[57] CLAIM

The ornamental design for a digital video disc and graphics carrying sleeve, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view of a digital video disc and graphics carrying case showing our new design, the broken lines showing the graphics being included to illustrate the use; such lines forming no part of the claimed design; FIG. 2 is a rear perspective view thereof; the broken lines showing the digital video disc being included to illustrate the use; such lines forming no part of the claimed design; FIG. 3 is a front elevational view thereof; FIG. 4 is a right side elevational view thereof; FIG. 5 is a top plan view thereof; FIG. 6 is a rear elevational view thereof; FIG. 7 is a left side elevational view thereof; and, FIG. 8 is a bottom plan view thereof. The patches of oblique lines in FIGS. 1 and 3 are understood to represent a transparent surface.
