[57] **CLAIM**

The ornamental design for a cover for a radio antenna, as shown.

DESCRIPTION

FIG. 1 is a frontal view showing the front of the cover for a radio antenna embodying my new design;
FIG. 2 is a side view showing the right side of the cover for a radio antenna;
FIG. 3 is a left side view showing the left side of the cover for a radio antenna;
FIG. 4 is a rear view showing the back of the cover for a radio antenna;
FIG. 5 is a top view showing the top of the cover for a radio antenna; and,
FIG. 6 is an elevational frontal view as viewed from the left side of the cover for a radio antenna.
The surfaces of the article not shown in the drawing or described in the specification form no part of the claimed design.
