[57] CLAIM

The ornamental design for hockey stick having two wood veneers on opposed wide sides and composite cloth exposed on remaining sides, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a hockey stick having two wood veneers on opposed wide sides and composite cloth exposed on remaining sides showing my new design. FIG. 2 is a side view thereof both sides being a mirror image of each other. FIG. 3 is a rear view thereof. FIG. 4 is a top view thereof. FIG. 5 is a bottom view thereof; and, FIG. 6 is a perspective view thereof. The broken lines showing the blade and end cap are for illustrative purposes only and form no part of the claimed design.
