[57] **CLAIM**

The ornamental design for a concave faceted connector shell, as shown and described.

A portion of the disclosure of this patent document contains material to which a claim for copyright is made. The copyright owner has no objection to the facsimile reproduction by anyone of the patent document or the patent disclosure, as it appears in the Patent and Trademark Office patent file or records, but reserves all other copyright rights whatsoever.

FIG. 1 is a top view of the concave faceted connector shell according to the present invention.

FIG. 2 is a bottom view of the concave faceted connector shell shown in FIG. 1.

FIG. 3 is a left side view of the concave faceted connector shell shown in FIG. 1.

FIG. 4 is a right side view of the concave faceted connector shell shown in FIG. 1.

FIG. 5 is a front view of the concave faceted connector shell shown in FIG. 1.

FIG. 6 is a back view of the concave faceted connector shell shown in FIG. 1; and,

FIG. 7 is a perspective view of the concave faceted connector shell shown in FIG. 1.

The portion of the connector indicated by the dotted lines forms no part of the design according to the present invention.
