[57] CLAIM

The ornamental design for crowd scene wallpaper, as shown
and described.

DESCRIPTION

The sole FIGURE is a top plan view of a crowd scene
wallpaper, showing my new design.
The FIGURE comprises a single repeat unit of the design.
The broken lines, which form no part of the claimed design,
indicate that the wallpaper continues indeterminately up and
down and that the pattern repeats uniformly throughout the
wallpaper. The sides of the wallpaper have no substantial
thickness and the rear surface forms no part of the claimed
design.
