[57] CLAIM
The ornamental design for seat, as shown and described.

DESCRIPTION

FIG. 1 is a right front perspective view of a seat showing my new design;
FIG. 2 is a left partial perspective view of the inside arm thereof;
FIG. 3 is a side elevational view thereof;
FIG. 4 is a top plan view thereof;
FIG. 5 is a rear elevational view thereof;
FIG. 6 is a front elevational view thereof;
FIG. 7 is a rear perspective view thereof in association with a second seating unit that is shown in broken lines for illustrative purposes, the second seating unit forming no part of the claimed design; and,
FIG. 8 is a left front perspective view thereof in association with two additional seating units that are shown in broken lines for illustrative purposes, the two additional section units forming no part of the claimed design.

The bottom and right side elevational view of the design is not shown and forms no part of the claimed design. The dashed lines near the seems in the seat represent conventional stitching. The dotted lines at the feet represent environment elements only and form no part of the claimed design. The seat shown can appear in conjunction with other like or unlike elements to form a single seat, loveseat, sofa or sectional piece of furniture.
