[57] **CLAIM**

The ornamental design for a video camera with digital video disk player, as shown and described.

DESCRIPTION

FIG. 1 is a front, top and right side perspective view of a video camera with digital video disk player showing our new design;

FIG. 2 is a top plan view thereof;

FIG. 3 is a front elevational view thereof;

FIG. 4 is a left side elevational view thereof;

FIG. 5 is a right side elevational view thereof;

FIG. 6 is a bottom plan view thereof; and,

FIG. 7 is a rear side elevational view thereof.

A video camera with digital video disk player has a semi-circular protuberance which suggests a disk on the surface of the body of the camera which includes a disk for recording images and sounds. The protuberance symbolizes a part of the disk camera and provides a high class impression.

The broken line showing of FIGS. 1-7 is for illustrative purposes of the environment only and forms no part of the claimed design.
