[57] CLAIM

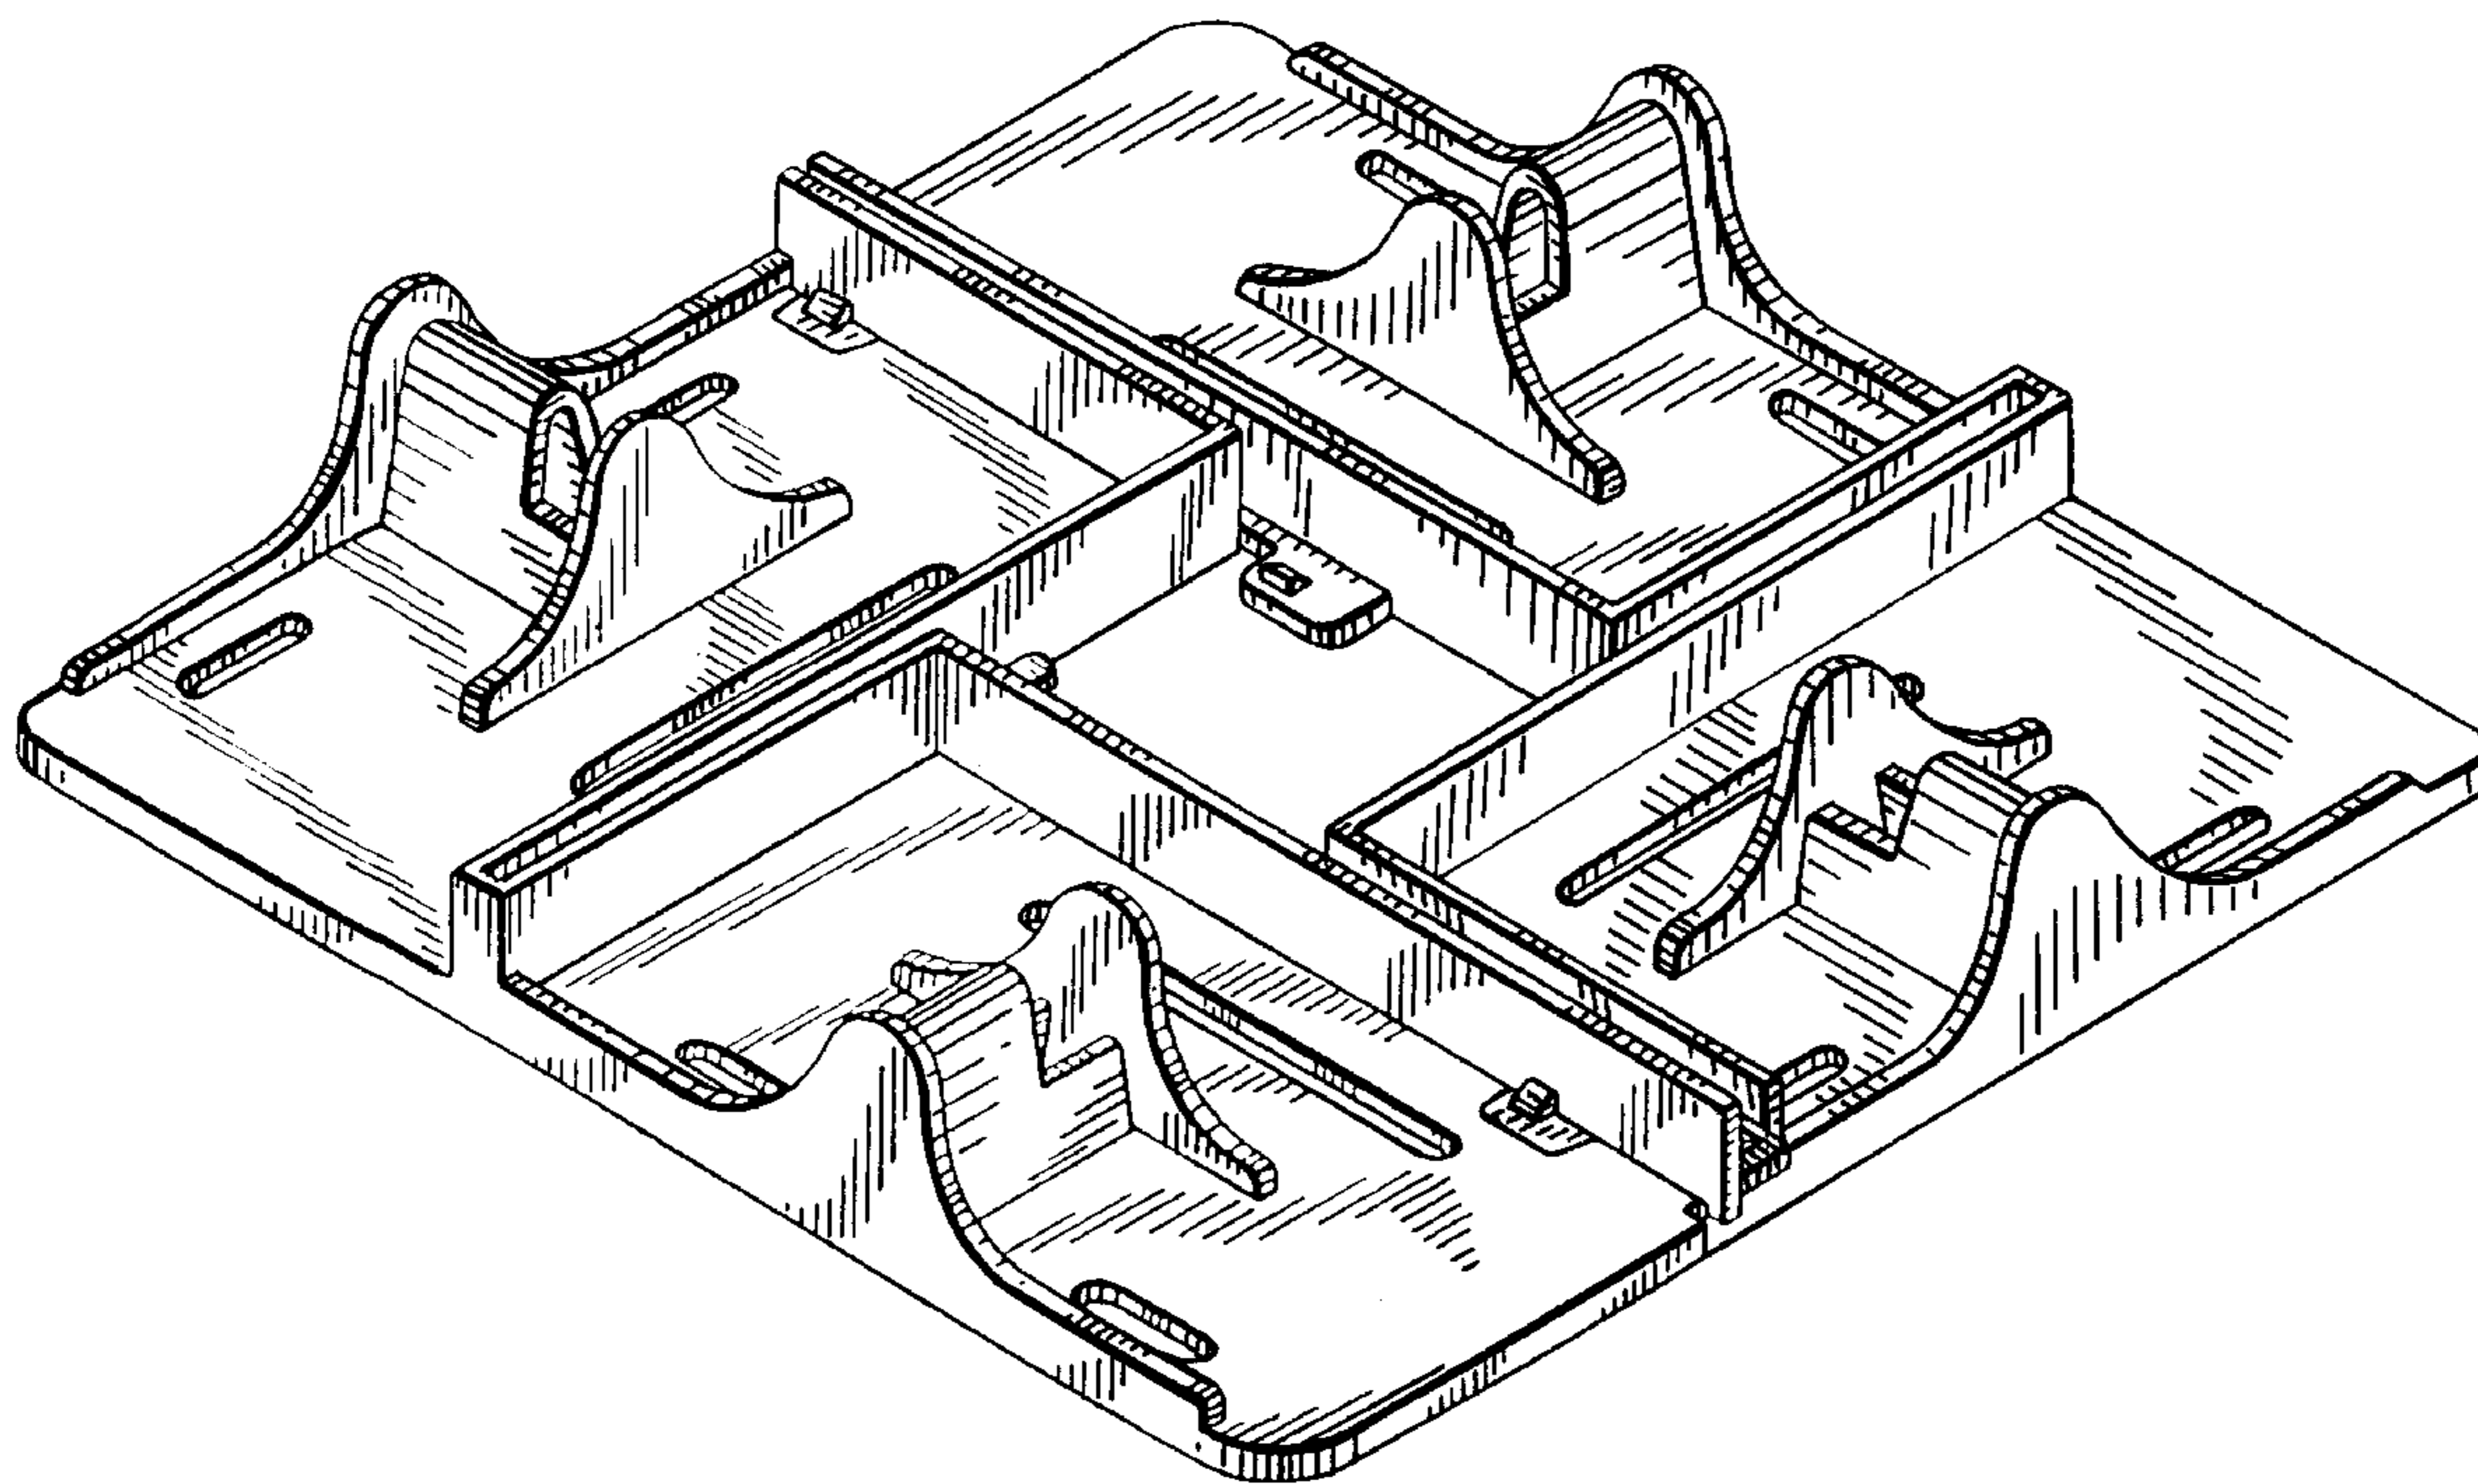

The ornamental design for a modular eyeglass display stand unit, as shown and described.

DESCRIPTION

FIG. 1 is atop plan view of a first embodiment of a modular eyeglass display stand unit of the present invention;
 FIG. 2 is a left end elevational view thereof, the right end elevational view being identical;
 FIG. 3 is a top, front and right end perspective view thereof; and,
 FIG. 4 is a top, front and right end perspective view of a second embodiment of a modular eyeglass display stand unit, the only differences being the addition of identical units and vertical dividers between them.

The surface(s) or portion(s) of the article not shown in the drawing or described in the specification form(s) no part of the claimed design.
