## [57] CLAIM

The ornamental design for a surge protector, as shown and described.

## DESCRIPTION

FIG. 1 is a top, front, and right perspective view of the first embodiment of a surge protector according to the present invention;

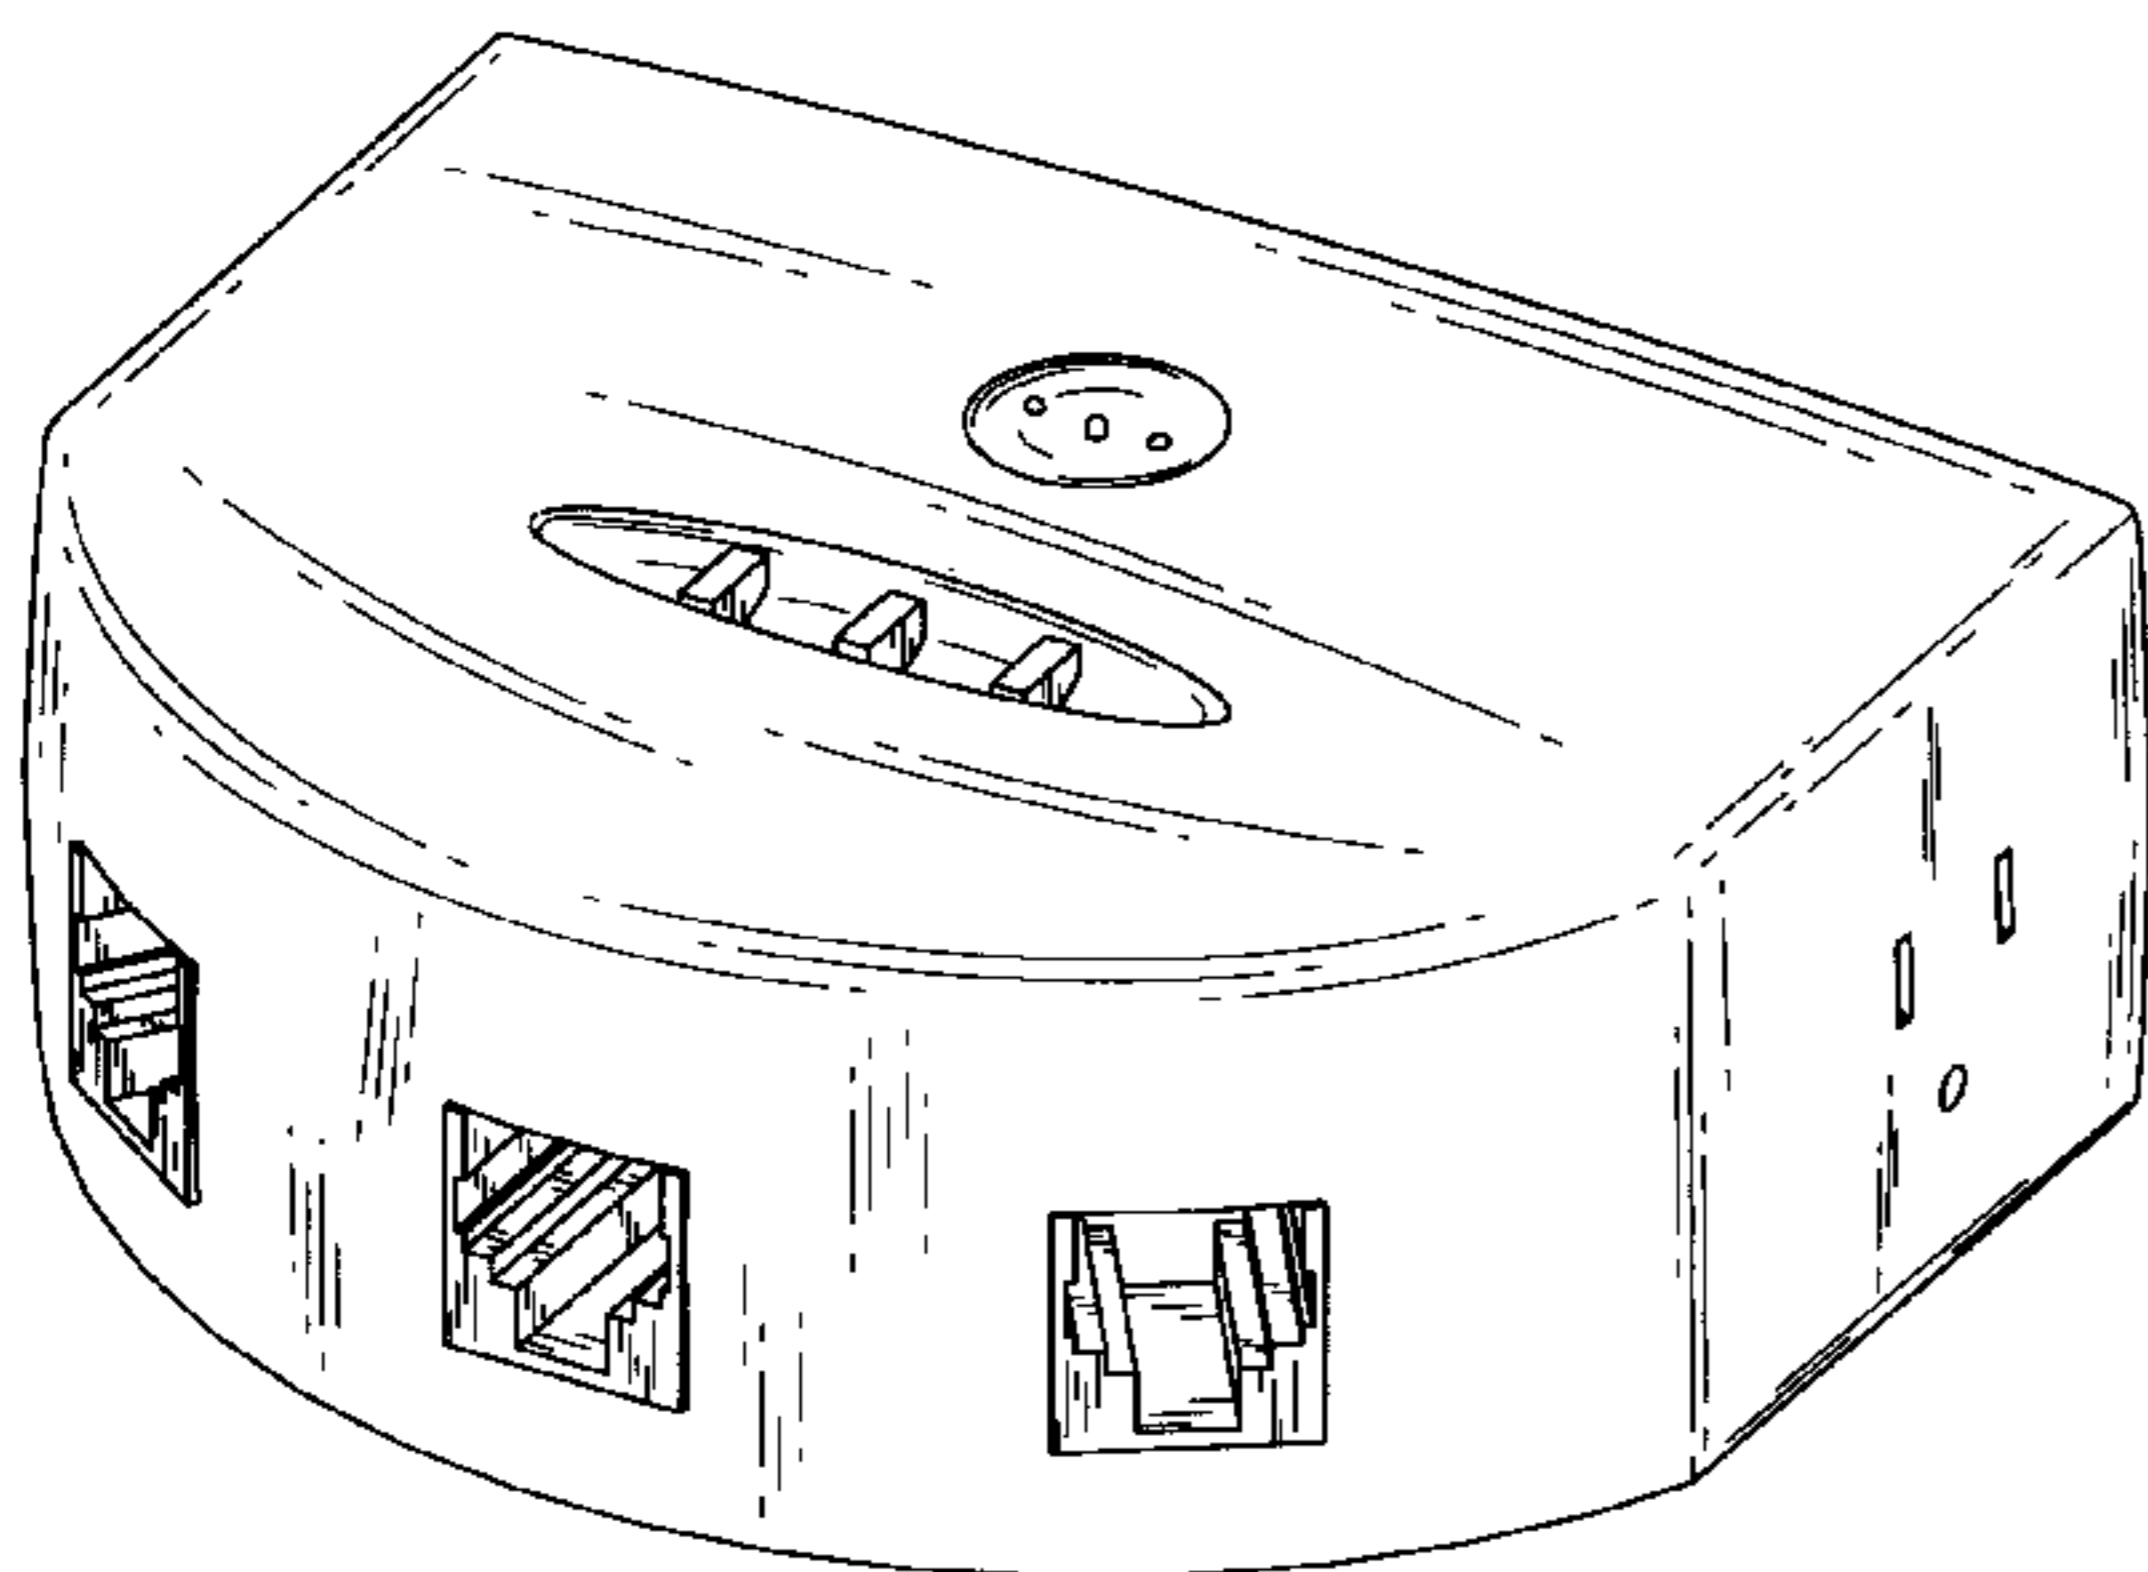

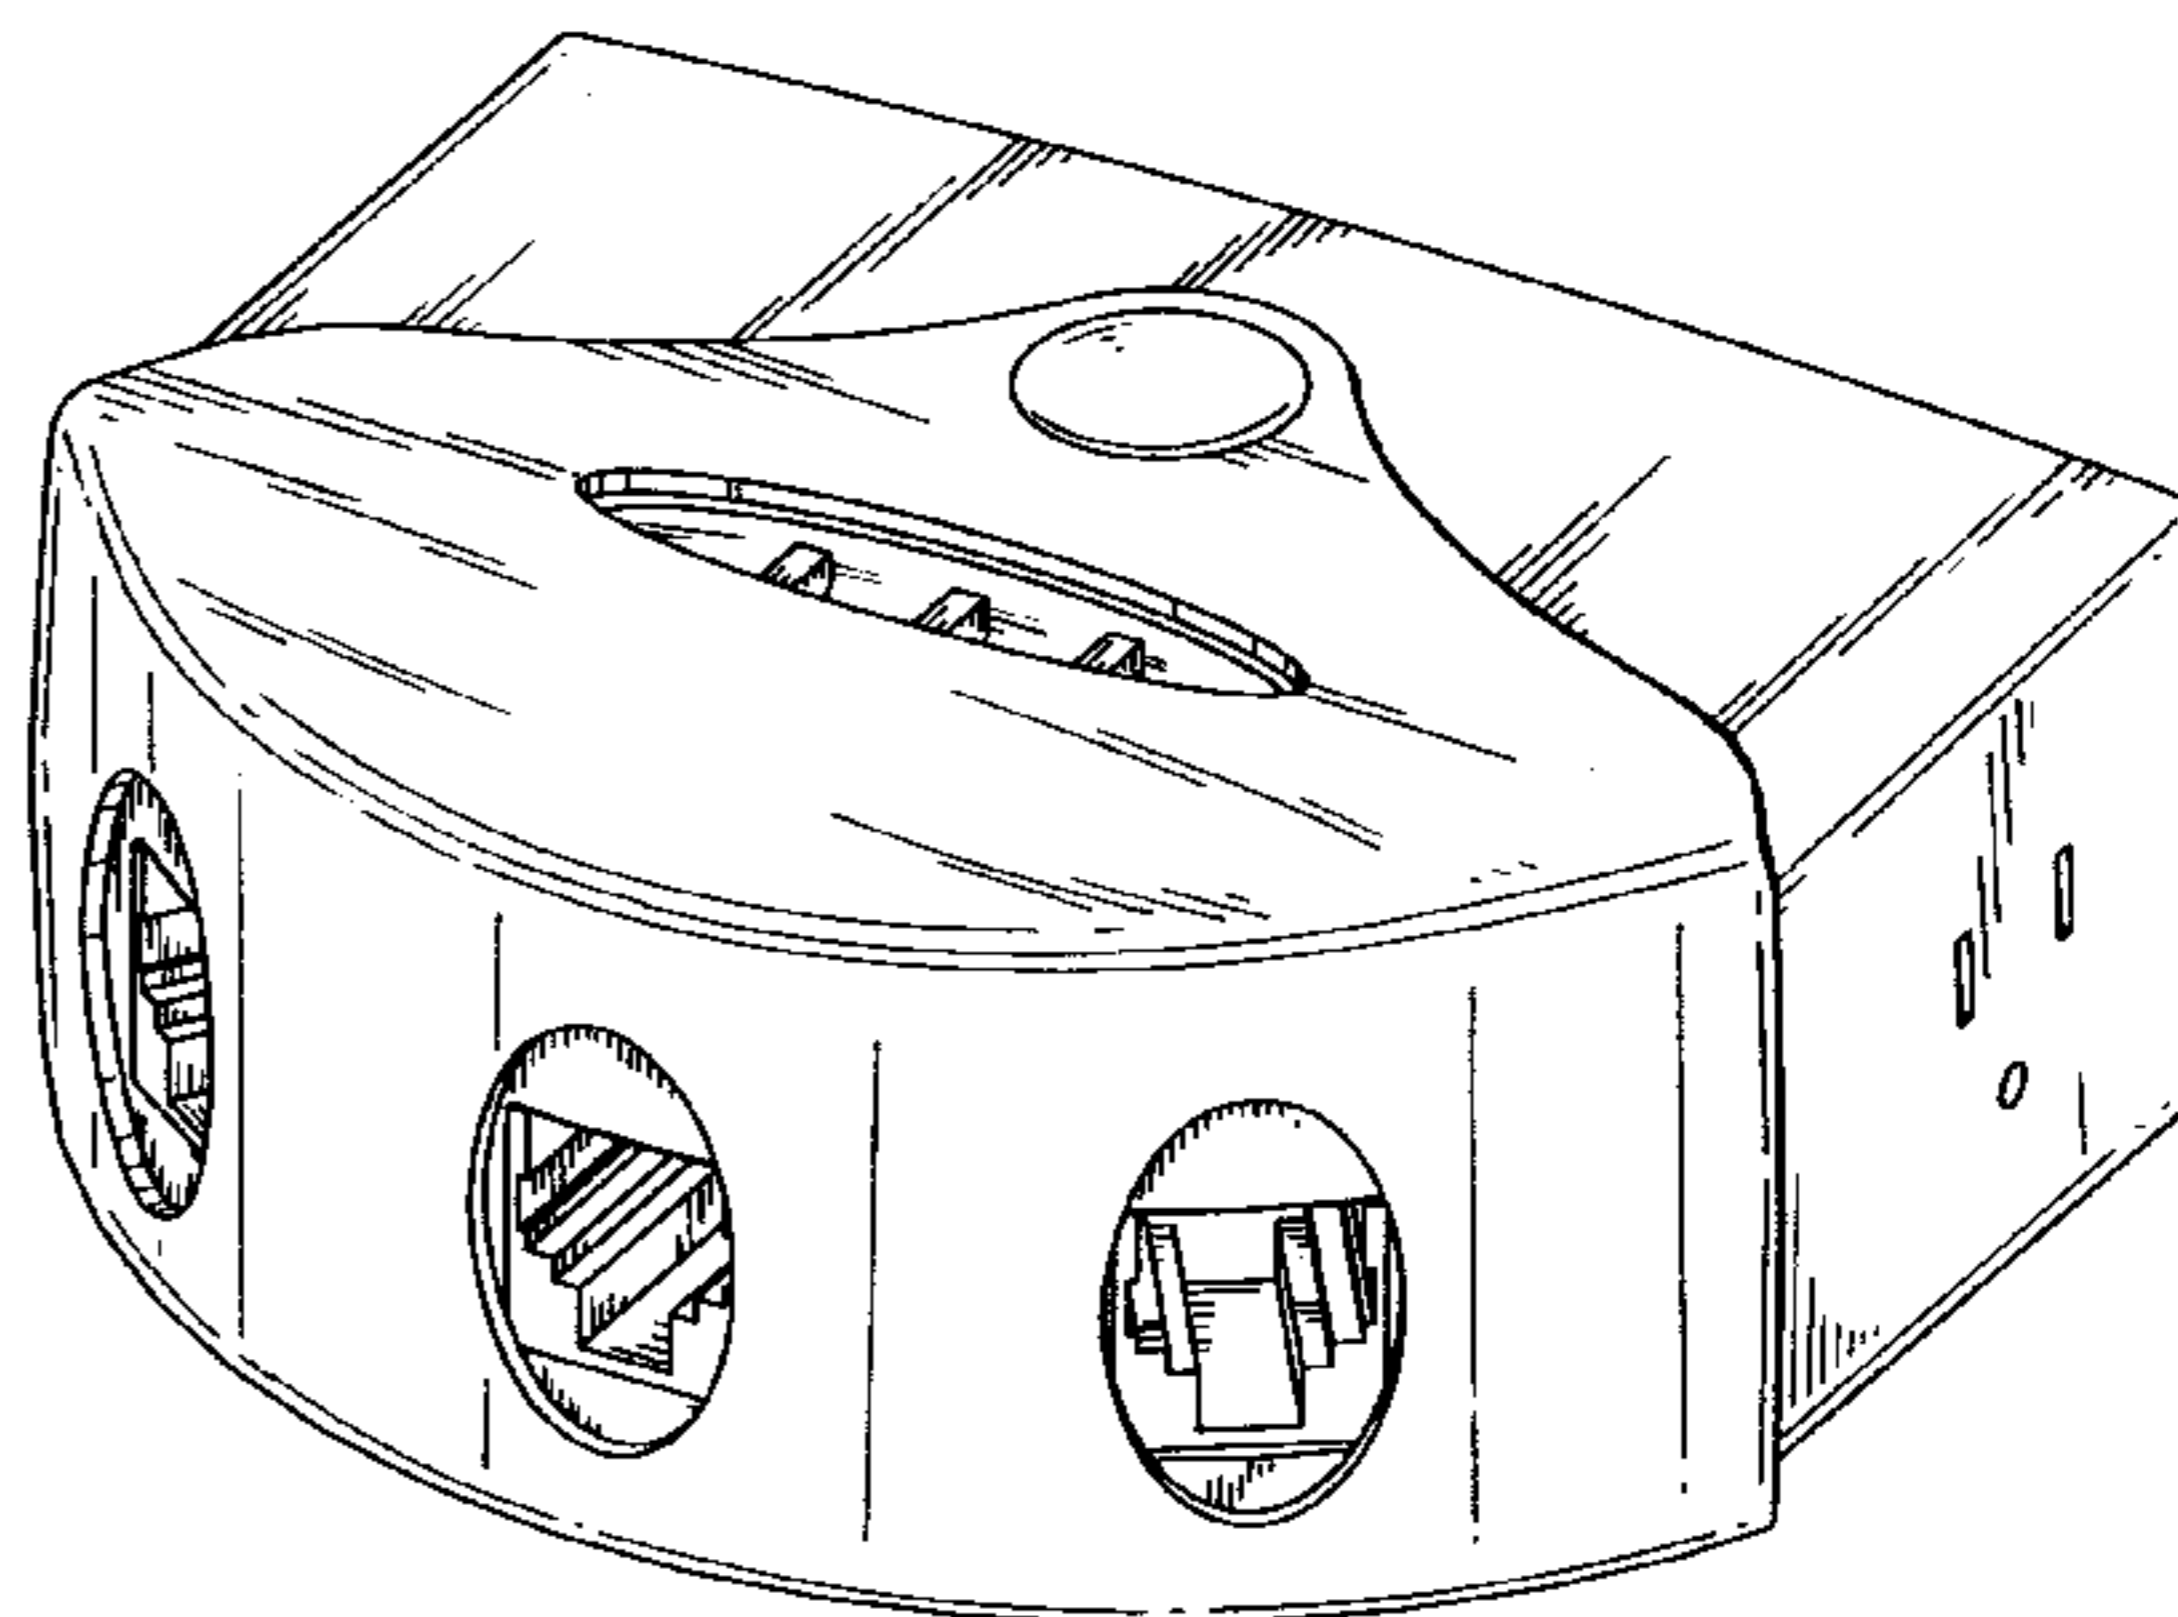

FIG. 2 is a top view thereof;  
 FIG. 3 is a bottom view thereof;  
 FIG. 4 is a left side elevational view thereof, the right side elevational view being a mirror image thereof;  
 FIG. 5 is a front elevational view thereof;  
 FIG. 6 is a rear elevational view thereof;  
 FIG. 7 is a top, front, and right perspective view of the second embodiment of a surge protector with a pivotable cover element according to the present invention, the cover element being shown in a position over the front end of the surge protector;  
 FIG. 8 is a top view of the surge protector with cover element of FIG. 7;  
 FIG. 9 is a bottom view of the surge protector with cover element of FIG. 7;  
 FIG. 10 is a left side elevational view of the surge protector with cover element of FIG. 7, the right side elevational view being a mirror image thereof;  
 FIG. 11 is a front elevational view of the surge protector with cover element of FIG. 7;  
 FIG. 12 is a rear elevational view of the surge protector with cover element of FIG. 7;  
 FIG. 13 is a top, rear, and left perspective view of the third embodiment of a surge protector with the cord reel accessory mounted on the surge protector, the cord on the cord reel accessory being shown in broken lines and therefore not constituting a part of the claimed design;  
 FIG. 14 is a top, rear, and left perspective view of the fourth embodiment of a surge protector with the cord reel accessory mounted on the surge protector; the pivotable cover element shown in position over the cord reel accessory and the cord on the cord reel accessory being shown in broken lines and therefore not constituting a part of the claimed design; and,  
 FIG. 15 is a top, rear, and left perspective view of the fourth embodiment of a surge protector with the pivotable cover element being shown in a position over the front end of the surge protector; the cord on the cord reel accessory being shown in broken lines and therefore not constituting a part of the claimed design.

The surfaces or portions of the article not shown in the drawing or described in the specification form no part of the claimed design.
