[57] CLAIM

The ornamental design for an in line three-position battery cable termination with auxiliary studs, as shown and described.

DESCRIPTION

FIG. 1 is a top plan view of the first embodiment of the in line three-position battery cable termination with auxiliary studs, showing our new design,

Des. 434,373

FIG. 2 is a top plan view of a second embodiment of the in line three-position battery cable termination with auxiliary studs, showing our new design.

FIG. 3 is a top plan view of a third embodiment of the in line three-position battery cable termination with auxiliary studs, showing our new design.

FIG. 4 is a front elevational view of the first embodiment thereof,

FIG. 5 is a front elevational view of the second embodiment thereof,

FIG. 6 is a front elevational view of the third embodiment thereof,

FIG. 7 is a rear elevational view of the first embodiment thereof,

FIG. 8 is a rear elevational view of the second embodiment thereof,

FIG. 9 is a rear elevational view of the third embodiment thereof,

FIG. 10 is a left end elevational view of the first embodiment thereof,

FIG. 11 is a left end elevational view of the second embodiment thereof,

FIG. 12 is a left end elevational view of the third embodiment thereof,

FIG. 13 is a right end elevational view of the first embodiment thereof,

FIG. 14 is a right end elevational view of the second embodiment thereof,

FIG. 15 is a right end elevational view of the third embodiment thereof,

FIG. 16 is a bottom plan view of the first embodiment thereof,

FIG. 17 is a bottom plan view of the second embodiment thereof; and,

FIG. 18 is a bottom plan view of the third embodiment thereof.

The broken line showing throughout the drawings is included for the purpose of illustrating environmental structure only and forms no part of the claimed design.
