[57] **CLAIM**
The ornamental design for a gemstone setting for a finger ring, as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a gemstone setting for

a finger ring showing my new design, the rear elevational view being symmetrical;
FIG. 2 is a left side elevational view, the right side elevational view being symmetrical;
FIG. 3 is a left side elevational view of a gemstone setting for a finger ring showing a second embodiment of my new design;
FIG. 4 is a front elevational view of a gemstone setting for a finger ring showing a third embodiment of my new design, the rear side elevational view being symmetrical;
FIG. 5 is a left side elevational view of FIG. 4, the right side elevational view being symmetrical;
FIG. 6 is a left side elevational view of a gemstone setting for a finger ring showing a fourth embodiment of my new design, the right side elevational view being symmetrical;
FIG. 7 is a front elevational view of a gemstone setting for a finger ring showing a fifth embodiment of my new design, the rear side elevational view being symmetrical;
FIG. 8 is a perspective of FIG. 2;
FIG. 9 is a perspective view of FIG. 3; and,
FIG. 10 is a perspective view of FIG. 4.
The broken line showing of environmental structure in the drawings forms no part of the claimed design.
