[57] **CLAIM**

The ornamental design for an exterior surface configuration of a quarter fender for a truck, as shown and described.

**DESCRIPTION**

FIG. 1 is a perspective view of an exterior surface configuration of a quarter fender for a truck showing our new design, which is suitable for use on the left side of a truck; FIG. 2 is a rear view thereof; FIG. 3 is a left side view thereof; FIG. 4 is a top view thereof; and, FIG. 5 is a perspective view of an exterior surface configuration of a quarter fender for a truck showing a second embodiment of our new design, which is suitable for use on the right side of a truck. The second embodiment is identical to that in FIGS. 1-4, except it is mirror symmetrical. The flanges shown in broken lines are for illustrative purposes only and form no part of the claimed design.
