[57] **CLAIM**

The ornamental design for a handheld pickup tool, as shown and described.

**DESCRIPTION**

FIG. 1 is a front elevational view of the handheld pickup tool of the present invention;

FIG. 2 is a rear elevational view of the handheld pickup tool of FIG. 1;

FIG. 3 is a left side elevational view of the handheld pickup tool of the FIG. 1;

FIG. 4 is a right side elevational view of the handheld pickup tool of FIG. 1;

FIG. 5 is a top plan view of the handheld pickup tool of FIG. 1; and,

FIG. 6 is a bottom plan view of the handheld pickup tool of FIG. 1.

The broken line running between the control knobs in FIG. 1 is intended to be surface ornamentation while the broken lines on the strap portion which form a rectangle and an "X" are meant to represent conventional stitching.
