[57] **CLAIM**

The ornamental design for a doll stand, as shown and described.

DESCRIPTION

The single FIGURE is a top, front and left side perspective view of a doll stand showing my new design.

The bottom of the doll stand that is not shown in the drawings does not form part of the claimed design.

The portions of the front and the portions of the left side of the doll stand that are not visible in the drawing are mirror images of the portions of the front and left sides that are shown. The rear of the doll stand is identical to the front, and the right side of the doll stand is identical to the left side.
