[57] CLAIM

The ornamental design for a foilet tissue roll container, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a toilet tissue roll container in the closed position.

FIG. 2 is a perspective view of the toilet tissue roll container, in the open position, in full lines with a roll of toilet tissue shown in broken lines representing environmental association matter being for illustrative purposes only and forming no part of the claimed invention.

FIG. 3 is a cross sectional view of the toilet tissue roll container, in the closed position, in full lines with rolls of toilet tissue shown in broken lines representing environmental association matter being for illustrative purposes only and forming no part of the claimed invention.

FIG. 4 is a front elevational view of the toilet tissue roll container in the closed position.

FIG. 5 is a rear elevational view thereof.

FIG. 6 is a left side elevational view thereof, the right side elevational view being a mirror image of the left side view.

FIG. 7 is a top plan view thereof; and,

FIG. 8 is a bottom plan view thereof.
