[57] **CLAIM**

The ornamental design for a desktop iris scanning device, as shown and described herein.

DESCRIPTION

FIG. 1 is a right-front perspective view of a desktop iris scanning device showing an embodiment of the present invention; the undisclosed left-front perspective view is identical;

FIG. 2 is a full left-side perspective view of a desktop iris scanning device showing an embodiment of the present invention; the undisclosed full right-side view perspective is identical;

FIG. 3 is a front perspective view of a desktop iris scanning device showing an embodiment of the present invention;

FIG. 4 is a back perspective view of a desktop iris scanning device showing an embodiment of the present invention; and,

FIG. 5 is a top perspective view of a desktop iris scanning device showing an embodiment of the present invention.

The bottom is flat and unornamented.
