[57] CLAIM

The ornamental design of a ventilated twist-type fluorescent
tube lamp assembly with incandescent lamp socket adapter,
as shown and described.

DESCRIPTION

FIG. 1 is a front elevational view of a ventilated twist-type
fluorescent tube lamp assembly with incandescent lamp
socket adapter, the rear elevational view being substantially
a mirror image thereof showing the new design;
FIG. 2 is a top view thereof;
FIG. 3 is a bottom view thereof; and,
FIG. 4 is a right side elevational view thereof, the left side
elevational view being identical thereto.
