[57] **CLAIM**

The ornamental design for a blade latch lever for a multipurpose folding tool, as shown and described.

DESCRIPTION

FIG. 1 is an isometric view from the left front of a blade latch lever for a multipurpose folding tool showing our new design;

FIG. 2 is a top plan view thereof;

FIG. 3 is a left side elevational view thereof;

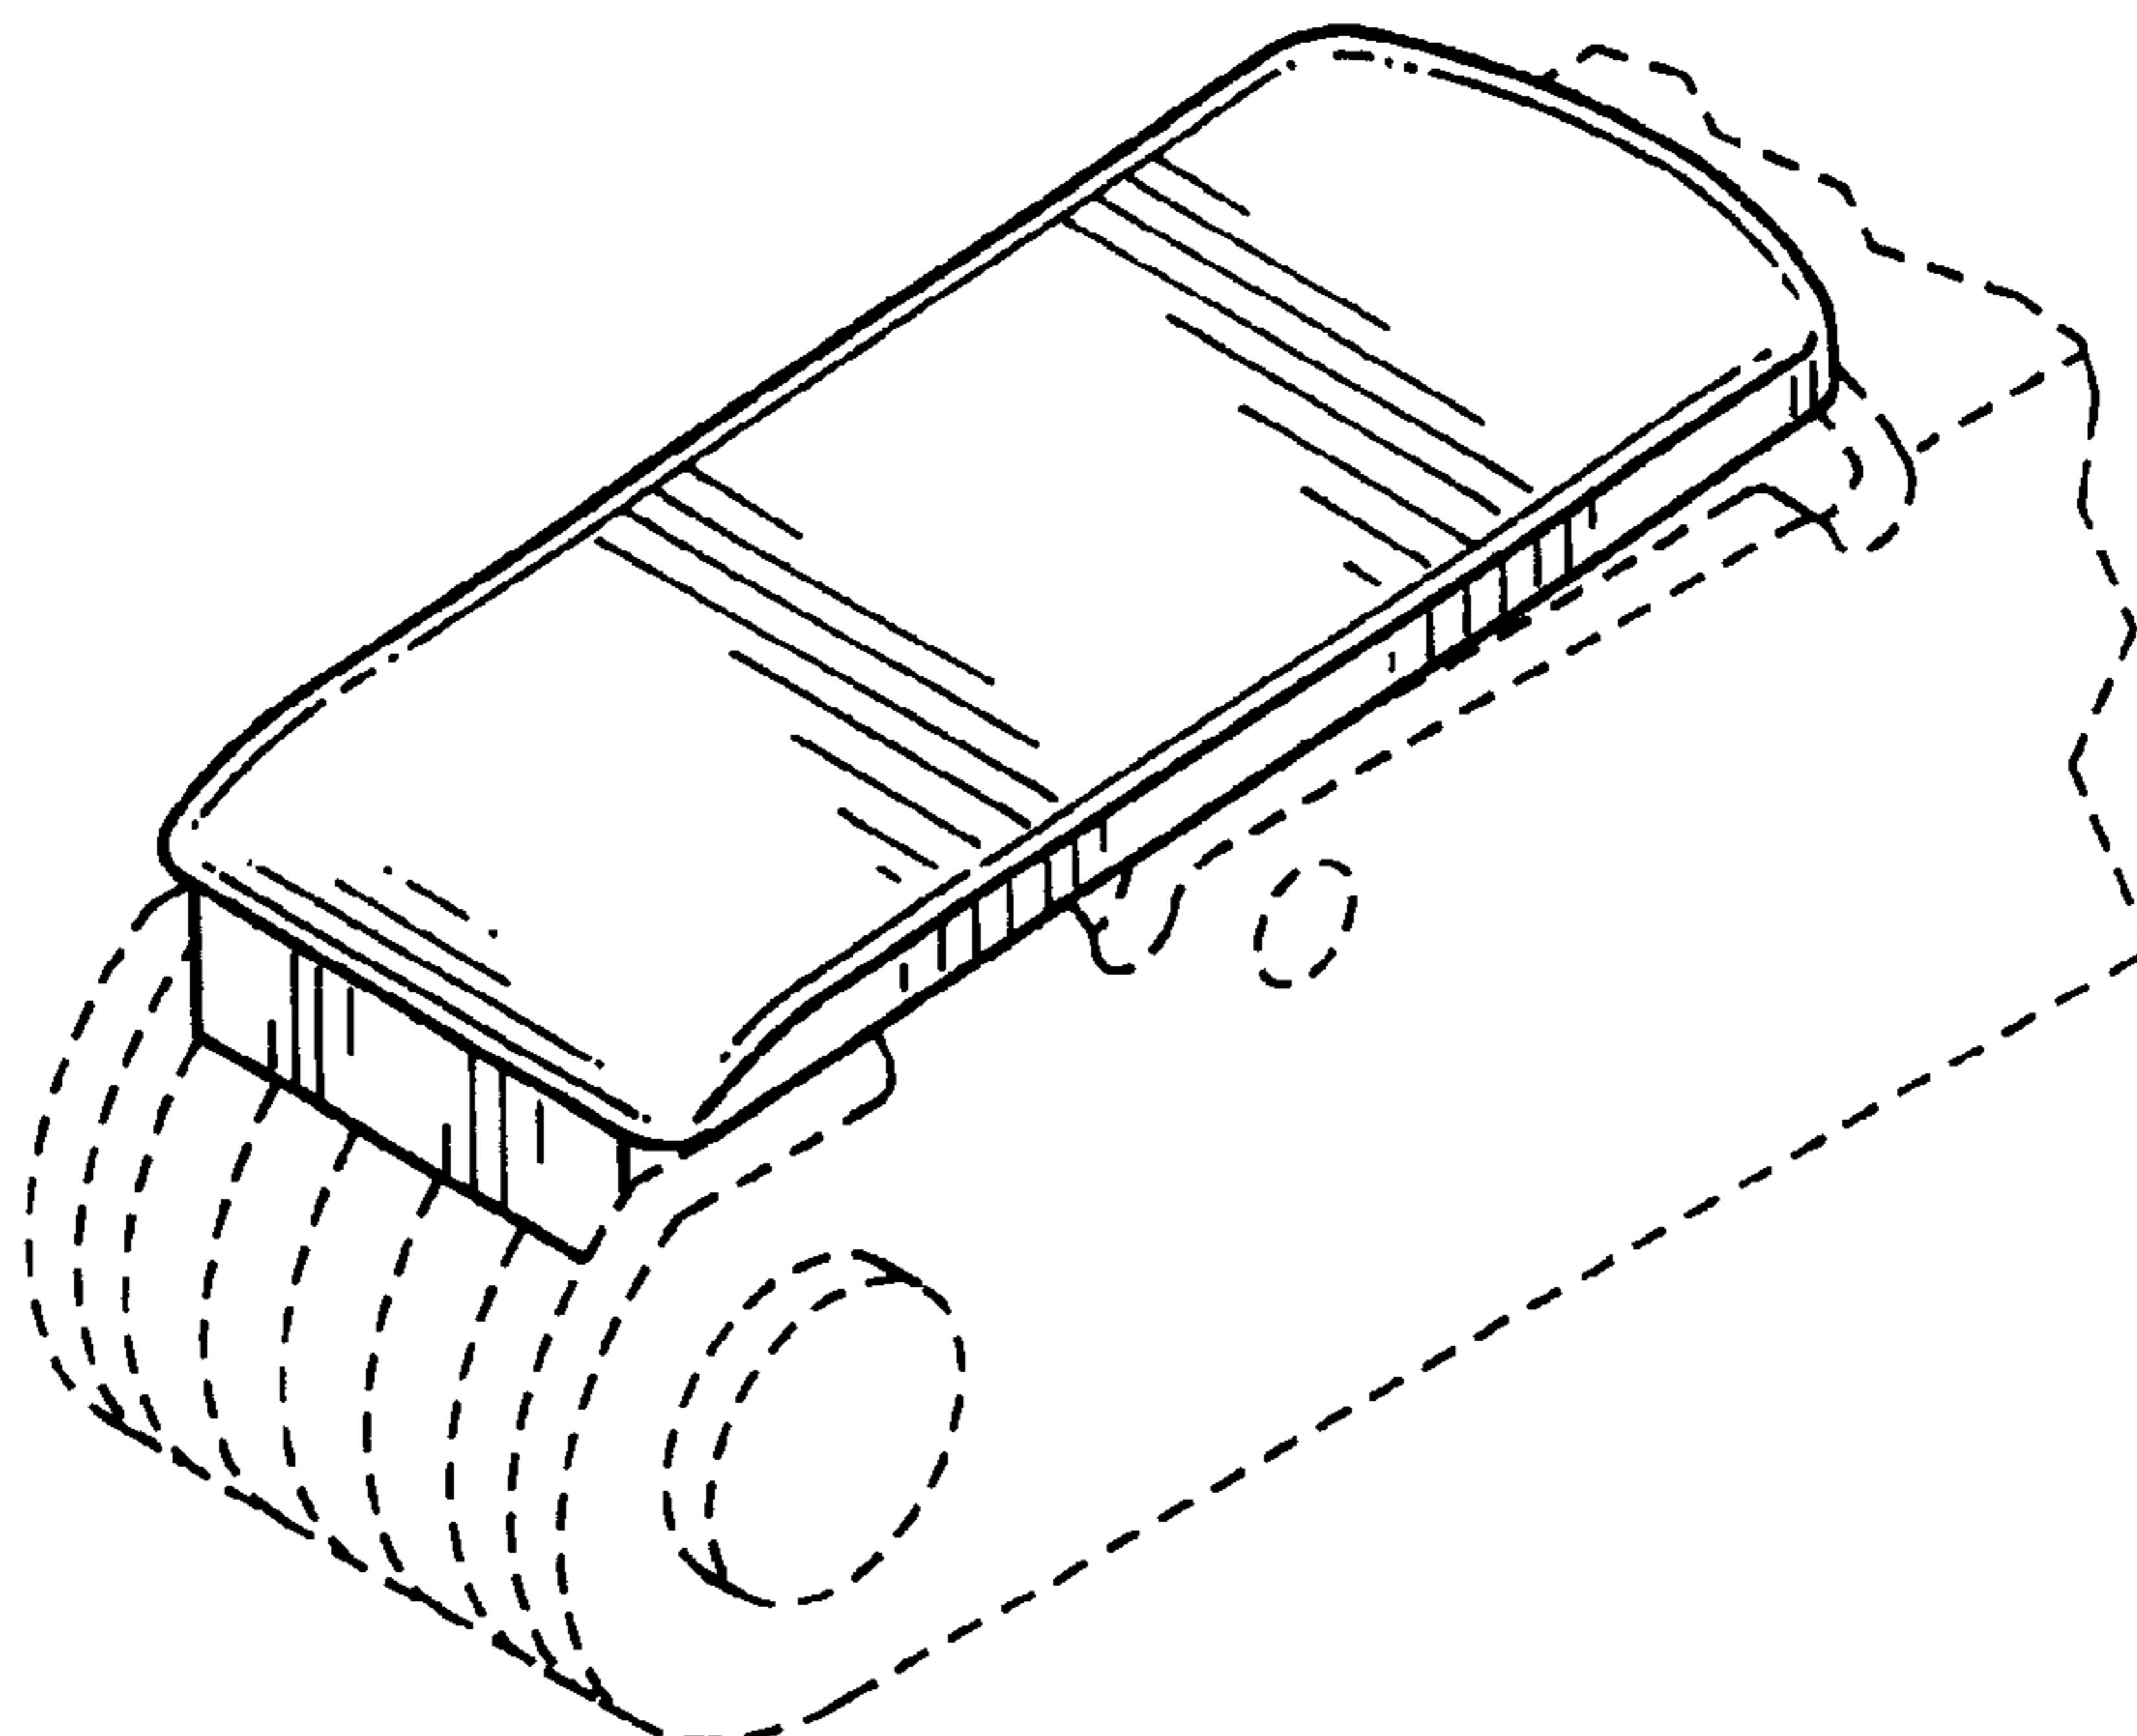

FIG. 4 is a front and elevational view thereof; and,

FIG. 5 is a rear end elevational view thereof. The depiction of a portion of a handle of a multipurpose folding tool in broken line in FIGS. 1-5 is environmental only and forms no part of the claimed design.

The portions of the article obscured by the broken line disclosure are not considered to be a part of the claimed design.

The right side is a mirror image of that shown in FIG. 3.
