[57] **CLAIM**

The ornamental design for a surface mount box, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a surface mount box showing our new design;

FIG. 2 is a front elevational view thereof;

FIG. 3 is a back elevational view thereof;

FIG. 4 is a right elevational side view thereof;

FIG. 5 is a left elevational side view thereof;

FIG. 6 is a top plan view thereof;

FIG. 7 is a bottom plan view thereof;

FIG. 8 is a perspective view of a second embodiment of a surface mount box showing our new design;

FIG. 9 is a front elevational view of the second embodiment;

FIG. 10 is a back elevational view of the second embodiment;

FIG. 11 is a right elevational side view of the second embodiment;

FIG. 12 is a left elevational side view of the second embodiment;

FIG. 13 is a top plan view of the second embodiment; and,

FIG. 14 is a bottom plan view of the second embodiment.

The rear internal portions shown in broken lines are not visible from the front, and are not part of our design.
