[57] CLAIM

The ornamental design for a support pad, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a support pad, showing our new design broken away to indicate indeterminate width; FIG. 2 shows a top planar view thereof without a break-away to show a representative example; FIG. 3 is a right side elevational view (the left side being the same); FIG. 4 is a bottom plan view; FIG. 5 is an end elevational view of the closer end of FIG. 1; FIG. 6 is an end elevational view of the other end in FIG. 1; and, FIG. 7 is an enlarged view of the ghost line circle region shown in FIG. 1.
