### CLAIM

[57] I claim the ornamental design for a display/support stand, as shown and described.

### DESCRIPTION

FIG. 1 is a front left perspective view of a first embodiment of a display/support stand embodying my new design, the display/support stand being alternatively orientable with its rear side facing frontwardly.

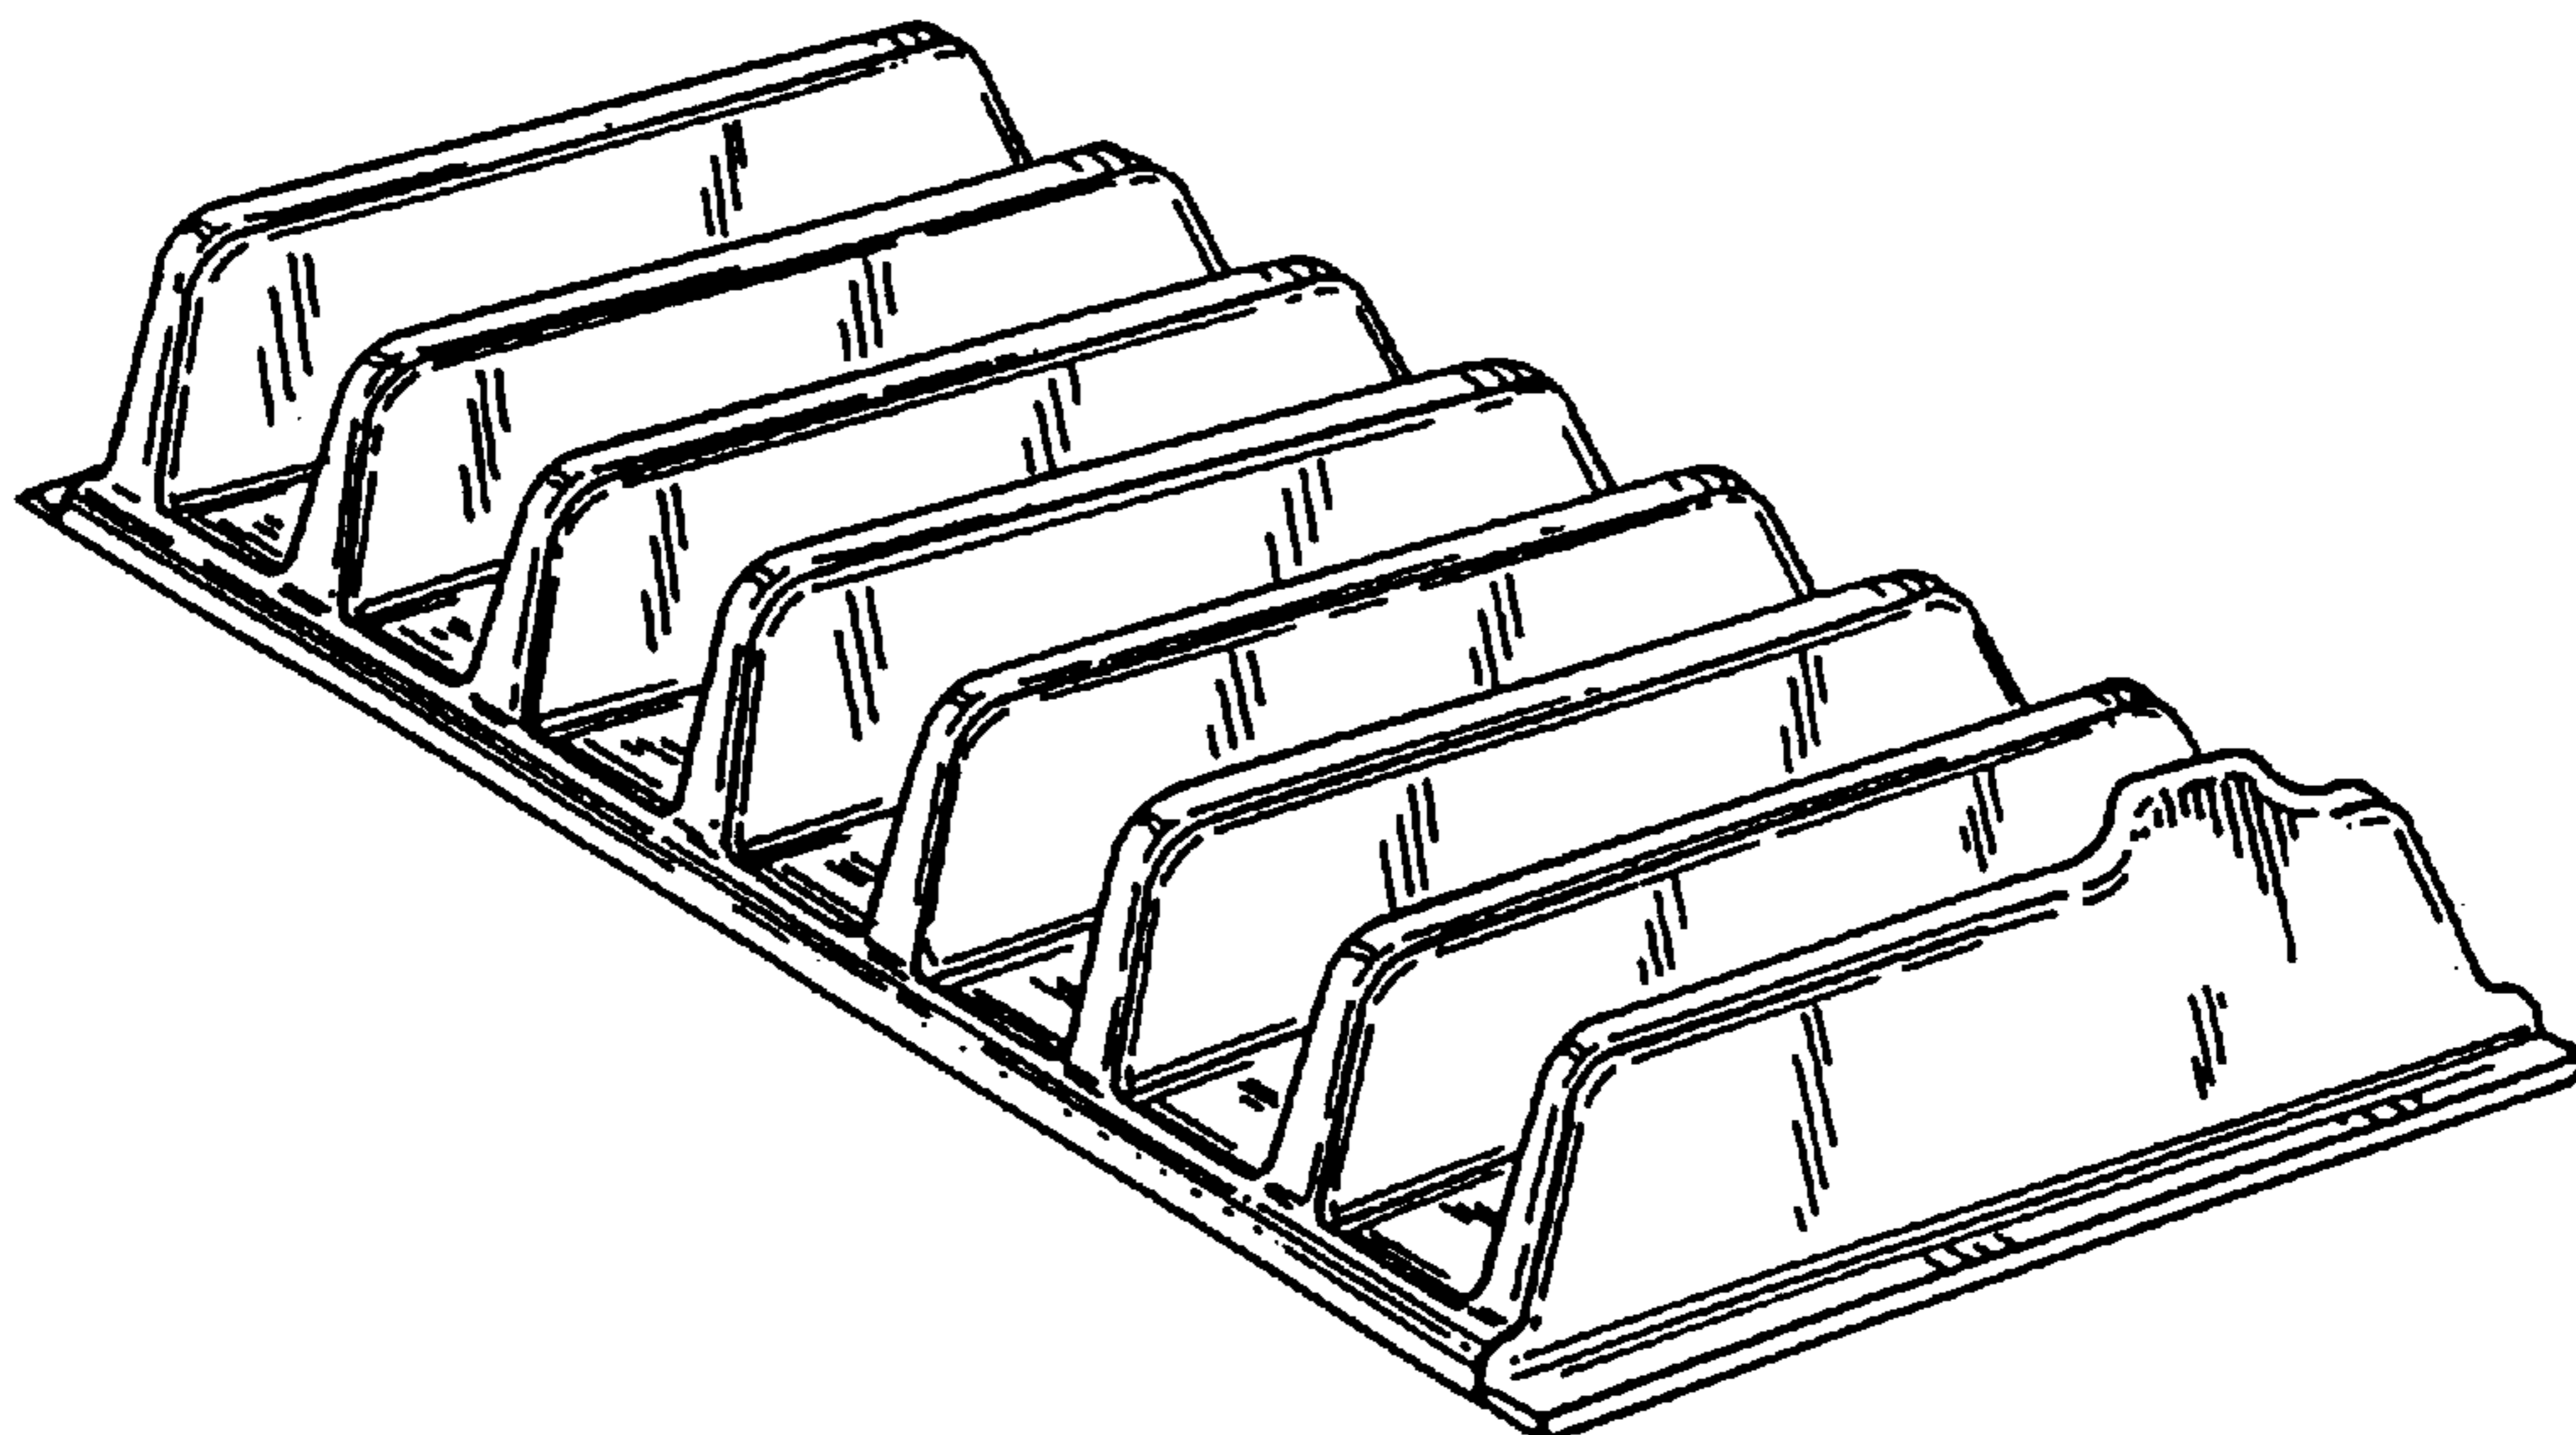

FIG. 2 is a front elevational view of the display/support stand shown in FIG. 1.

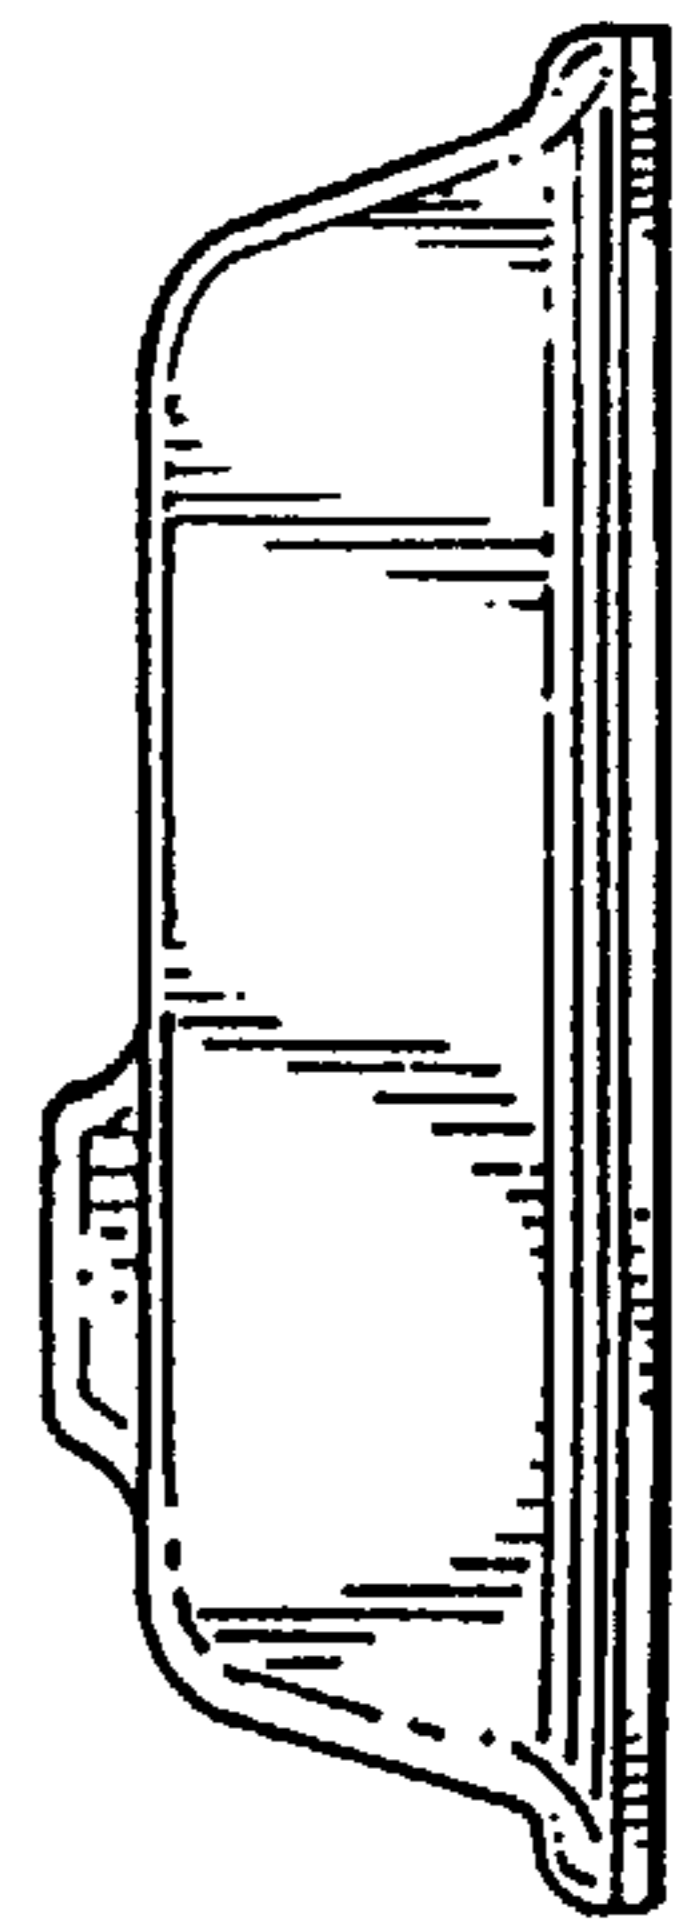

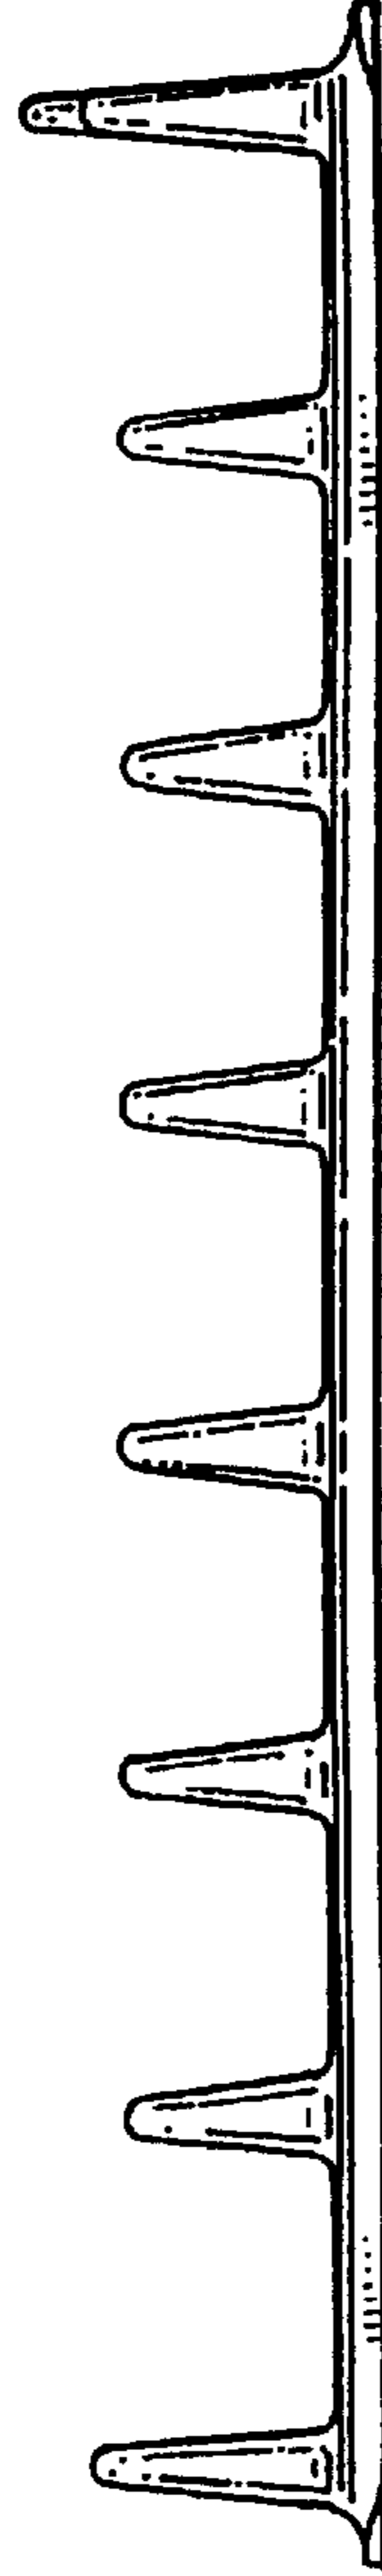

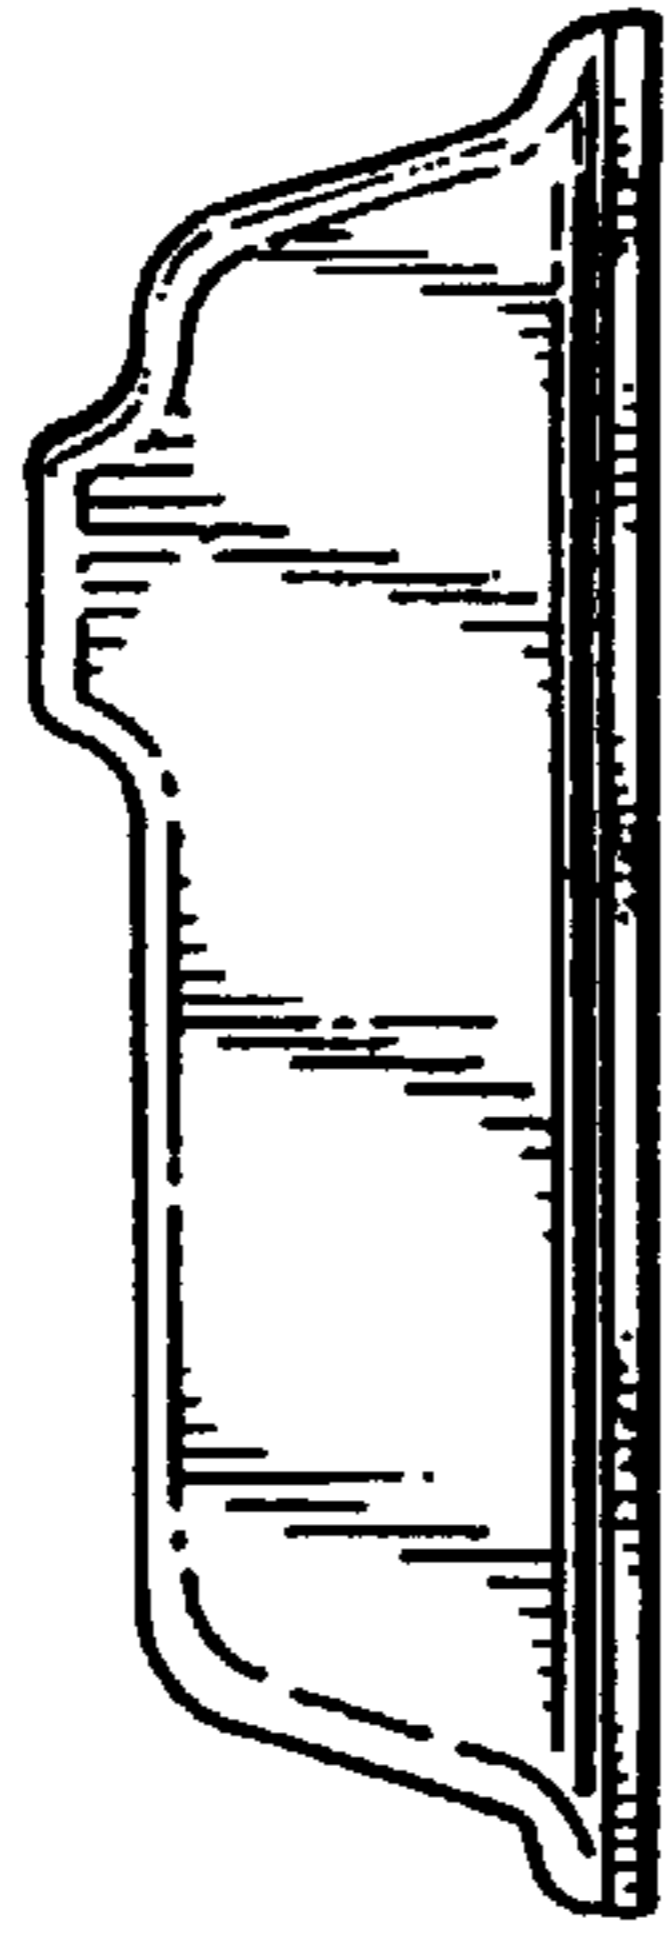

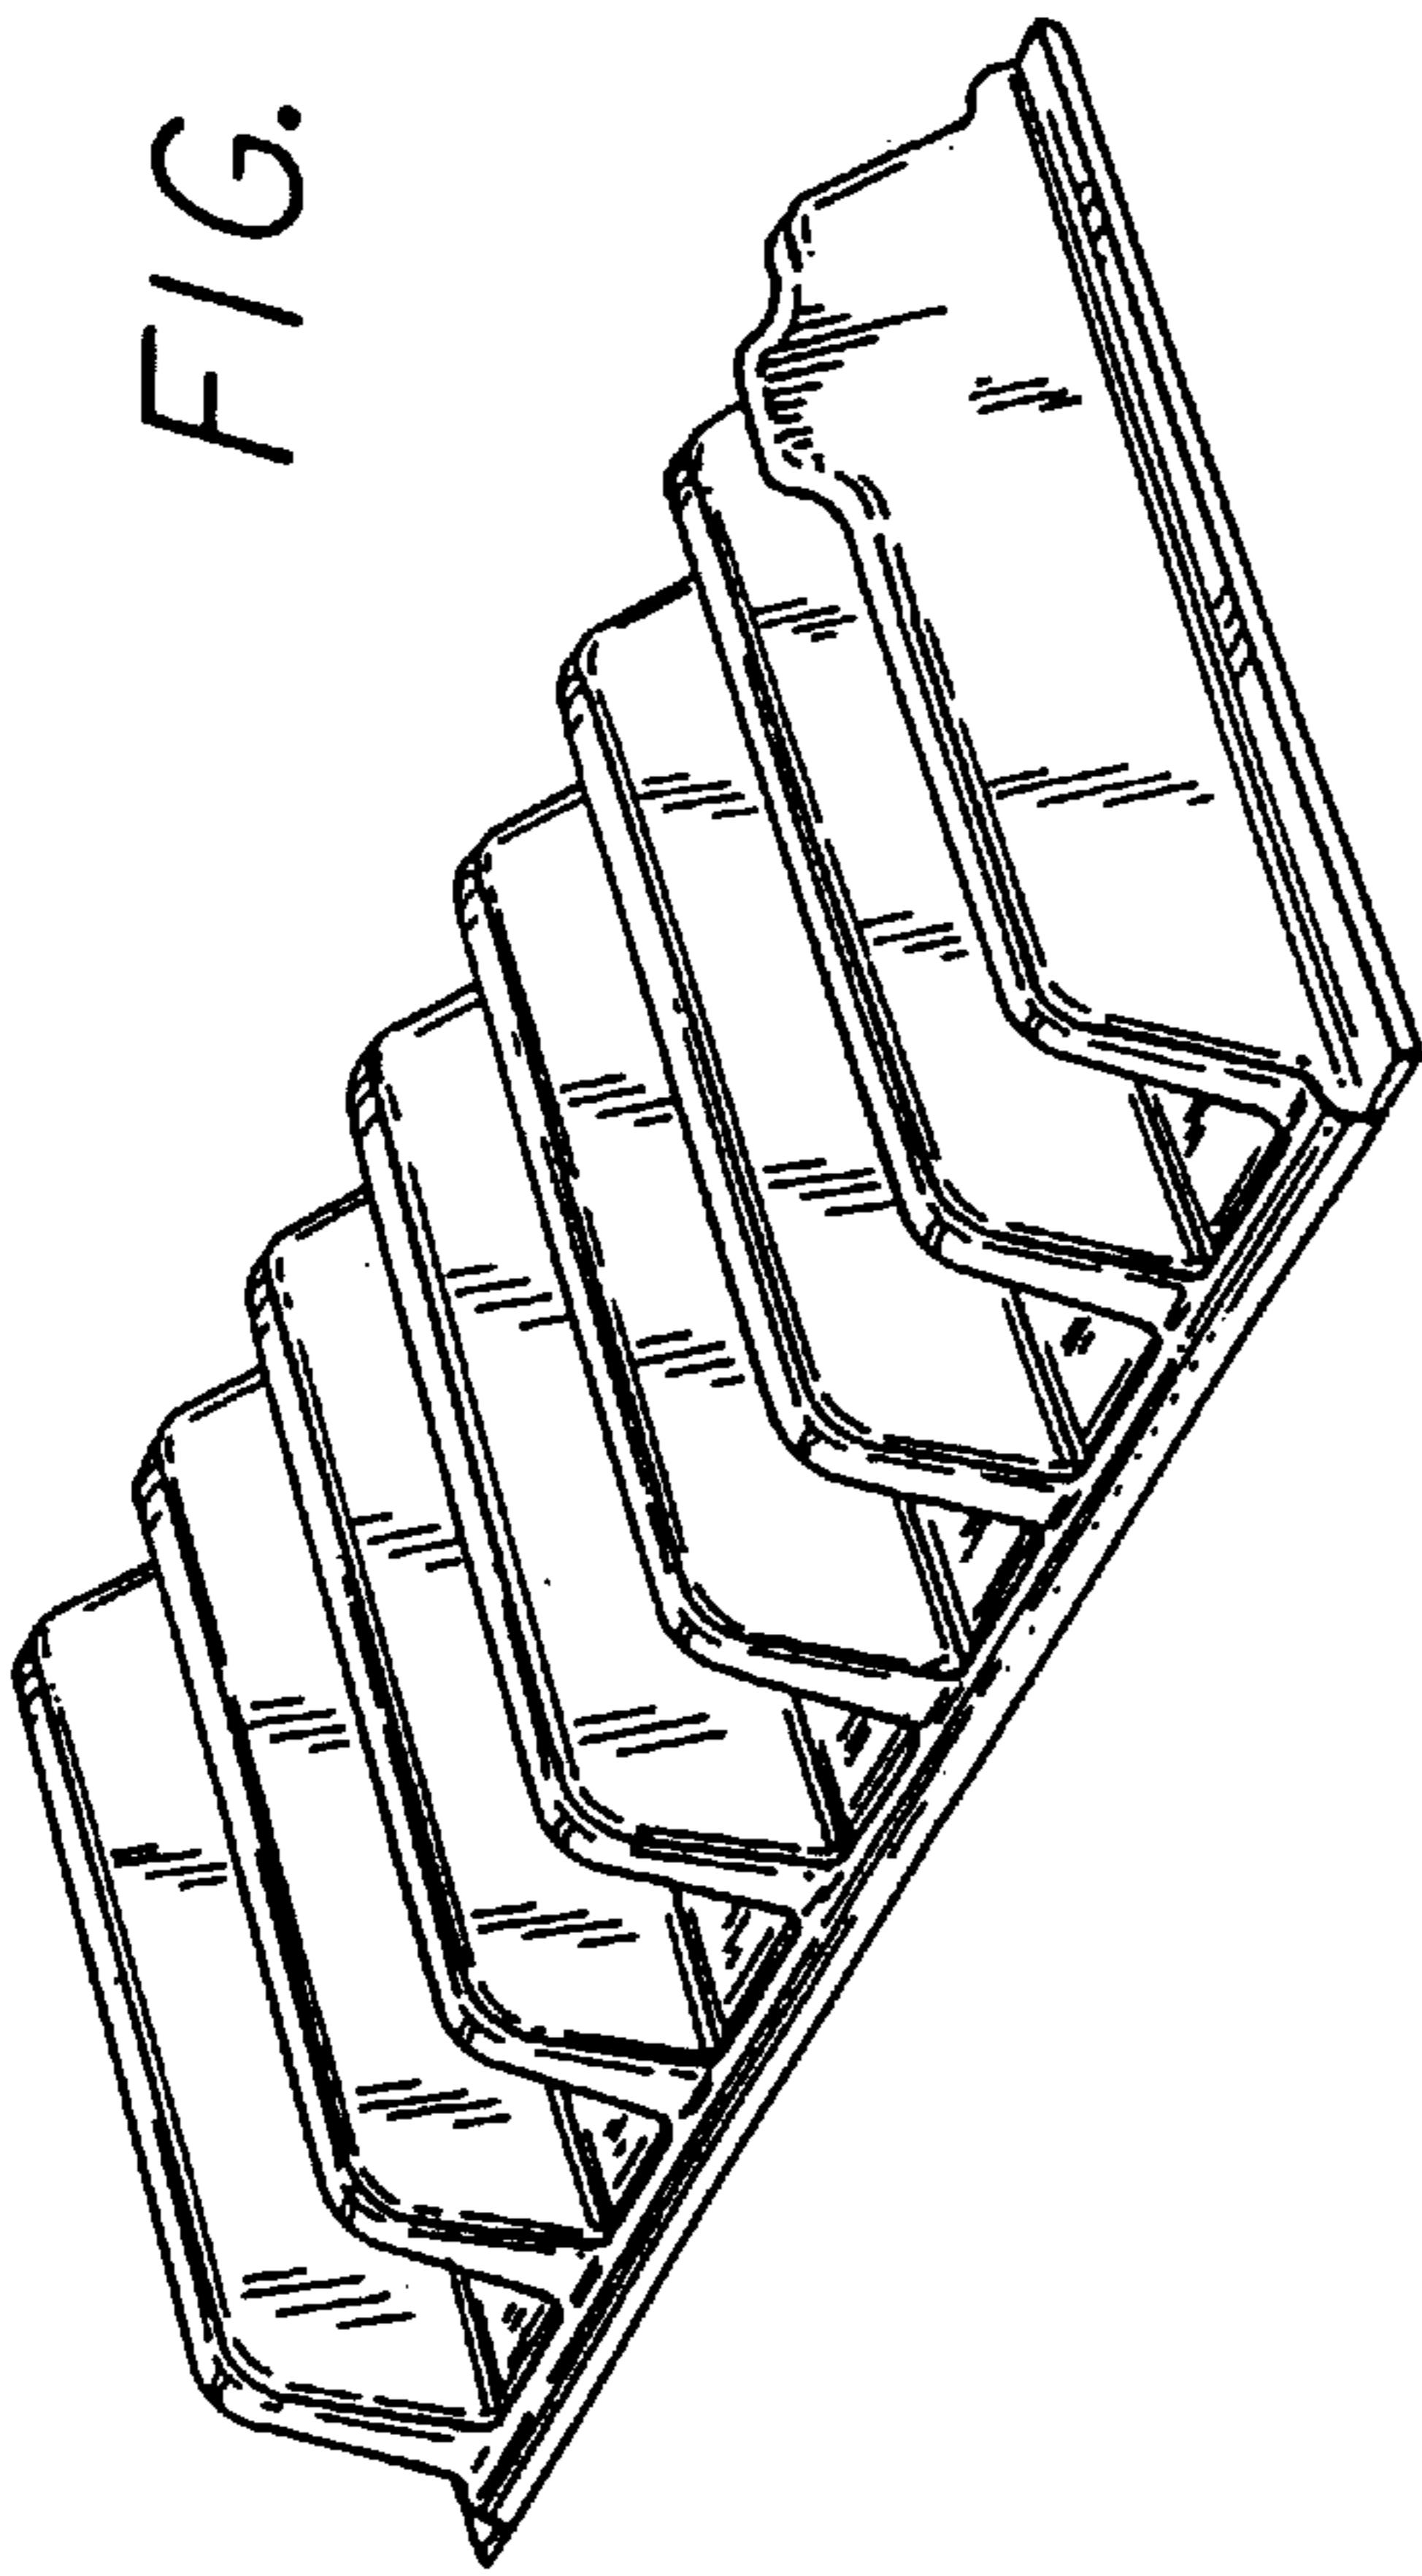

FIG. 3 is a right side elevational view of the display/support stand shown in FIG. 1, which is a mirror image of the left side elevational view.

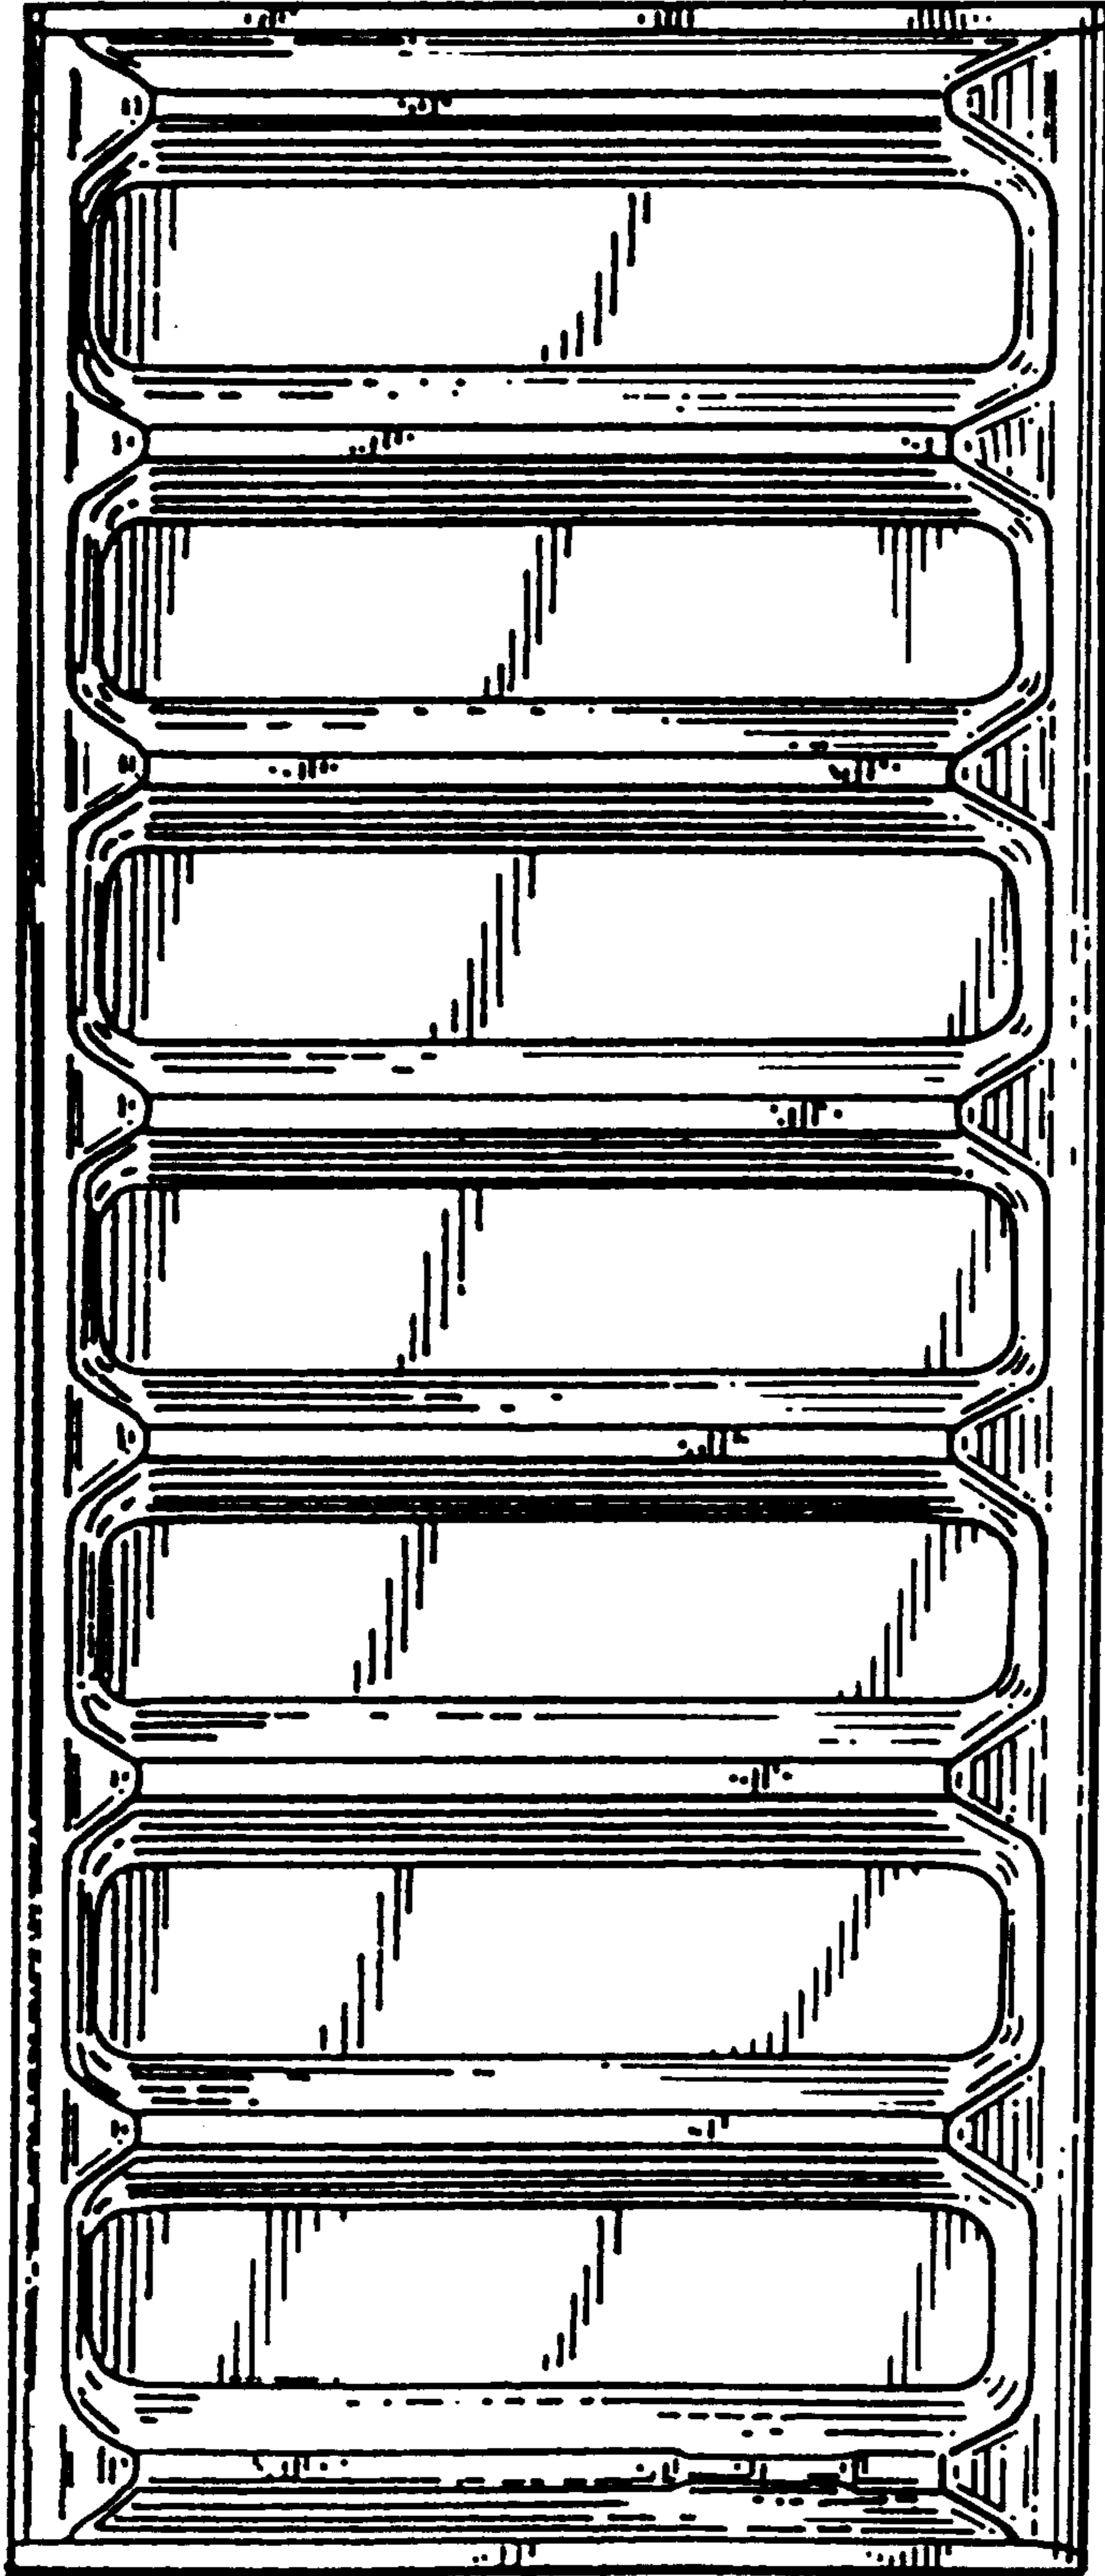

FIG. 4 is a rear elevational view of the display/support stand shown in FIG. 1; and,

FIG. 5 is a top plan view of the display/support stand shown in FIG. 1.
