[57] **CLAIM**

The ornamental design for a portion of a controller primarily
intended for an electric motor, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a portion of a controller
primarily intended for an electric motor showing my new
design, the remainder of the controller shown in broken lines
form no part of the claimed design;

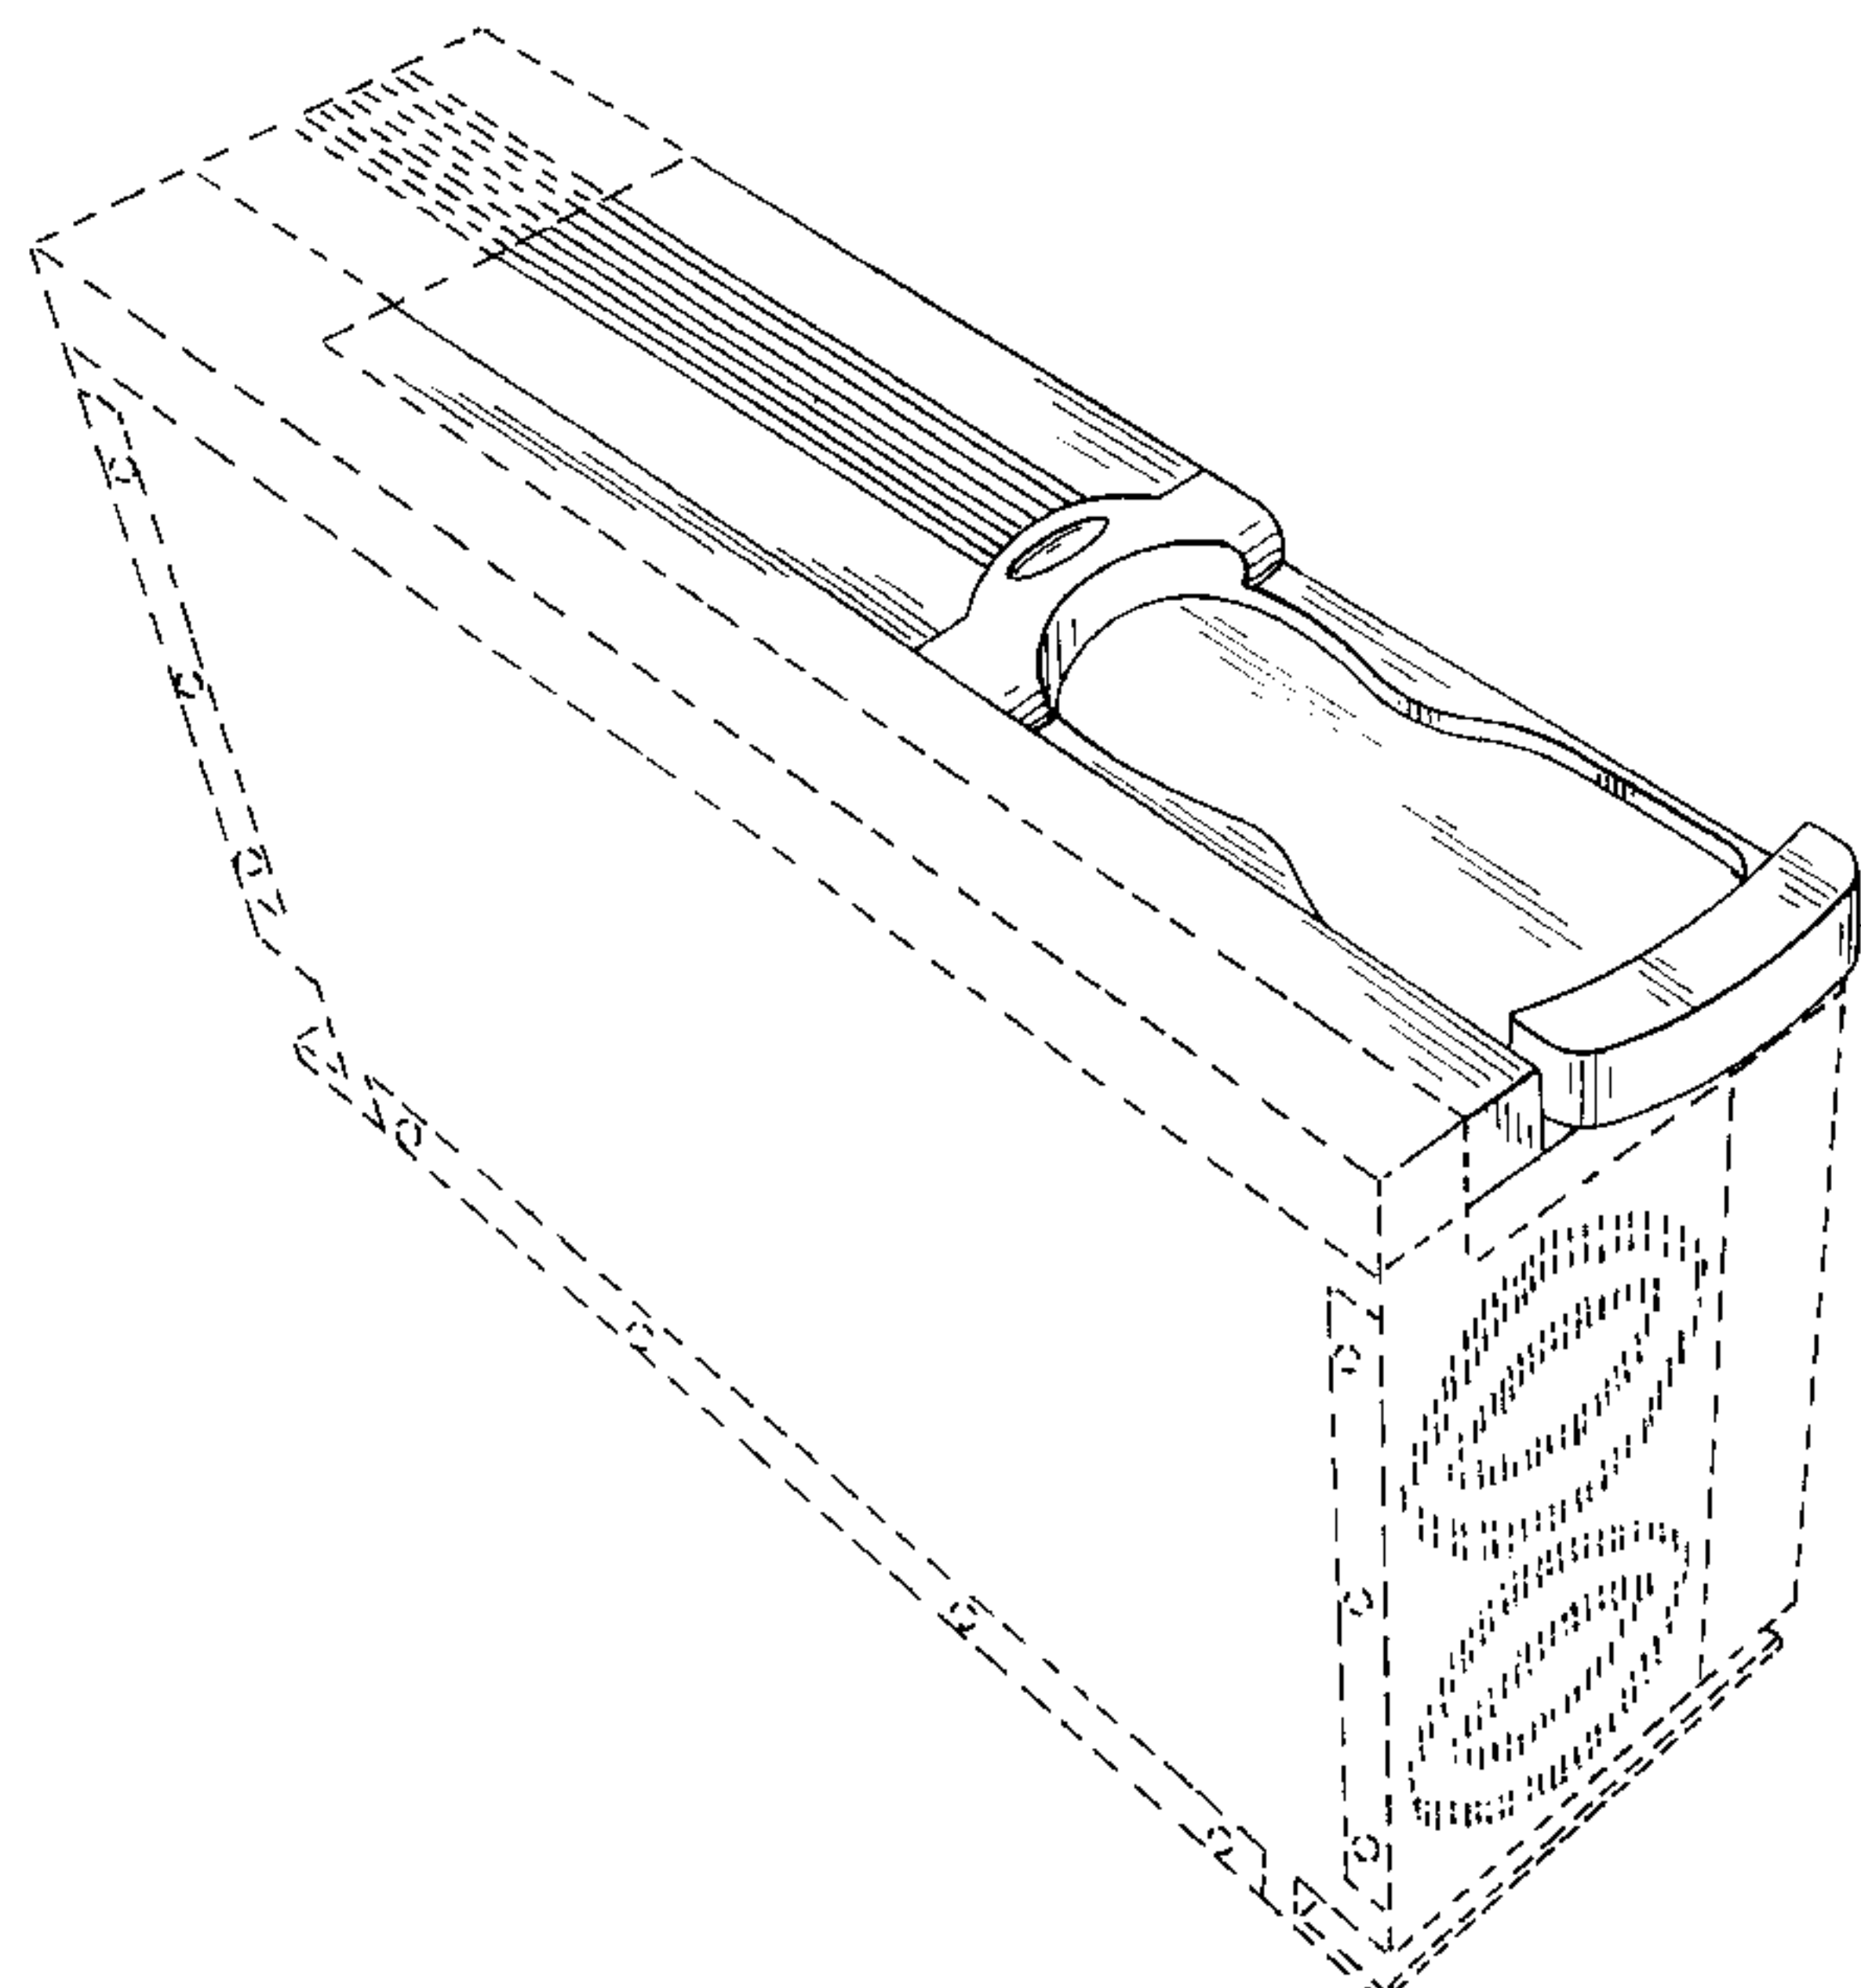

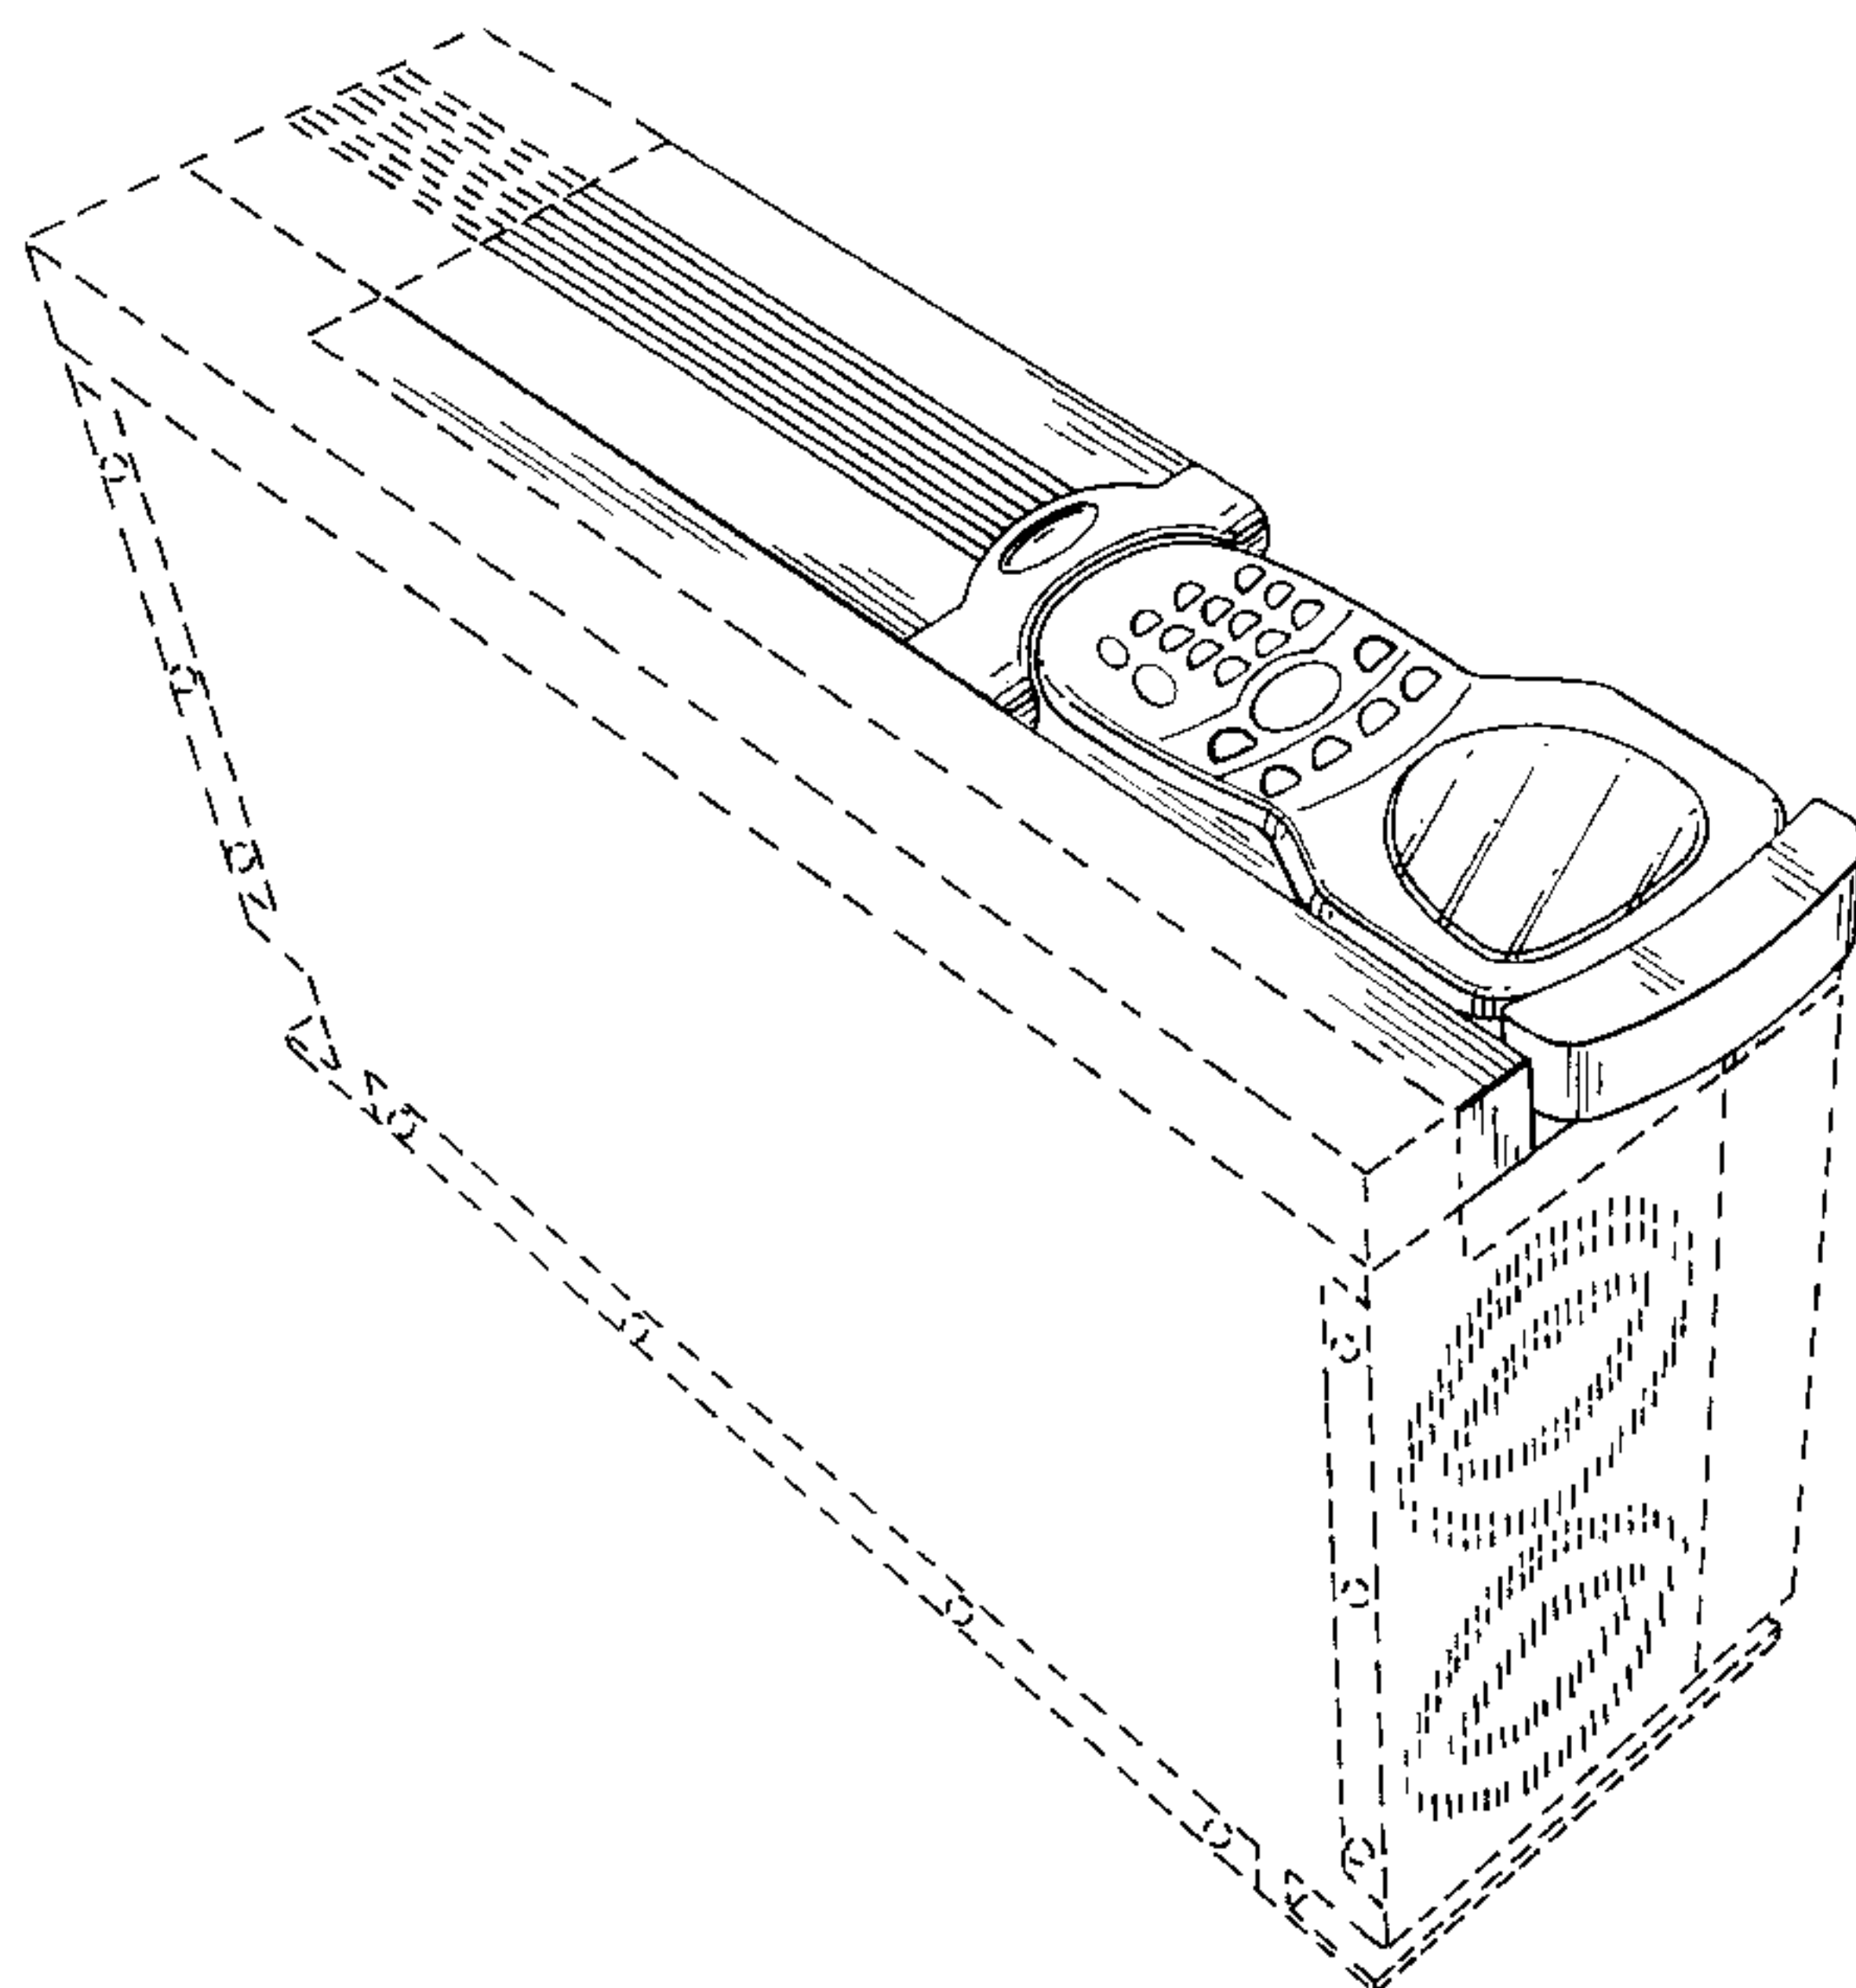

FIG. 2 is a left side elevational view thereof;

FIG. 3 is a front, bottom, and left side perspective view
thereof;

FIG. 4 is a front, top, and right side perspective view thereof;
and,

FIG. 5 is a front, top, and right side perspective view thereof,
with a removable component detached.
