DESCRIPTION

FIG. 1 is an environmental perspective view of a musical balloon toy showing my new design; FIG. 2 is a front elevational view thereof; FIG. 3 is a rear elevational view thereof; and, FIG. 4 is a side elevational view with all remaining sides being an identical view thereof.

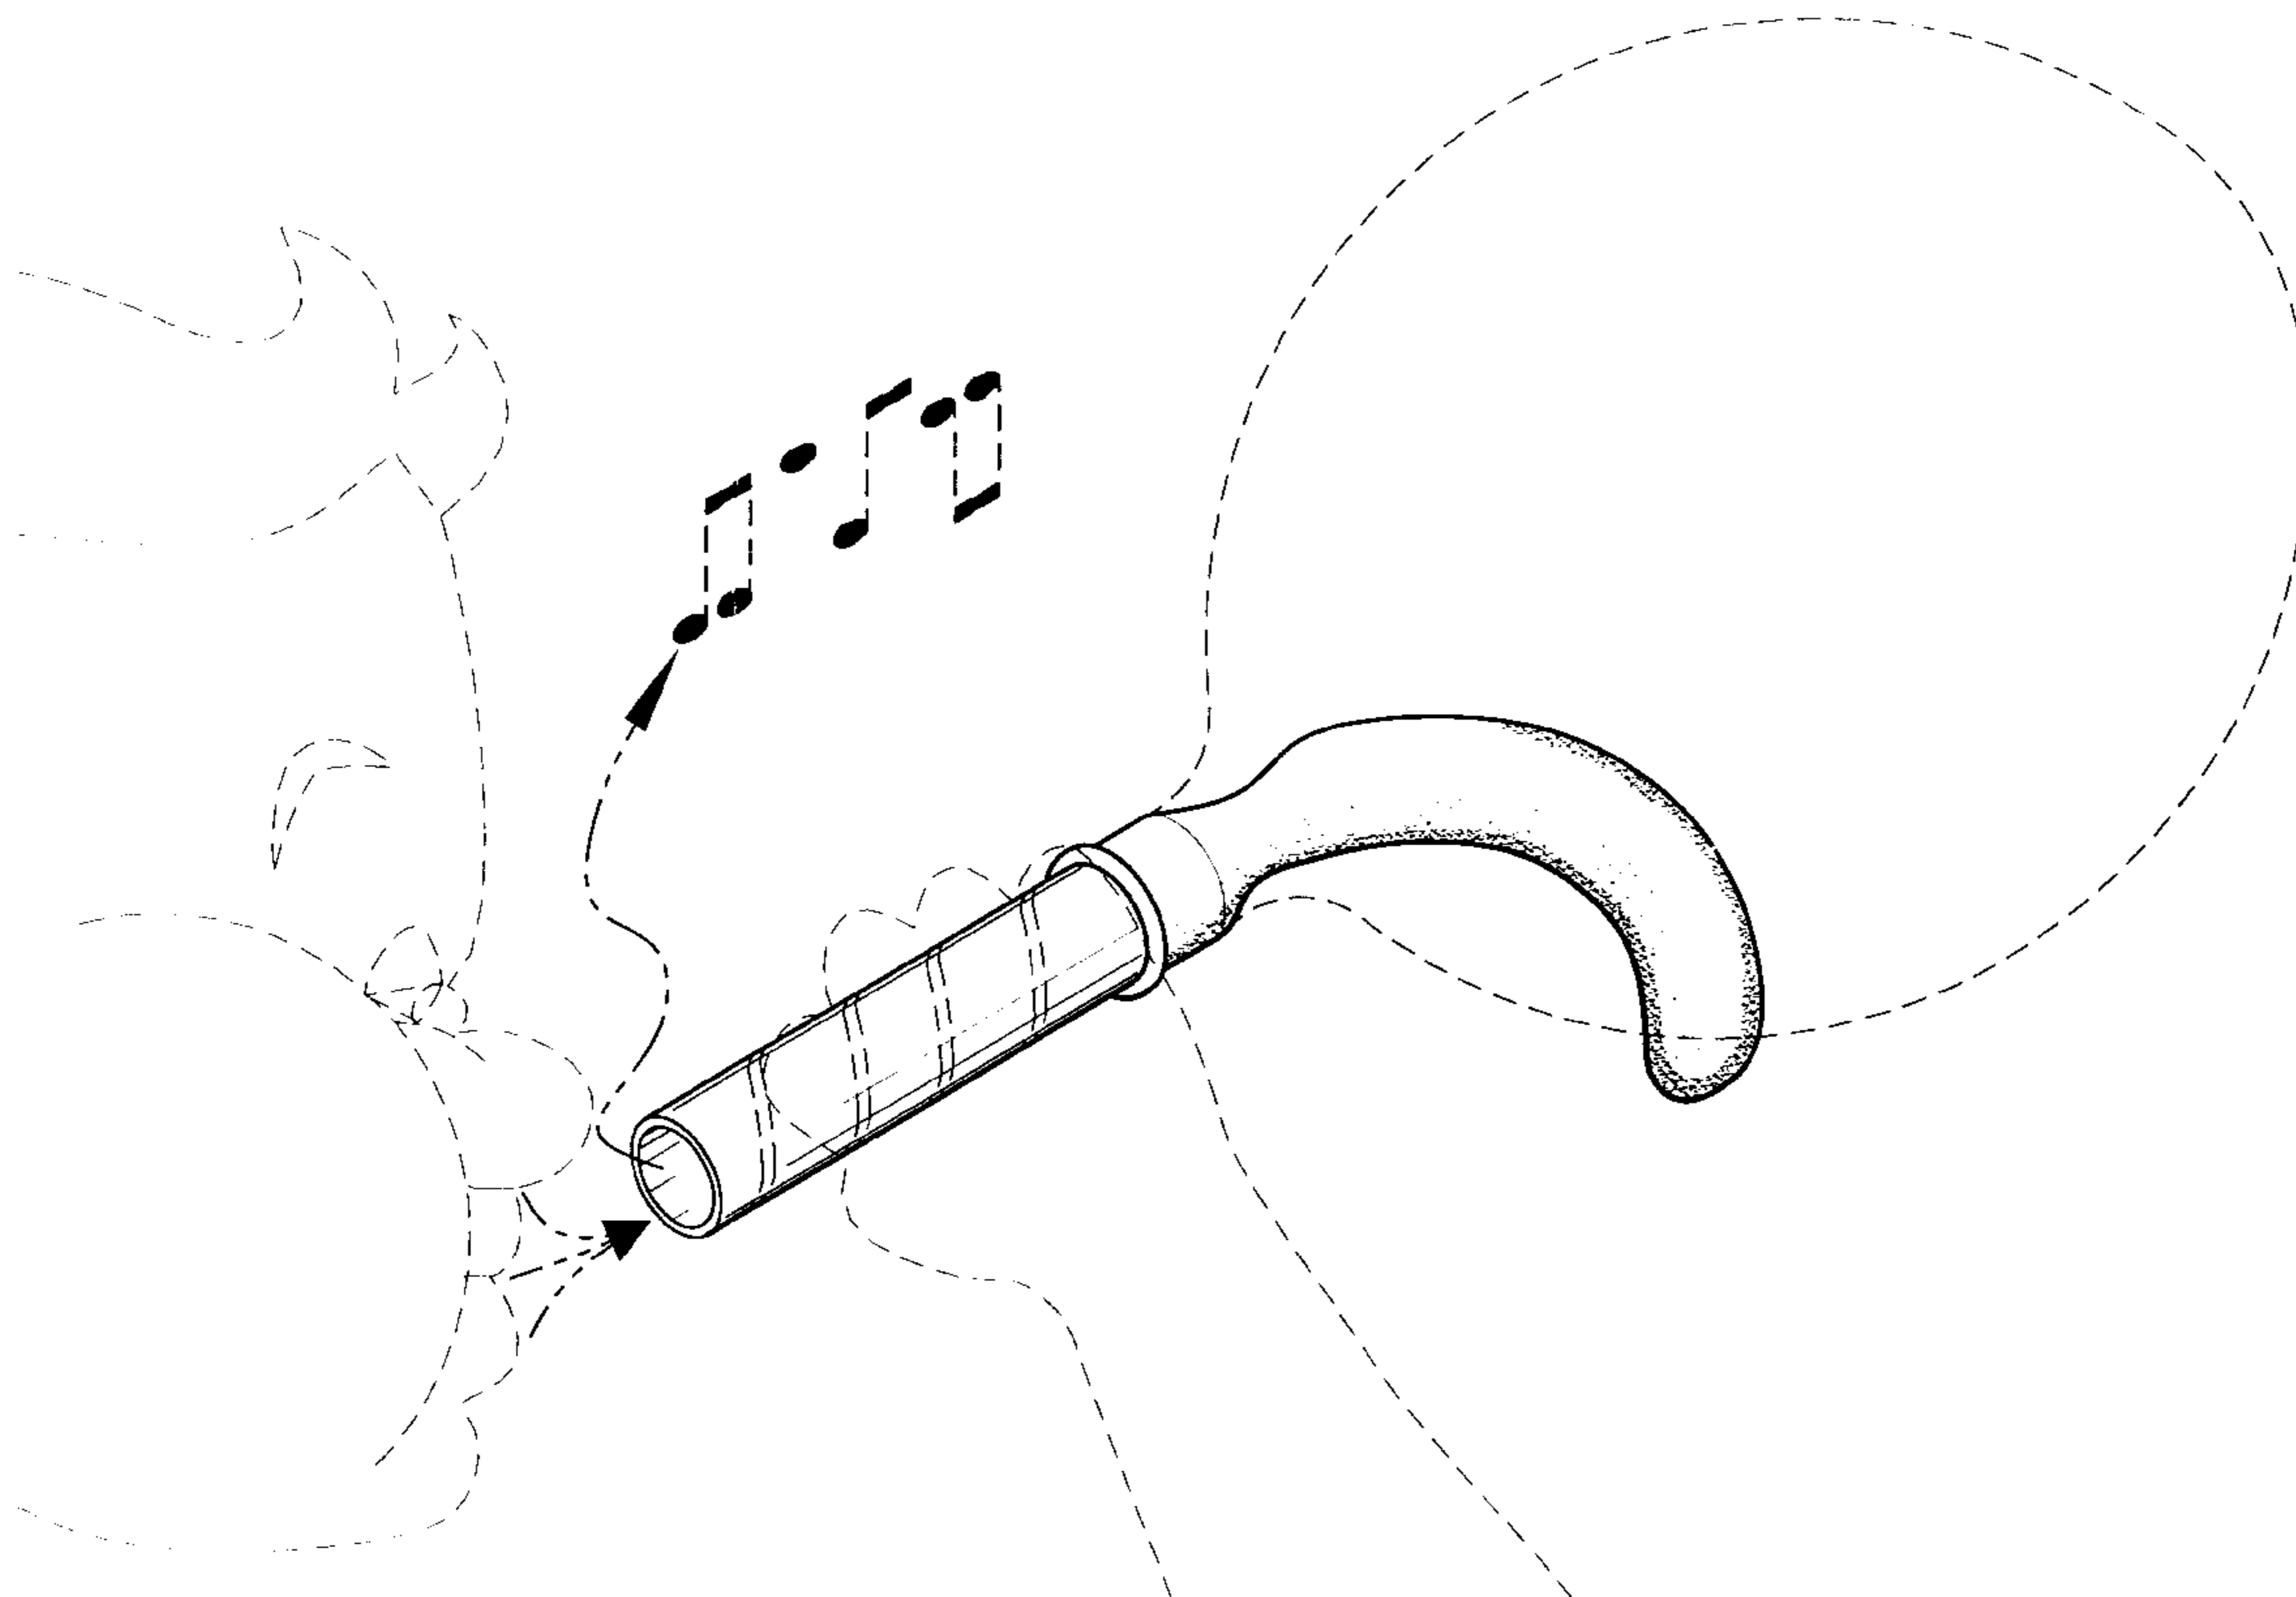

The broken line showing of a person blowing through the toy and inflating the balloon to an expanded state, and the return passage of air causing musical sounds, is for illustrative purposes only and forms no part of the claimed design. Likewise, the broken line showing of a spiral decorative design is for illustrative purposes only and forms no part of the claimed design.
