[57] CLAIM

The ornamental design for a chair, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a chair of the present invention, with the back view being identical;

FIG. 2 is a top plan view of the chair of FIG. 1;

FIG. 3 is a bottom plan view of the chair of FIG. 1;

FIG. 4 is a right side view of the chair of FIG. 1, with the left side view being identical;

FIG. 5 is a front elevational view of a second embodiment of a chair of the present invention, with the back view being identical;

FIG. 6 is a top plan view of the chair of FIG. 5;

FIG. 7 is a bottom plan view of the chair of FIG. 5;

FIG. 8 is a right side view of the chair of FIG. 5, with the left side view being identical;

FIG. 9 is a front elevational view of a third embodiment of a chair of the present invention, with the back view being identical;

FIG. 10 is a top plan view of the chair of FIG. 9;

FIG. 11 is a bottom plan view of the chair of FIG. 9;

FIG. 12 is a right side view of the chair of FIG. 9, with the left side being identical;

FIG. 13 is a front elevational view of a fourth embodiment of a chair of the present invention, with the back view being identical;

FIG. 14 is a top plan view of the chair of FIG. 13;

FIG. 15 is a bottom plan view of the chair of FIG. 13; and, FIG. 16 is a right side view of the chair of FIG. 13.

The broken line showing in the accompanying FIGS. is for illustrative purposes only and forms no part of the claimed design.
