[57] **CLAIM**

The ornamental design for a pop-up display device, as shown and described.

DESCRIPTION

FIG. 1 shows a front view of an exemplary embodiment of a pop-up display device in a closed position according to the present invention, the rear view is a mirror image thereof; and, FIG. 2 shows a perspective view of the device in an open position. The broken lines are shown for illustrative purposes only and form no part of the claimed design.
