be used as a housing for a video teleconferencing system. The front of the electronics enclosure has a concave curvilinear portion which partially surrounds a convex curvilinear portion. In the alternative second embodiment, the concave curvilinear portion is grey, as indicated in FIG. 8 by the series of dotted parallel horizontal lines (i.e., -----), and the entire surface of the convex curvilinear portion is blue, as indicated in FIG. 8 by the series of solid parallel horizontal lines(i.e., _____).
