### [57] CLAIM

The ornamental design for a sink, as shown and described.

### DESCRIPTION

FIG. 1 is a right, top, front perspective view of a sink embodying our new design;

FIG. 2 is a top plan view thereof;

FIG. 3 is a front elevational view thereof, the rear elevational view being identical to the front elevational view shown;

FIG. 4 is a right side elevational view thereof, the left side elevational view being a mirror image of the right side shown;

FIG. 5 is a cross-sectional view taken along line 5—5 of FIG. 2; and,

FIG. 6 is a cross-sectional view taken along line 6—6 of FIG. 2.

The broken line representation of holes in FIGS. 1, 2, and 6 is for the purpose of illustration only, and forms no part of the claimed design.

A characteristic feature of our claimed design resides in a generally rectangular, elevated rear mounting ledge extending from side to side along the back of the basin.
