[57] CLAIM

The ornamental design for a front door assembly for a reverse vending machine, as shown and described.

DESCRIPTION

FIG. 1 is a front perspective view from one side of a front door assembly of a reverse vending machine; and,

FIG. 2 is a front perspective view from the other side of the front door assembly shown in FIG. 1.

The broken line depiction of background structure in FIGS. 1 and 2 is for illustrative purposes only and forms no part of the claimed design.
