[57] CLAIM

The ornamental design for a bottle dome, as shown and described.

DESCRIPTION

FIG. 1 is an elevational view of the bottle dome of my new design;

FIG. 2 is an elevational view of the bottle dome illustrated in FIG. 1 having been rotated about 30° clockwise about its longitudinal central axis;

FIG. 3 is an elevational view of the bottle dome illustrated in FIG. 1 having been rotated about 60° clockwise about its longitudinal central axis;

FIG. 4 is an elevational view of the bottle dome illustrated in FIG. 1 having been rotated about 90° clockwise about its longitudinal central axis;

FIG. 5 is an elevational view of the bottle dome illustrated in FIG. 1 having been rotated about 120° clockwise about its longitudinal central axis;

FIG. 6 is an elevational view of the bottle dome illustrated in FIG. 1 having been rotated about 150° clockwise about its longitudinal central axis;

FIG. 7 is an elevational view of the bottle dome illustrated in FIG. 1 having been rotated about 180° clockwise about its longitudinal central axis;

FIG. 8 is an elevational view of the bottle dome illustrated in FIG. 1 having been rotated about 210° clockwise about its longitudinal central axis;

FIG. 9 is an elevational view of the bottle dome illustrated in FIG. 1 having been rotated about 240° clockwise about its longitudinal central axis;

FIG. 10 is an elevational view of the bottle dome illustrated in FIG. 1 having been rotated about 270° clockwise about its longitudinal central axis;

FIG. 11 is an elevational view of the bottle dome illustrated in FIG. 1 having been rotated about 300° clockwise about its longitudinal central axis;

FIG. 12 is an elevational view of the bottle dome illustrated in FIG. 1 having been rotated about 330° clockwise about its longitudinal central axis;

FIG. 13 is a top plan view of the bottle dome; and,

FIG. 14 is a bottom plan view of the bottle dome.

The broken line showing of the upstanding finish portion of the bottle dome in FIGS. 1-13 and the broken line showing of the body of the bottle in FIG. 1 are for illustrative purposes only and form no part of the claimed design.
