[57] CLAIM

The ornamental design for arm warmers, as shown and described.

DESCRIPTION

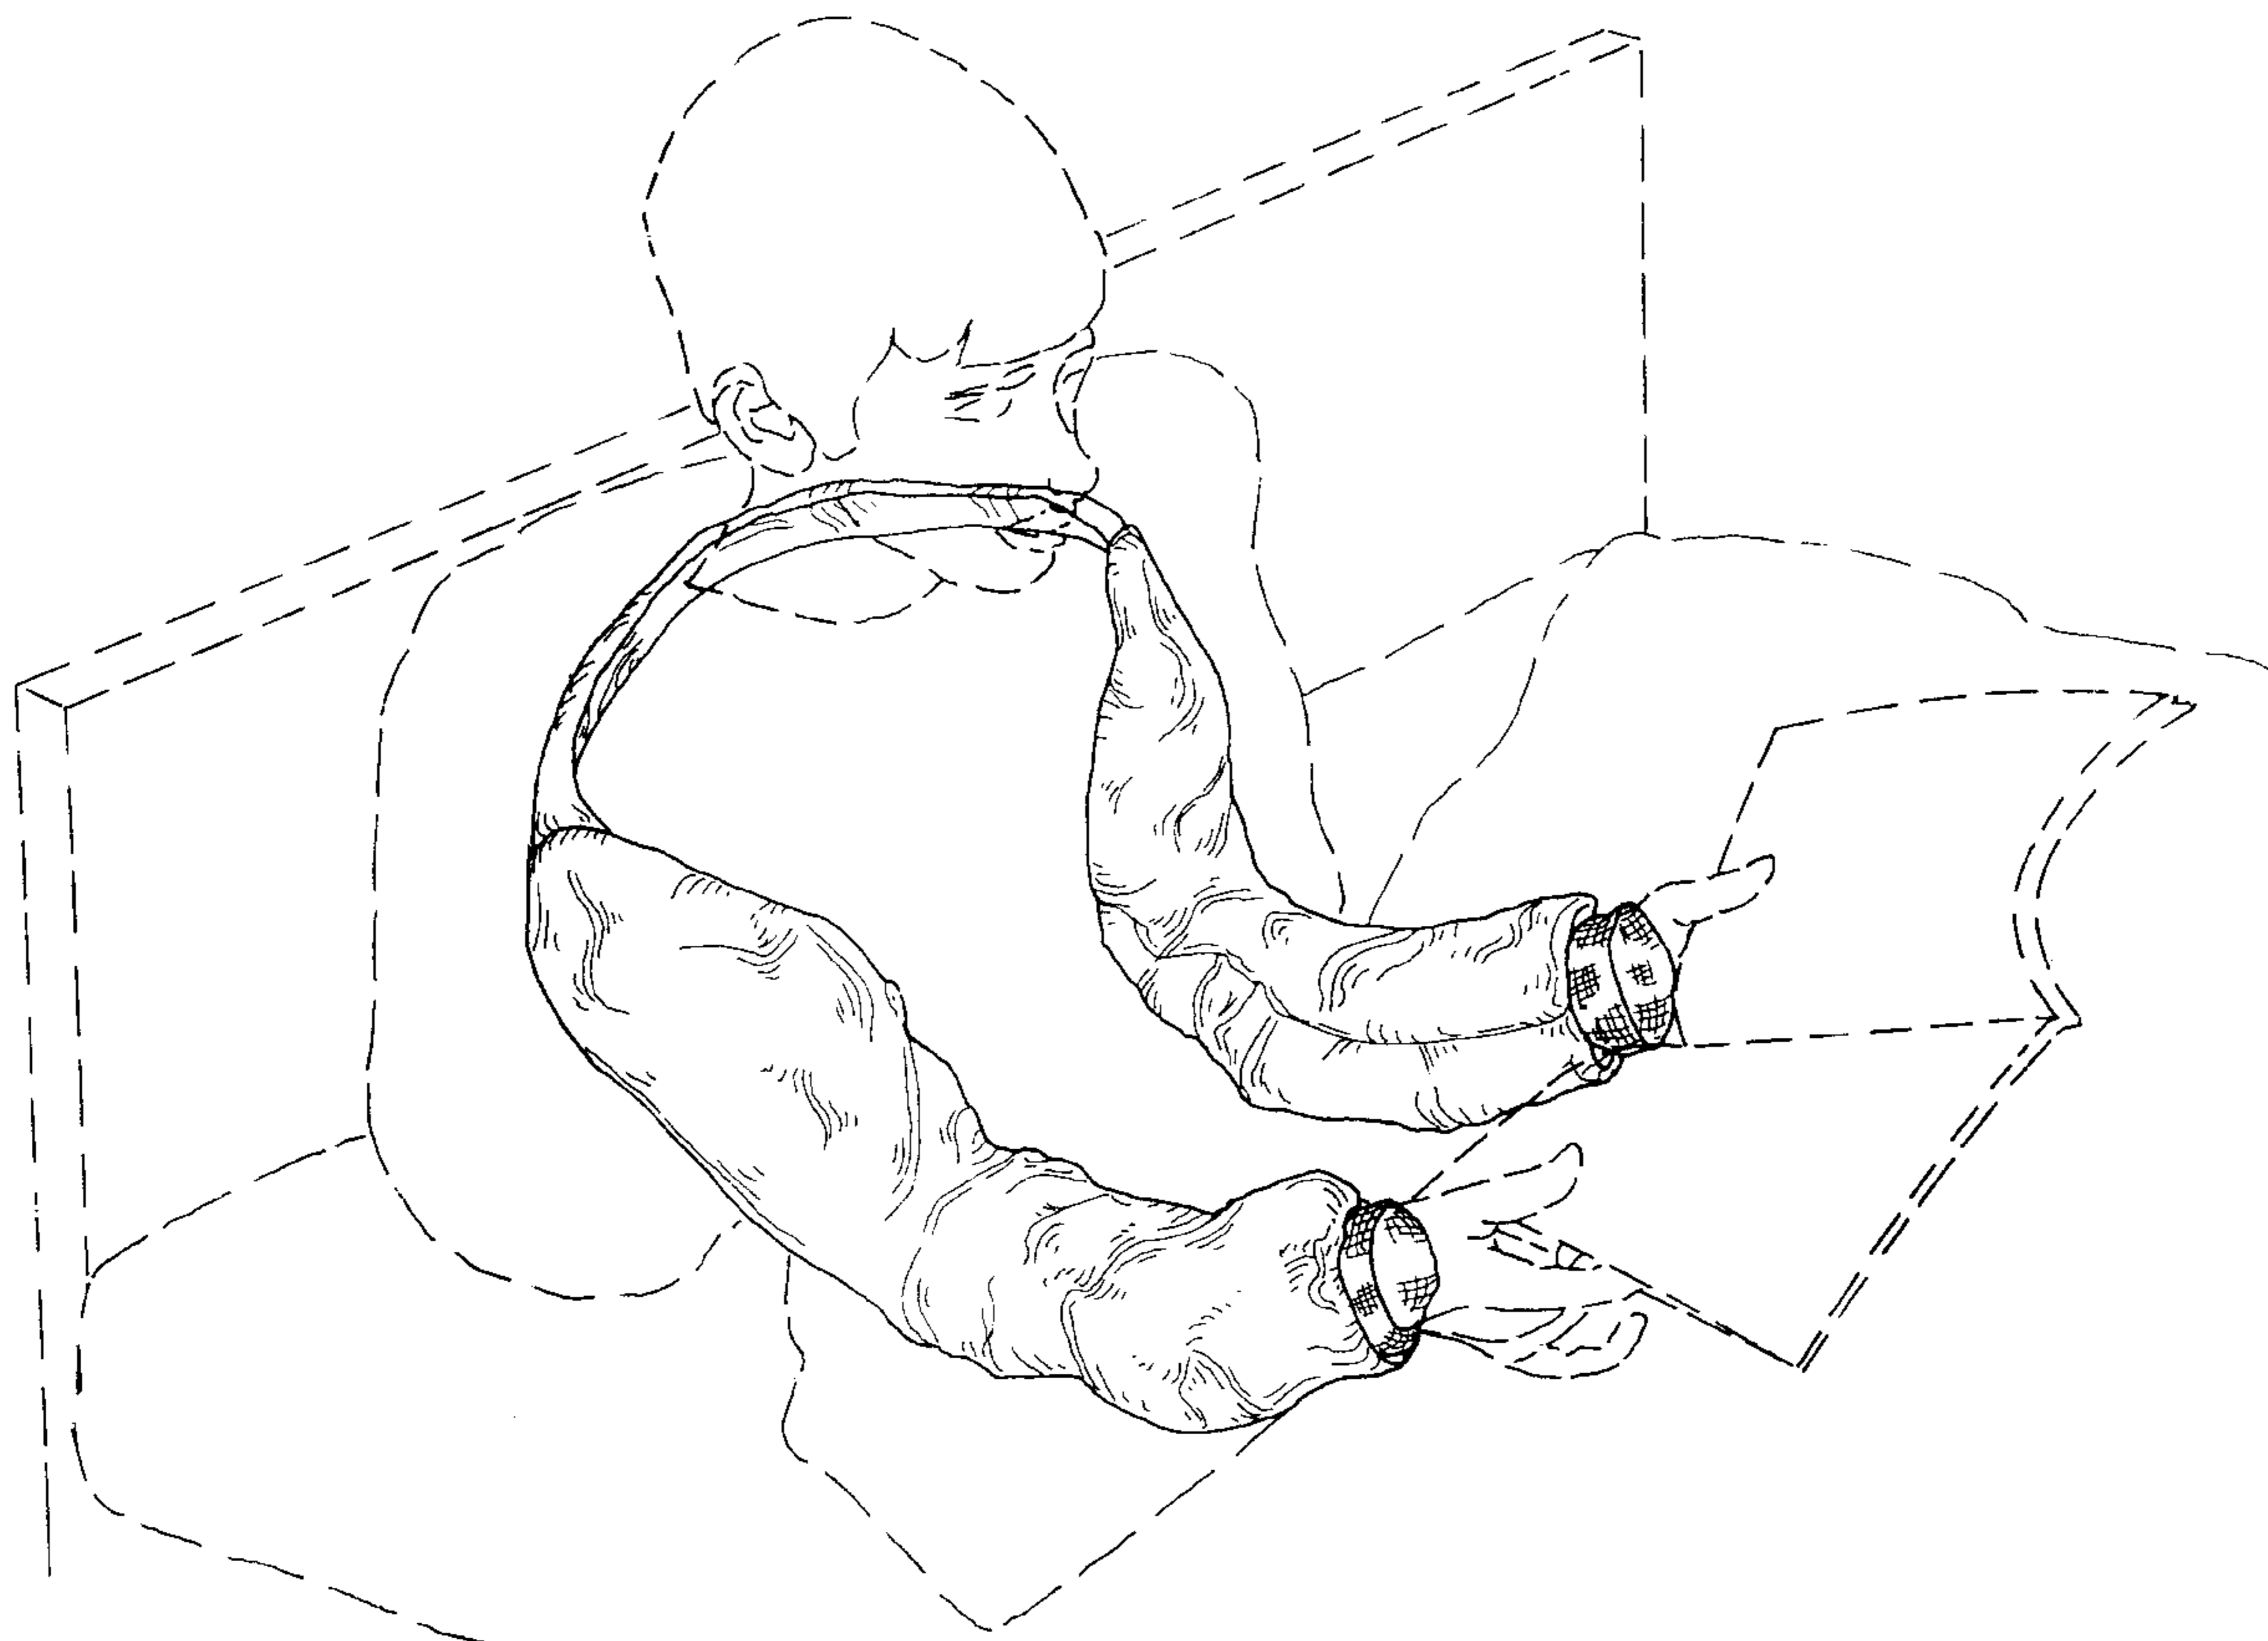

FIG. 1 is a perspective view of arm warmers showing my new design in condition of use;
FIG. 2 is a front view thereof; and,
FIG. 3 is a rear view thereof.

The fragmentary cris-cross pattern shown on the cuffs of the arm warmers in the drawing is understood to represent fabric and is repeated uniformly throughout the areas shown.

The broken line showing of a human figure in bed and a book is for illustrative purposes only and forms no part of the claimed design.
