[57] CLAIM

The ornamental design for an adhesive label, as shown and described.

DESCRIPTION

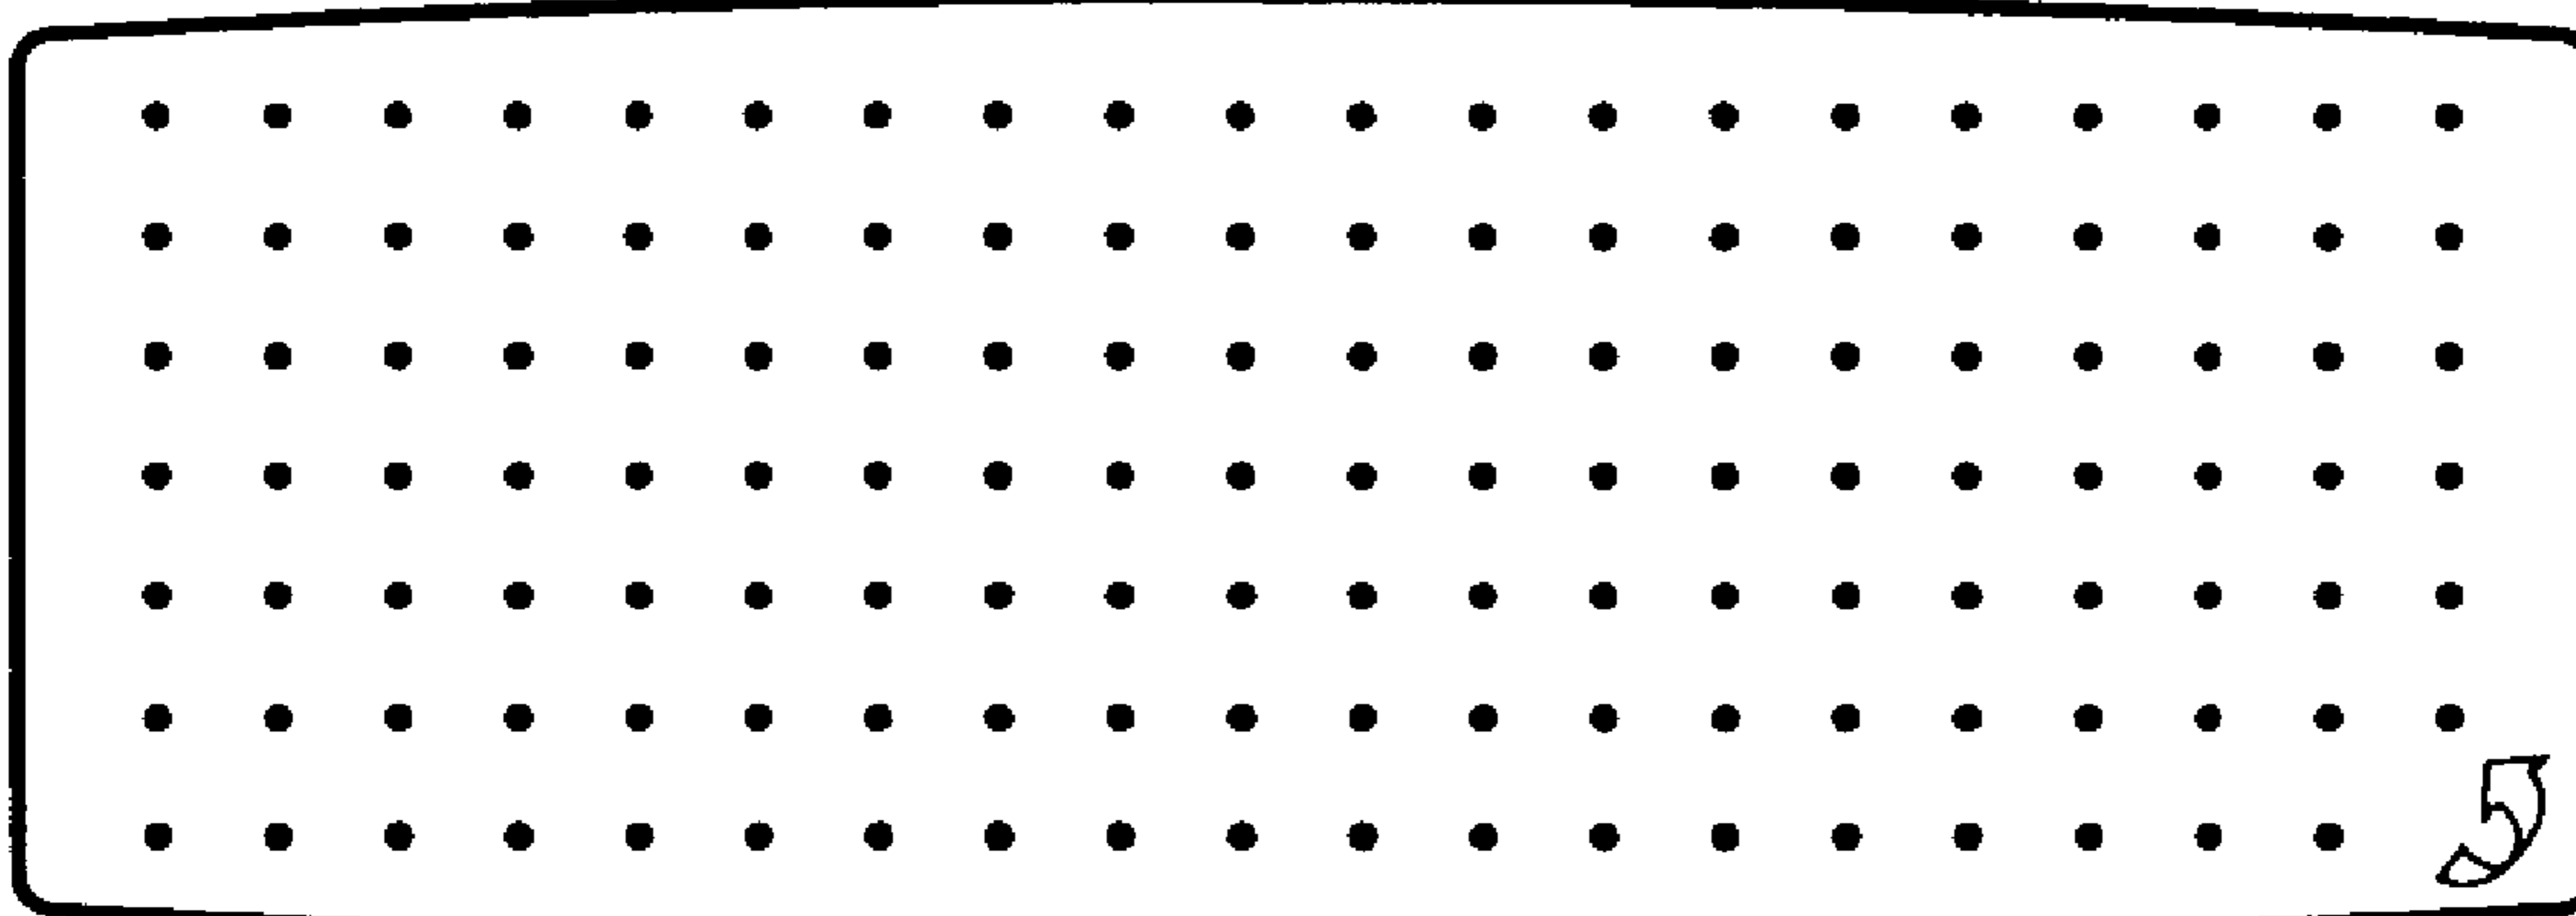

FIG. 1 is a plan view of the top side of a first embodiment of the adhesive label showing our new design;

FIG. 2 is a plan view of the top side of a second embodiment thereof; and,

FIG. 3 is a plan view of the top side of a third embodiment thereof.

The curved arrows represented by the phantom lines in FIGS. 1-3 is for illustrative purposes only and form no part of the claimed design. Further, since the adhesive label of the present invention is effectively two-dimensional, and the contents of the bottom side of the label do not form a part of the present invention, the invention is shown by the top side views of FIGS. 1-3.
